SPAIN'S WOODEN BULLETS. A startling Story Regarding the Arms of Our Late Enemy. It is well known that the Spanish soldiers in Cuba were poor marksmen, says the scientific American, but great surprise has been expressed at the remarkable lack of execution which characterized their fire at Guantanamo and San Juan, and an officer of the United States gunboat Montgomery has been able to throw some light on the matter.

DIED ON THEIR WAY HOME. On Their Return Trip From Manila Seven Sick Soldiers Died. SAN FRANCISCO, Oct. 22.—The United States transport steamer Rio de Janeiro arrived here today from Manila, via Hong Kong and Nagasaki. She has on board 140 sick soldiers and 24 discharged men. Seven men died on the voyage. They are: Private Elliott Ordway, company H, Second Oregon.

Private Henry Stube, company F, First California. Sergeant John A. Glover, company A, First Nebraska. Private Frank Tucker, company C, Twenty-third infantry.

Private Lewis D. Passmore, company I, First Nebraska. Private Henry D. Shuter, Astor battery. Private J. Fiske, First California. All the dead were buried at sea, except Ordway, Fiske and Shuter. The following convalescent officers returned: Lieut.-Col. W. C. Bailey, Eighteenth infantry. Capt. J. Murphy, First Iowa. Capt. McLean, Fourteenth infantry. Lieut. Moore, Second Oregon. Lieut. Bunker, First Minnesota. Major Wadsworth, department quartermaster.

Most of the passengers are convalescent, and those who are detained at the hospital are nearly all doing well and out of danger. Shortly after the Rio del Hong Kong Corporal F. H. Fitzgerald, company G, First Idaho battalion, disappeared during the night. A search of the vessel failed to reveal any sign of him or a clue to his whereabouts. The man was thought to be mentally deranged, and the supposition is that he got up in the night and either fell or jumped overboard.

The number of men to be sent on the remaining transports has been reduced below the number that the ships carried on their first passage to Manila, that it would now seem necessary to make use of some of the transports not yet returned. It is General Merriman's intention to send back the City of Paebla and to discharge from commission the Rio de Janeiro, Ferns and the City of Paris.

Cattle Sales and Shipments. James Patton and Lindsay Sizemore are driving a band of 1,400 head of cattle—both beef and stock—from Patton Bros. ranches at Big and in Crook county to the railroad at The Dalles for eastern shipment. Horace Patton, of Sams valley, was at Fort Klamm last week to sell 250 head of their beef cattle from their band at that point.

A drive of prime beef cattle headed for Gazelle, Siskiyou county, is taking place this week, being 1,050 head from Cox & Clark's X L stock ranches in Lake and Modoc counties. They were sold for 5 1/2 and 5 3/4 cents delivered. Heyford Bros. of Lake county, are driving 800 head of beef cattle to Honey Lake valley to be sold at Reno this winter.

Chas. Bunting is driving 200 head of beef from Lakeview to Gazelle, to be auctioned off to the highest bidder.—Valley Record.

Fishing for Health. When a man breaks down with that dread disease, consumption, and recognizes his condition, he starts out to fish for health. He tries this thing and that thing. He consults a doctor, and the doctor prescribes indulgence in all kinds of absurd athletic exercises. He tries first one climate and then another. He tries the rest cure and the work cure. He grows steadily worse.

That is the story of most consumptives. Finally, when the consumptive dies, the doctor shrugs his shoulders and pronounces consumption incurable. There is a new remedy of Dr. Pierce's Golden Medical Discovery has demonstrated that it cures 90 per cent. of all cases of consumption, if taken in the earlier stages of the disease, before the lungs are too far wasted. In a consumptive there is a weaker spot than in the stomach, but acts directly on the lungs, healing them and driving out all impurities. Honest medicine dealers will not urge you to take an inferior substitute.
