Those Dreadful Sores

They Continued to Spread in Spite of Treatment but Now They are Healed - A Wonderful Work. For many years I have been a great sufferer with varicose veins on one of my limbs. My foot and limb became dreadfully swollen. When I stood up I could feel the blood rushing down the veins of this limb. One day I accidentally hit my foot against some object and a sore broke out which continued to spread and was exceedingly painful. I concluded I needed a blood purifier and I began taking Hood's Sarsaparilla. In a short time those dreadful sores which had caused me so much suffering, began to heal. I kept on faithfully with Hood's Sarsaparilla, and in a short time my limb was completely healed and the sores gave me no more pain. I cannot be too thankful for the wonderful work Hood's Sarsaparilla has done for me. Mrs. A. E. GUNSON, Hartland, Vermont.

He disposed of the majority of them. Mr. Morgan was somewhat disappointed in the general prosperity of that country, claiming that our condition is far ahead of the agricultural sections. He claims that the women do most of the work in the dairy sections, while the men folks adopt the ways of the noble red man.

Thanksgiving Program. The following is the program for the Thanksgiving Services at the M. E. Church: Hymns. Prayer. Reading Lesson and Proclamation. Anthem. Offering. Sermon by Rev. Fleisher. Hymn. Benediction. CAUGHT IN THE ACT. Either a Satisfactory Explanation or a Term in the Penitentiary. This week a band of cattle were delivered to a buyer for a prominent firm at the depot, by Fred Roe of Grant County, and after five were culled out and placed in a side corral. Mr. Roe, Tom Kira and Dave MacAtee who witnessed the delivery returned to town, Mr. Roe leaving a crew of men to help load them on the cars. Next morning a sale was negotiated for the five head remaining, and going to the corral one of them, a steer, was missing. Careful search was made for the trail of the stealer which could not be found leading from corral. Immediately the Sheriff of Malheur was telephoned to intercept and count cattle. His returns included the missing one. He inquired for settlement of the suspicious error, Mr. Roe figured a fine in connection and expense incurred in connection and telegraphed back, the buyer at once depositing with sheriff the value of the steer, ignoring additional expense, which has caused considerable dissatisfaction on this end, and the prediction is that the matter is not yet at an end. Should proof positive develop that the animal was innocently stolen, it is the duty of the stockman to unite in meeting out justice to the guilty party, as had not the steer been overtaken, suspicion of our locality would be very disastrous. From this time on it means trouble for the man who makes such a mistake.

Hand book of the Tariff. The understanding of the complicated provisions of the new tariff has been greatly simplified by the issuance of this manual. To digest the tariff law is no easy task, but to digest the food taken into the gastric receptacle is rendered easy by the use of that thorough stomachic, Hostetter's Stomach Bitters. It prevents and cures malaria, kidney and rheumatic trouble, remedies nervousness and insomnia, and removes constipation and biliousness. Appetite, as well as the ability to satisfy it without subsequent abdominal disturbance, is restored by this fine stomachic, which also accelerates convalescence. Persons in the decline of life, and the infirm of every age and sex, find it of material assistance.

RESOLUTIONS. Whereas, The resper, Death, has come into our midst and taken one of our best citizens, Mrs. Arabella E. Leezer, a good mother, a true wife, a loyal church member and devoted Christian, and firm adherent to the tenets of our noble institution, the Maccabees, her place will, indeed, be hard to fill, and her words of counsel and sunny smile will be sadly missed. Therefore, be it Resolved, First, that while we deplore our loss, we bow in submission to the will of a Providence too wise to err, too loving to be unkind. Resolved, Second, that we will emulate her example and follow in her footsteps to the home beyond. Resolved, Third, that we tender our warmest and deepest sympathy to the bereaved family of our deceased sister, and pray God's richest blessing upon them in this hour of their great sorrow. Resolved, Fourth, that copies of these resolutions be spread upon our minutes and sent to the Gazette, and the Bee Hive, of Port Harco, Michigan, and request their publication, and that copies be furnished to the members of the faculty. Respectfully submitted. M. LICHTENTHAL, S. W. MEADOWS, G. W. SWAGGART, COMMITTEE.

Brown taught in his place during his absence. Miss Minnie Phillips is still quite ill with pneumonia. Who? A Trip to Weiser. Dr. McSwords is highly elated over the condition in which he found his sheep and the country in general on his trip last week to Weiser, Idaho. While there the lakes and rivers were frozen over, and a skating carnival was in progress. Previous to the cold snap a gentle rain had started grass in fine shape, enabling stock to round up in readiness for severity of winter. He reports an interview with the sugar factory at La Grande, who are very enthusiastic over their venture, and are now turning out from 500 to 800 sacks a day. The farmers have the best fever and will keep the mill a running. He referred to coyotes in that country as thick as "thieves out of jail," and declares that a bounty on their scalps would bankrupt the state in six weeks. Just as we withdrew he was quoting an "old timer" who declared that since the rains commenced there the grass came through the ground at such a lively rate that the sod was kept in perpetual motion.
