SAFE to say fusion will not be tried again in Morrow county.

ONE result of the contest on Monday down at Portland is the defeat of Northrup by Cake for county judge. This is certainly a victory for clean politics.

J. W. MORROW will win by a small majority. The race for joint senator was a close one, and Mr. Gowan came near overcoming a very large majority against him, as the combined forces in the district outnumbered the republicans about 300. Considering this he got a mighty good vote.

DAVE HAMILTON was defeated for sheriff by one of the opposition's best men, and consequently he is not disgraced. Dave ought to have the nomination for sheriff two years from now, and he ought to have the united support of the republicans, as a reward for his nerve in making a fight that hardly seemed possible for him to win.

PRESIDENT MCKINLEY left his work long enough last week to visit Camp Alger, on the Virginia side of the Potomac, near Washington, and reviewed 13,000 of the 20,000 volunteers now assembled there; lack of equipments prevented all of the men taking part in the review. President McKinley expressed himself as highly pleased with the spirit displayed by the men.

THE Portland Tribune has ceased to exist. The Tribune was a good newspaper and it is a pity that it did not have the necessary backing to keep it up and make it a formidable opponent to the Oregonian. It assisted in accomplishing the defeat of Northrup, and aided in the election of numerous anti-Simon candidates, at the recent contest in Multnomah county, and its mission is not complete, though it was compelled to die for want of support. What a shame!

LAST week each of the governors were officially notified of the number of men his state is expected to furnish on the second call for troops, by the president recently. There is no especial hurry about enlisting these 75,000 men. In the first place, they will probably not be needed; they have been called for more to provide for unexpected contingencies than because of any pressing need for them at this time, and in the next place, there will be no equipment for them until after those already in service have been all provided for.

IF IT is a fact that Morrow has been elected joint-senator, and Mr. Gowan defeated, republicans will feel that part of their work was not well done. But in any event, a worse fate could have befallen this county than the election of Morrow. He is alive to our interests and is thoroughly a Morrow county man. But regardless of the fact that there were ugly rumors of conflicting pledges made by Mr. Gowan on questions of interest and importance, the Gazette has confidence in Mr. Gowan, and believes that he will accord all parties justice, if it should prove that he has been successful.

THE Nicaragua canal question is being quite forcibly brought to the attention of the people of the United States at present. On this western coast it has long been a settled question as regards the great benefits to be derived from the construction of this canal connecting the Atlantic with the Pacific, but to get the people of the East to realize this fact has been the one great problem which has prevented the undertaking of this great work. Just now the people on the Atlantic slope are beginning to realize the advantages that would accrue to the whole country if the canal were constructed and in operation. It would materially aid the country in its present struggle with Spain, to say the least.

Why don't the Journal men tell us why wool has gone down in price, to nothing. Dingley put 7 cents per pound duty on it, and 5 cents is the highest quotation in the Dalles at the present time. Silver was not "protected" but holds its own very well, considering that all bankers, bond-holders, brokers and bonus fiends are pressing it to earth, trampling upon it and stigmatizing it by all the epithets known in the plutocratic vocabulary.

The above is a little campaign not indulged in by the Prinville Review. Wool will bring at Heppner at the present time 9 to 11 cents, against 3 1/2 to 5 cents, under the Wilson tariff. To be sure sales are a little slow as the demand is light. It is well known, however, that the unsettled condition, resulting from the war with Spain, affects the wool industry more, perhaps, than it does any other line of business, but this will doubtless be settled soon, when the beneficent effects of a protective tariff will continue to add to the sheepowners' prosperity. By the way, it might not be out of place to say to the Review that the people of Oregon are well pleased with the present state of affairs, judging from the election returns.

THE Gazette is notified that its editor, Otis Patterson, has been appointed by the president as receiver of The Dalles land office. This will in no way interfere with his management of the Gazette. He has no desire to sever his relations with a community in which he has so many warm friends, and where he has spent a third of his life in an effort to help build up Heppner and Morrow county.

THE republican state central committee need not congratulate itself. It need give itself little credit for the republican victory. While it was taking care of Simon and trying to beat good republicans the people were busy getting ready to vote the republican ticket. The party would have been good for thousands of additional votes if there had been no organization at all.

HEPPNER WILL CELEBRATE. Our Citizens Met on Wednesday and It Was So Decided. On Wednesday evening a large number of Heppner's patriotic citizens met at the opera house to discuss the proposition of celebrating the coming Fourth of July. Otis Patterson was chosen chairman of the meeting by a unanimous vote and R. F. Hynd was called to act as secretary. Several citizens present spoke in favor of a celebration in very enthusiastic terms and on a vote being taken it was unanimously decided that Heppner celebrate.

