As a semi-weekly paper, printed entirely at home, it is recognized by the press of the state as a strictly firstclass representative journal of this part of the state, and is credited with being largely instrumental in gaining for Morrow county the political recognition it enjoys. Believing that it is the desire of the voters of the county to retain the prestige already gained, we expect them to appreciate and support this medium, through which they have in the past, and will in the future, make their demands.
