Those Dreadful Sores

They Continued to Spread in Spite of Treatment but Now They are Healed - A Wonderful Work.

For many years I have been a great sufferer with varicose veins on one of my limbs. My foot and limb became dreadfully swollen. When I stood up I could feel the blood rushing down the veins of this limb. One day I accidentally hit my foot against some object and a sore broke out which continued to spread and was exceedingly painful. I concluded I needed a blood purifier and I began taking Hood's Sarsaparilla. In a short time those dreadful sores which had caused me so much suffering, began to heal. I kept on faithfully with Hood's Sarsaparilla, and in a short time my limb was completely healed and the sores gave me no more pain. I cannot be too thankful for the wonderful work Hood's Sarsaparilla has done for me. Mrs. A. E. Gilson, Hartland, Vermont.

Hood's Sarsaparilla is the best-in fact the One True Blood Purifier. Hood's Pills cure all liver ailments.

The ticket nominated by the independent non-partisan, taxpayers, committee was elected from top to bottom with the single exception of alderman in the third ward in Salem. There Alonzo Gesner crept in over Hiram Smith by two votes.

W. W. Smead returned from Portland yesterday morning, having been there purchasing a fine line of confectionery, fruits and vegetables, which will be on display next week in the old postoffice site, which is now being neatly remodelled for the business.

Mr. F. McFarland, Heppner's former merchant, returned here this week for a few days on business. The metropolitan city seems to be treating Mr. McFarland very nicely. He has been traveling the state thoroughly in the interests of insurance, meeting with good success.

"In the morning by the bright light," in the evening at the "Redlight," where John Rasmus continues to dole to his patrons those sparkling beverages, which "banish melancholy and drive dull care away." Drop in; warmth greets you these fall and winter evenings.

Oregon barbers will introduce a bill in the next legislature for the protection of their business, by requiring licenses, insuring better qualification for doing work. No doubt the measure will pass without a dissenting vote as the members have all been victims to the "boeing" process.

Si Bennett allowed "fire-water" to get the best of him one night this week, and in retreating the marshal met with pretty severe treatment. The next morning before Judge Richardson, he plead guilty, and was fined \$7.50, with the alternative of going home. He accepted the latter proposition.

Frank H. Johnson is again with his Heppner friends, having just returned from Boise and Baker City. He reports a great deal of wool moving from that section, and predicts a mighty effort on the part of eastern wool-buyers to move the wool they bought early in the season during the month of January.

Dr. McFaul reports M. S. Gregory, who has been at the Heppner House under his treatment for inflammatory rheumatism, recovered and able to return home. He also has under treatment Mrs. Jas. Willis, suffering from tonsillitis; Mr. Coraell's little baby, and Mrs. Williamson, all of whom are convalescent.

Mike Roberts, at the Belvedere, having remodelled the popular old-time corner, extends to the public a cordial welcome. The beverages he dispenses will be kept up to the highest standard, and the enlargement and comfortable equipment of his billiard parlors and club-rooms are a drawing feature.

Some one convinced Geo. Conser that "Jack Frost" would turn his heels to rock salt. He tried it on the walk in front of Conser & Warren's early Monday morning melting the ice in short order, and when "Old Sol" came over the hill he was minus one job, and in an ugly mood, save the town a "cold shake" leaving the snow and ice on the sidewalks intact. Our merchants, we will venture to say, will make the price of the salt in additional business if they will try the extra experiment.

"Christian Education" at 7 P. M. and "How to do effective work" at 11 A. M. Will be the subjects discussed next Sunday at M. E. church south, League at 6:15 P. M. led by Miss Maggie Adkins.

Harry Warren, Dr. McFaul and S. P. Garrigus encountered a band of prairie chickens this week. They were all armed. At the conclusion of the shoot they returned home minus ammunition, claiming even honors. Their firearms and ammunition were secured of Art Minor, and they are united in accusing him of sending them out with shotless shells.

W. D. Keeney, who was seriously injured at the Hager ranch, by being thrown from a horse and dragged some distance, his foot being caught in the stirrup, is at the Heppner hotel under care of Dr. Hunlock and is getting along exceedingly well, although it will be several weeks before he can lay aside his crutches. He was very fortunate in not being killed.

Mrs. M. J. Sailing, of Gooseberry, who went to The Dalles last May to visit her daughter returned this morning and calling on the Gazette reports the serious illness of her daughter, necessitating her removal to the Portland hospital to undergo a surgical operation. While the case is serious the doctors assure Mrs. Sailing that her daughter will get through with it without serious trouble.

The O. R. & N. C.'s new book on the Resources of Oregon, Washington and Idaho is being distributed. Our readers are requested to forward the addresses of their Eastern friends and acquaintances, and a copy of the work will be sent them free. This matter all should be interested in, and we would ask that everyone take an interest and forward such address to W. H. Harlburt, General Passenger Agent, O. R. & N. Co., Portland.

