KEEP ON, HARVEY.

It is useless for the Mitchell orators to keep up their brawl and howl about the "hold-up" of the legislature. Better by far the hold-up than misrepresentation of Oregon in the senate for another six years on the vital questions of the time. It was a hard remedy, but the people approve it; and for proof of their approval it will be found that J. H. Mitchell will never again sit in the senate of the United States.—Oregonian.

The resolution, introduced down at Astoria by delegate Barnes, of Washington county, denouncing the "hold-up," was tabled "for harmony's sake," we were informed on that occasion. Now we are told openly and brazenly by a sheet that purports to represent the republican organization in Oregon that the people approve it, and we suppose this means the republican party. The Gazette does not believe it, but coming from this high source, republicans will take this paper at its word and vote against a party that is said to be standing at the back of such an outrage.

The hold-up has been denounced in the United States senate in no uncertain terms. It was worse than anarchy. Joe Simon knew full well that the republican majority would elect Mr. Mitchell if it had an opportunity. To prevent the consummation of the desires of the party Mr. Simon organized some odds and ends of political parties with his pure (?) devotees of republicanism, who are his most servile tools, and there and then did prevent a permanent organization, or one that he would recognize as president of the senate. It appears that a two-thirds majority is required to perfect a permanent organization, if the strict statement of the state constitution is to be believed. Acting upon this, Mr. Simon's tools refused to go into the house and be sworn in, though a majority did organize and tried to do business. It was held then that a permanent organization was all that was necessary so far as the election of a senator is concerned, and this position has been confirmed by the statements and position of the committee that acted on the credentials of Mr. Corbett, Lord's senatorial appointee. But the legislature was close enough to prevent the selection of a senator, though there was no doubt of the proposed proceedings. Some did not think it proper to act under the circumstances and Simon saw that there was no permanent organization. No legislation was accomplished, no appropriations were made, in fact nothing was done. The people are now paying dearly for this act of Simon which the Oregonian says was "a hard remedy" but entirely proper. He says you like it and endorse it, and if you don't like it, what are you going to do about it? This is the position in which he chooses to place our party. It is being misrepresented, but before there can be any opportunity of setting the public aright the election will have come and gone and thousands will have voted against the republican party, as the "hold-up" gang, who would have ordinarily supported it.

If Harvey Scott isn't gagged he will wreck the whole republican party. It has a rotten management to carry, and with the Oregonian "hold-up" load, it is too much. For the sake of the principles of the republican party, keep Harvey quiet till the election is over.

Today is the birthday of Queen Victoria. "God save the queen."

Glance up at our county ticket and see if it is not just what it purports to be—one of the best tickets ever gotten out.

EVERY man who stood up for the hold-up last winter deserves to be rebuked by the voters. Kincaid was one of them.

THE DALLES TIMES-MOUNTAINEER got out a woman's edition on the 17th inst. In other words, the Mountaineer printed what a corps of lady editors compiled. It is a splendid number.

A LITTLE publication known as "The County Judge" is being circulated in Portland and elsewhere. It contains gems not found in the Oregonian.

IT LOOKS like the republicans would win this year, even with the handicap—Scott—Simon—Steel—Glass load to pack. Pretty good stuff in the republican party.

PROF. ACKERMAN is going to run well everywhere if the Gazette is to believe reports from all over the state. He is the republican candidate for state superintendent of schools.

A STRICT censorship on the news keeps the movements of the troops and warships away from the public. This is well. If this country knows what is occurring in detail, Europe will know all, and Spain will have no trouble in keeping away from a naval engagement.

THE Simon man who said that Simon and all his tools would be put into office through the vote of Multnomah county, whether elected or not, had better not count too soon. Simon has all the judges and clerks, but the strong arm of the law will be invoked to see that repeating and stuffed ballot boxes are not permitted. The people of Multnomah county are numerous outside of the Simon gang, and a fair election will be had even if it takes severe measures to get it.

THE state organization of the republican party is so woefully tied up to Simon as to be of no use whatever. Graham Glass, jr., secretary of the republican state central committee! What a joke!

SIMON'S hard work to defeat Tongue, Dunbar, Leeds and other republicans who do not bow down to the shrine of the boss is evident. The state central committee, of Steel and Glass, has shown its hand and it is a catapaw of Simon. If this does not work the defeat of the whole ticket it will be a wonder.

SIMON claims to be such a splendid gold standard man and the Oregonian indorses him. Wonder if the Oregonian ever saw the agreement that Simon signed in 1895, that if elected senator he would vote for the free and unlimited coinage of silver? Simon hasn't been such an earnest advocate of the gold standard as the Oregonian would have you believe.

THE republican party has everything in its favor this year and should win, but it has a terrible load to carry in this state. There is the odium clinging to it of having given a quiet endorsement to the Salem hold-up. It was on motion of McCamant, a Simon man, and at present the chairman of the congressional committee of the second district, that the resolution denouncing the hold-up was tabled at Astoria. This of itself is fearfully damaging. Then there is the cutting and knitting of the Simonites in this policy of rule or ruin. If the ticket survives it will be because of the grand principles behind it. The Gazette is afraid, however, that too many people feel that the party in this state needs a good laundering before it can be trusted with affairs. If this should prove to be the case, the blame will be attached where it belongs—to the Simonites.

