NEW YORK, July 24 .- Prisoners of war cheering the flag of their captors was the unusual sight witnessed at the Union dock in Brooklyn today. The sight was all the more significant as the cheers came from Spanish throats.

The 254 prisoners captured on the four prize steamers now in port were about to sail for home under the British flag. They were on board the Hesperia, of the Anchor line, and just as she backed out of the dock one of the patrol gunboats came by. With one accord the prisoners raised three mighty chears, which startled the people on the Brooklyn shore and could be heard on Governor's island. It was the best they could do in thanking Uncle Sam for the kindness lavished on them while they were pris-

Mr. Mulhall Puts the United States at the Top of the Heap

Mr. Michael G. Mulball, the noted English statistician, is clearly of the opinion that no other nation compares with ours in all the essential elements that go to make up aggregate wealth.