Constable Gen. Gray recites an interesting experience in raising the 11,000 pound traction engine from Peter Brenner's place to Lexington, a distance of fourteen miles this week, where it will be sold the latter part of this month to satisfy an indebtedness of \$1,200 in favor of the Buffalo Pitts Co. Notwithstanding the rough and frozen condition of the roads the engine moved right along completing the journey in two short days.

New Management. Mr. T. B. Whitney, the proprietor of the Heppner House, secured a lease on the Palace this week and will now control the hotel business of our city by running both places. He will renovate, repair and repaint the Palace from the ground up, and run the same to the satisfaction of the public, as he is a thorough hotel man of 18 years' experience. The Heppner House will be under the supervision of Mr. and Mrs. Jack Livingston, Mrs. Livingston having been connected with the same for a long time, and, as Mr. Whitney expresses it, "is a very agreeable and capable hotel woman." Mr. Livingston's popularity with the stockmen will also be a drawing card for the house. Chas. Teff gave up the dining room of the Palace last week, which closed it, scattering the guests among the restaurants and private boarding houses of the town.

A Christmas Tree. The citizens of Heppner should not overlook the pleasure afforded the little ones by giving a public Christmas tree. It is an event which excites more enthusiasm and good feeling than any class of entertainment. The juveniles take an interest in their playmates and it gives them an opportunity to exchange small tokens of affection in a manner that completely roasts the selfishness of their natures, developed by exclusive restriction of their pleasure and gifts to their homes. All of the bright little boys and girls have friends who would gladly contribute their share of "sunshine" into their lives, and witnessing it would retire to their homes feeling a pleasure worth their efforts. A committee in a small town like Heppner could furnish a list of the little ones whom circumstances might cause to be overlooked, saddening their sensitive hearts by not quite on this occasion and encourage the little folks. If you show them consideration, they are bound to respond.

Sung Dental Rooms. Dr. Vaughan can now be found in his newly furnished dental parlors just back and adjacent to the postoffice department, which he has had neatly papered and furnished. The doctor is exceedingly fortunate in the efficiency of his clerical help which relieves him personally, and affords him an opportunity to attend to the requirements of his profession. The change in the location of the office has proven a great convenience to him, as he can, by having his rooms together, give both the required attention. The community now feels reconciled to the new location from force of habit and would feel the same disturbance should it be removed to the old quarters. Doctor's years of practice in Heppner make it a hard matter for his patients to recognize him in his new department, and are pleased to know that his practice is not to be interfered with.

In the Nick of Time. We have received a large line of ladies' kid gloves from Francis T. Simmons & Co., importers. They are especially fine - in black and colors. They sell at \$1.25 and \$1.50. Minor & Co.

La Grippe on a Rampage. With the severity of winter came the la grippe, and claims among its victims: Jas. Adkins, W. O. Minor, Chris Borbers, Frank Gilliam, Harold Brook, Otto Frederick's little baby, W. S. Connor, Wm. Hughes daughter, Will Driscoll, Mrs. Geo. Wells, Mrs. Dr. Hunlock, the daughters of Mr. Barton, Mrs. John Hager, Mrs. Julia Bradley, Mrs. Abraham and daughter, and many others not reported.

At Last. We have secured the agency for kid gloves that we can highly recommend. We believe that there is no better gloves made for the price, viz: \$1.25 and \$1.50. Just the thing for a Xmas gift. Minor & Co.

Back to the Old Home. Monday night's train carried away quite a party, enroute to their former Eastern homes to renew old associations and satisfy that longing for the "dear ones at home," which takes possession of all westerners to a more or less extent. Those fortunate ones composing the party were N. R. McVey, wife and child of Gooseberry, bound for Marietta, Ohio; Jas. Robinson and Mr. Shuttuck wife and child of Lone Brook to their former Iowa home; Jas. Inskip to St. Joseph, Mo., and Chris Reuninger, of Hardman, to St. Louis, Mo.

For a Christmas Gift. There is no small dry good article that is so desirable as a pair of kid gloves. No matter how many pairs a lady possesses one or two more are always acceptable. They are always in demand, are useful, of medium cost, and sure to please, if you get a pair of those Francis T. Simmons gloves at Minor & Co's.

Two Pointed Questions Answered. What is the use of making a better article than your competitor if you cannot get a better price for it? Ans. - As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best? If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgement on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by Conser & Warren.

For Constipation take Karl's Clover Tea, the great Blood Purifier, cures headaches, Nervousness, Eruptions on the face, and makes the head as clear as a bell. Sold by Conser & Warren.
