He was Scott's and children treated successfully. No candidate. He was the fair(?) man who appointed all Simon judges and clerks of election two years ago in Multnomah county. The same has been done this year by this honest(?) county judge. The Gazette enquired why Mr. Northup should so favor Mr. Simon. The answer was given by a number of konest republicans that it was Mr. Simon's purpose to elect his ticket, by an honest count if that would suffice, by any methods under the sun if necessary. If this is true, and it has been openly charged, it would seem that the Oregonian was a bit extravagant

in its praises of Mr. Northup. The Gazette is not published in Multnomsh county, but it has an interest in political affairs, even in Multnomah county. It has an interest in promoting true republicanism, which can never be done by putting into office Mr. Simon's political machine, and therefore, with the good of the republican party at heart, this paper hopes to see W. M. Cake succeed Mr. Northup. He will do so unless Mr. Simon's judges and clerks are allowed to count him out,

THE Gazette notices that a few partisan papers are firing back and forth on the subject of governors, etc. This is disgusting. The Gazette believes that "Tall Tim" has the best of it on a count of noses, but his opponent is immensely popwe can. Misrepresentation will not bring them.