THE COSTA RICAN counterfeiter. For months the Costa Rican counterfeiters have been issuing bogus notes of the government of the island until the amount, it is said, has reached \$1,000,000. Inspectors of the secret service bureau were chiefly instrumental in bringing the malefactors to justice. The efficiency of the secret service is undoubted, but it is by no means a secret, but a patent fact, that the service that Hostetter's Stomach Bitters does the weak, nervous and dyspeptic is of genuine value. There have been from time to time counterfeits of it, but the miniature note of hand on the label, and the vignette of St. George and the Dragon, are not successfully imitable. This tonic absolutely prevents and remedies malaria, rheumatism, liver complaint and dyspepsia.

SCROFULA.

One of America's most famous physicians says: "Scrofula is external consumption." Scrofulous children are often beautiful children, but they lack nerve force, strong bones, stout muscles and power to resist disease. For delicate children there is no remedy equal to Scott's Emulsion of Cod-liver Oil with Hypophosphites of Lime and Soda. It fills out the skin by putting good flesh beneath it. It makes the cheeks red by making rich blood. It creates an appetite for food and gives the body power enough to digest it. Be sure you get SCOTT'S Emulsion.

SCOTT'S Emulsion of Cod-liver Oil with Hypophosphites of Lime and Soda. SCOTT & BOWNE, Chemists, New York.

THE Oregonian fought Simon several years ago. He was then a very bad man.

THE Gazette thinks that the Simon-Northrup combination will be done up completely.

THE republican organization, as represented by George A. Steel and Graham Glass, jr., is a fake and a farce. The ticket will be sacrificed for Simon. Not a dollar will be expended on a single candidate, if it is needed in Multnomah county to carry out the behests of the little boss, concerning his own candidacy. Congressman Tongue's election is not desired; the committee has shown its hand. Certain candidates on the state ticket are to be knifed, notably Dunbar, for secretary of state, in favor of Kincaid, who assisted Simon in his damnable work at Salem last winter. Evidence exists, as plain as the light of day, that Simon and the committee he foisted upon the republican party, are working for Kincaid and against Dunbar. And for that matter, every man on the state and congressional tickets will be thrown down if it becomes necessary for the success of Simon.

OUR PEOPLE SHOULD ACT.

Government Trail Should Be Made Through Grant County for Sheep Enroute East.

Mr. A. M. Cree, a St. Paul man who deals extensively in sheep, and who has been in Heppner numerous times during the past five years, gave the Gazette a few pointers last Saturday on the sheep-killing and other outrages that are being committed in Grant county, to the end that they may be stopped. He stated that neither he nor any other sheepman would in the future buy sheep in this section and then take chances on fighting their way through outlaws to range east of the Rockies. They must know that they have the protection of the authorities as citizens of the United States before they will again venture over this way to buy sheep which must be driven through Grant county to reach grazing grounds. The Gazette calls the attention of the Heppner board of trade, and the citizens generally, to the position of these sheepmen who distribute so much money among us, and will suggest that if this source of income is cut off we will be the sufferers. It therefore behooves us to take some sort of action and at an early date.

It is indeed plain that the officers of Grant county are either in sympathy with these lawless marauders or are totally unfit for the places of trust bestowed upon them. Judging from the character of political scheming that has been going on over there for some time, it looks as if there was a "stand-in" with the "sheepkillers". It is plain, in any event, that, regardless of all justice and right, these outlaws have full sway and the authorities do nothing.

There is a way, however, that these marauders can be stopped. Mr. Cree suggests, by the government building a trail through public lands, then any interference of sheepmen and their bands would place the culprit in the hands of Uncle Sam. If deputy marshals could not stop depredations, troops would. This scheme was tried through the "Pan-handle" country in Texas and effectually put a stop to the troubles between the cowboys and sheepmen.

It is the duty of every citizen to sign a petition to our delegation in congress that our interests may be protected. Start the ball rolling and keep it going.

GEMS FROM MULTNOMAH. A Few Things Picked Up Here and There.—Northrup's Career.

From The County Judge. HAIN'T TIME TO DO BUSINESS. When Judge Northrup was required to explain, two years ago, relative to the exorbitant price he paid for printing the ballots for the June election, he took refuge behind the statement that he had no time to scrutinize items of that character individually, as he had so many things to attend to he hardly had time to draw his breath and eat. He claimed he had 1300 cases in probate, 600 miles of roads and dozens of other matters of pressing importance to attend to. In face of all this press of business he found time to make a canvass in the interest of his independent candidacy for congress against the regular republican nominee, which so nearly resulted in the election of Quinn, populist. He also finds time to devote to private practice in the circuit court for which he receives fees, while the county pays him his salary for doing the work he claims is so pressing that he cannot find time to attend to the proper examination of bills filed for allowance. He also solicits and accepts cases of reference from the different departments of the circuit court, which he conducts and receives commissions for while in the regular pay of the county as county judge, for the duties of which office he "cannot find sufficient time to transact." Oh, honesty! thy name is Northrup!

ON THE DEFENSIVE. The defensive campaign has begun. The Oregonian has been compelled to come to the rescue of Simon's candidate for county judge by reason of the incriminating evidence presented by the Tribune of his method of handling county business. It qualifies its endorsement, however, by saying his administration has been "generally" satisfactory and "directed by conscientious regard for duty." No doubt has ever been expressed on this point, but unfortunately he has always conceived his "duty" to lie along the lines mapped out by Boss Simon. He has conscientiously performed this "duty," and would continue to do so should he, by any chance sink, be re-elected. But of that the voters will have something to say next June, when Judge Northrup will cease his occupation of grinding Simon axes and enter the general scramble for making a living without the assistance of the Multnomah treasury.