M'CLURE'S MAGAZINE FOR JUNE. While conserving its general literary interests, McClure's Magazine for June makes good its title of a war number; and is really an unparalleled achievement in making a monthly periodical fully representative of the great interests of the hour, without any sacrifice of literary and artistic quality. The editors explain that to accomplish this, they had practically to make the number over a second time, casting aside part of it after it had gone to press.

Beginning with an effective patriotic cover, designed by Mr. Keayon Cox, and a frontispiece portrait of the commander of the armies, General Miles, the special character of the number is continued by an article, admirable in tone and abundant in information, by General Fitzhugh Lee, giving the observations and impressions gathered by him as consultant at Havana on Cuba, and its people and government, and the war for freedom. This is fully illustrated with portraits of Cuban rulers and leaders and pictures of Cuban scenes and incidents. General Miles contributes an article recording his recent observations of armies and commanders in Europe; and this too is very fully illustrated. Stephen Bonnel, writing from Admiral Sampson's flagship, the very centre of operations, tells the story of the movements and adventures of the blockading fleet; and his article is illustrated with photographs taken by him aboard the flagship. James Barnes contributes some stirring "Songs of the Ships of Steel"; L. A. Coolidge tells some heroic stories of Dewey, Sampson, and the other fighting leaders; Joseph Earle Stevens writes of Manila out of his own experience as a resident there; and William Allen White, the author of the "Boyville" stories, in a sketch of real poetic quality describes the maturing and departure of the volunteers. There is still other war matter in the number, including a noble war hymn by Henry Newhall; and there are an interesting installment of Anthony Hope's novel, an excellent story by Octave Thanet, and Charles A. Dana's recollections of his own connection with the secret service and of a historic visit to General Sheridan. The S. S. McClure Co., 141-155 E. 25th St., New York.

A Little Mixed. Hon. A. G. Bartholomew, county judge of Morrow county, arrived in the city yesterday on a trip in which business and pleasure were combined. He represents the state in his county as land agent, and spent several hours with Gen. W. H. Odell and Gov. Lord, reporting on certain details of interest to that department. During the day he received a telegram from his son announcing the fact that M. A. Moody had carried Morrow handsomely, while Morrow, Democrat, had possibly defeated McGovern for the state senate, and finally, that Freeland, union candidate for representative, had been successful.—Salem Statesman.

Judge Bartholomew no doubt received his information straight, but the reporter on the Statesman mixed matters up a little. Freeland was the regular republican nominee for representative, and McGovern is Gowan. Everybody Says So. Casareta's Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, acts gently and positively on kidneys, liver and bowels, cleansing the entire system, dispels colds, cures headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

A Patriotic Hiss. Over in Union county an ambitious hen has produced a war egg which lays every other one so far reported in the shade, says the Sumpter News. The old lady who owns the store has sent out one day to gather eggs and found one bearing the cabalistic letters "G. S. H". The find created much excitement among the women of the neighborhood, and they quickly gathered. They all agreed it was prophetic of something, but what puzzled them. One lady suggested that it meant "Give Sinners Help". Another suggested that it meant "God Send Help". Still another said it meant "God Save Heathens". Another declared that it meant that "God Sends Harmony". Finally, one old lady noted for her religious devotion, who had been saying little, sprang to her feet and vehemently declared the letters stood for "Give Spain Hell". All present agreed that her interpretation was correct.

This is the only time that the life story of our modest Yankee admiral has been told in print with any completeness. His boyhood days in Vermont, his schooling at Annapolis, and later stirring experiences under Farragut in the civil war, are all passed in review. Mr. Churchill is himself a graduate of the United States Naval Academy and the author of the very successful novel entitled "The Celebrity". He has had unusual facilities for getting information relative to Admiral Dewey's interesting career and adventures. IN HONOR OF THE PRESIDENT. President McKinley is to be given the unique distinction of having a number of a woman's magazine named for him and prepared in his honor. The July issue of The Ladies' Home Journal is to be called "The President's Number". It will show the president on horseback on the cover, with the president's new "fighting flag" flying over him; a new march by Victor Herbert is called "The President's March"; the state department has allowed the magazine to make a direct photograph of the original parchment of the Declaration of Independence, while the president's own friends and intimates have combined to tell some twenty new and unpublished stories and anecdotes about him which will show him in a manner not before done. The cover will be printed in the national colors. M'CLURE'S MAGAZINE FOR JUNE.
