BABY'S SMOOTH, FAIR SKIN

A Grateful Mother Writes this Letter—
 Tells all about Her Troubles when Baby Broke out with Scrofula Sores.
 "At the age of two months, my baby began to have sores break out on his right cheek. We used all the external applications that we could think or hear of, to no avail. The sores spread all over one side of his face. We consulted a physician and tried his medicine, and in a week the sores were gone. But to my surprise in two weeks more another scrofulous looking sore appeared on baby's arm. It grew worse and worse, and when he was three months old, I began giving him Hood's Sarsaparilla. I also took Hood's Sarsaparilla, and before the first bottle was finished, the sores were well and have never returned. He is now four years old, but he has never had any sign of those scrofulous sores since he was cured by Hood's Sarsaparilla, for which I feel very grateful. My boy owes his good health and smooth, fair skin to this great medicine." Mrs. S. S. WROTON, Farmington, Delaware. Get only Hood's.

Well, what on earth was the matter with Bert Simons? Matter plenty—a bouncing big boy Arrived Tuesday, just in time to assume the protection of his three pretty little sisters. His grandpa has set aside the grip and is peering along in the future when the young man will be looking up the family tree for the cause he is perpetuating.

Brown & Hughes are surely keeping up with the procession in the way of making additional improvements. In the rear of their storeroom a neat and commodious balcony is being erected for a better display of their spring goods, while an additional corrugated iron warehouse is being annexed with a capacity almost equal to the main building.

A new hotel is promised Heppner. Mr. R. C. Willis has purchased the corner this side of the lower brick now occupied by Mrs. Gilmore's boarding house, and has already entered into negotiations with lumbermen and mechanics for the erection of a 40-room two-story hotel, arranged with every convenience of a first-class hotel. Mr. Willis is surely displaying an enterprising spirit and should be encouraged. Thus Heppner is assuming the proportions of the larger Eastern Oregon towns to mark the prosperity of our county.

Rev. St. Clair in Pendleton.

Rev. St. Clair writes the Gazette that their revival meetings at Pendleton are meeting with great success, and stirring up the city. A number have been saved, which is the general topic of conversation. He will leave for Heppner next Saturday and will occupy his own pulpit Sunday. At 11 a. m., there will be a service for the children, and at 7 p. m. he will deliver "A Message to Voters." League at 8:15 p. m. The East Oregonian, in mentioning his arrival there says: "Rev. F. F. OF for Ione.
 The Heppner Amateur Dramatic Company has completed arrangements to play "The Quiet Family" in the city of Ione Saturday night, and have it well billed, with an assurance of a big crowd. Everybody who fortunately attended here voice the sentiment that very few professional shows have ever visited our city that gave better satisfaction than this amateur effort and feel that the company should have no reluctance in playing before any audience, even in the metropolitan cities. We predict a most enjoyable entertainment for the Ionites, and a pleasant dance in conclusion.

Dangers of the Grippe.
 The greatest danger from la grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe, we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventative of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Conser & Warren.
