

Those Dreadful Sores

They Continued to Spread in Spite of Treatment but Now They are Healed - A Wonderful Work.

"For many years I have been a great sufferer with varicose veins on one of my limbs. My foot and limb became dreadfully swollen. When I stood up I could feel the blood rushing down the veins of this limb. One day I accidentally hit my foot against some object and a sore broke out which continued to spread and was exceedingly painful. I concluded I needed a blood purifier and began taking Hood's Sarsaparilla. In a short time those dreadful sores which had caused me so much suffering, began to heal. I kept on faithfully with Hood's Sarsaparilla, and in a short time my limb was completely healed and the sores gave me no more pain. I cannot be too thankful for the wonderful work Hood's Sarsaparilla has done for me." Mrs. A. E. Gilson, Hartland, Vermont.

The demand for beef is yearly increasing and cannot possibly catch up with the demand and pass it, so as to cause an overstocked market.

KIND OF MEN NEEDED.
Qualifications for Recruits for New National Guard.
Accompanying the orders for the reorganization of the Oregon National Guard, issued by Adjutant-General Tuttle Thursday morning, was the following circular:

The following instructions will govern recruiting for the Oregon National Guard:
Applicants for enlistment must be between the ages of 18 and 45 years, of good character and habits, able-bodied, free from disease, and must be able to speak the English language.
Married men will be enlisted only upon the approval of the regimental commander.
Minors must not be enlisted only upon the written consent of father, only surviving parent, or legally appointed guardian. Minors are those who have not attained the age of 21 years.

By order of the commander-in-chief.
B. B. TUTTLE, Adjutant-General.
In speaking of the plan of reorganization, General Tuttle said it was probable that Portland would be made the headquarters of the field officers. So far two companies have been mustered in by the military board—one at Baker City and one at Ashland. In the opinion of General Tuttle no difficulty will be experienced in forming four companies in each of military districts—one in Eastern Oregon, one in the Willamette valley and one at Portland.
In the Heppner Hills.
Morrow county is rich in natural resources, and can warm the world with its wool, mount the cavalry of the world with its horses, furnish roast beef and mutton chops for all England, and feed whole armies with its wheat. Henry Blackman is just down from there, and says the recent rains made the whole region smile, freshening the grass for the stock and assuring a wheat crop in Morrow of 1,200,000 bushels—double that of last year. The heads are filling out, and the quality can't be beat, and harvesting will begin in a few weeks. Heppner warehouses are filled with wool, and more is coming in. Such growers as Judge Dutton and William Hughes are storing their clips on the market. There are no symptoms of the ranch opening up at Heppner, but the growers are firm and independent, and say they will not sell until they get ready, and they can afford to hold. Up towards the mountains in Heppner hills are a mass of wild flowers, and make a sight beautiful to behold.—Oregonian.
ITEMS OF INTEREST.
The Pullman Car company announces that it will fight the war tax. That is the company that appealed to the United States for military protection against striking employees not long since. "Social corporations" is not a nonsensical term.
A young man in Portland went to enlist last week. He was given a newspaper to read but could not, and as just as successful when asked to write in English, and when reminded of his deficiency, he said: "Well, I can't read nor write in English, but I can fight in any language, and tonight I was fighting you wanted, not professors." He was enthusiastically accepted.—Ex.
When a Spanish soldier encounters an adversary his first move is to take to the brush—and it is usually his last move, too.
The wheat crop for the coming harvest in the United States is estimated at 770,000,000 bushels, over 150,000,000 bushels in excess of the largest crop ever harvested in the United States.

After the Fourth.
Dave McAtee and Geo. Conser celebrated the Fourth like good Americans shooting cannon crackers, and Tuesday through order of Mayor Morgan they were apprehended. Judge Richardson said "95 apiece," but after the boys had gotten up their cash, the judge remarked that he would remit the same on account of the occasion being the Fourth and a day of general celebration on account of the big victory down at Santiago. Jimmie Thompson tried his hand at shooting a Roman candle on Tuesday evening and this not being the Fourth Jimmie was assessed \$7.50. The authorities did as they were told, but isn't our mayor friend getting a little too particular. There are other flagrant abuses of laws that are not so closely observed.
Everybody Says So.
Casarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act positively and powerfully on kidneys, liver and bowels, clearing the entire system, dispelling colds, cure headache, fever, habitual constipation and biliousness. An Obituary.
J. K. Crabb, who at present handles the reins on the Heppner-Lone Rock route, is one of the oldest, if not the oldest, active living stage driver. Mr. Crabb was a brother of Joe Crabb, well known as one of the gamest race horse and sporting men of the West, during his lifetime. Joe died in Walla Walla a few years ago leaving considerable property. The subject of article is hale and hearty at 72 years. His life, if published, would read like a novel. Over fifty years ago he was driving a band wagon in circus parades. He was with all the pioneers of the early days, Dan Rice, "Yankee" Robinson, and even four years ago was with Sells Bros. The Gazette hopes that the old gentleman will enjoy many years at his profession of which he is as painstaking and proud as a doctor or lawyer is of his calling.
From Infancy.
"I was afflicted with scrofula from infancy. A few years ago a bad sore appeared on one of my ankles and I could walk only with the aid of a crutch. The sore discharged freely. Editorial Associations Meet.
The editorial associations of Oregon and Washington will meet jointly at Spokane, August 25th, 26th and 27th. Idaho, Montana and British Columbia associations have been invited, and will probably attend. Small, of the Baker City Democrat is president of the Oregon association, and Albert Tozier, of Portland, secretary. Spokane is making great preparation for their entertainment.
Cbanoy Akin, who has been farming on an extensive scale in the vicinity of Winlock, Grant county, passed through town Wednesday with his family, en route to Pendleton, where he will remain temporarily. His final destination being Marcus, Stevens county, Wash., where he has some valuable mining interests. Mr. Akin has reached the ripe old age of 87 years, yet retains the vigorous energy of the majority of men at 50. His son is Winlock's postmaster.
The Summer Girl.
Philadelphia Times: "Lovely girl b'love," exclaimed he of the low shoes and loud hoosery as the tripping summer girl boarded the car. "Sweet creature," murmured his insipid comrade, as he beckoned the head of his bamboo cane. "Delightfully refreshing," remarked an elderly gentleman to his wife as the kindest bit of delicate lingerie caught his eye. "That fluffy hair," enviously exclaimed the girl with the coarse black locks. "Small hands," was the conductor's thought, as he took the fare from the one extended in his direction. "Lord," ejaculated the mortorman, as he looked back to see if everything was all right, "what a hat." And thus everybody on the car passed their judgment upon her; but she cared not—a monthful of gum claimed all her attention and thought.
T. M. Miss Addie Jackson, who has been to Heppner for some time, spent the Fourth in the city.
