The peace of mind, the mental poise and calmness under difficulties, which is necessary for happy womanhood is only possible when the sensitive feminine organism is in a perfectly healthy condition. If there be any weakness or derangement in this respect no remedy in the world so completely restores womanly health, nervous vigor and capability as the wonderful "Favorite Prescription" invented by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute of Buffalo, N. V. It purifies, heals and strengthens; insures functional regularity; provides physical reinforcement and sustaining power at periods of special weakness and depression.

It is the only medicine which makes the coming of baby safe and comparatively easy. In a personal letter to Dr. Pierce, Mrs. Marguerite Collin, of Cutler, Algoma Co., Ont., says:
