BABY'S SMOOTH, FAIR SKIN

A Grateful Mother Writes this Letter—

Tells all about Her Troubles when Baby Broke out with Scrofula Sores.
 "At the age of two months, my baby began to have sores break out on his right cheek. We used all the external applications that we could think or hear of, to no avail. The sores spread all over one side of his face. We consulted a physician and tried his medicine, and in a week the sores were gone. But to my surprise in two weeks more another scrofulous looking sore appeared on baby's arm. It grew worse and worse, and when he was three months old, I began giving him Hood's Sarsaparilla. I also took Hood's Sarsaparilla, and before the first bottle was finished, the sores were well and have never returned. He is now four years old, but he has never had any sign of those scrofulous sores since he was cured by Hood's Sarsaparilla, for which I feel very grateful. My boy owes his good health and smooth, fair skin to this great medicine." Mrs. S. S. WROTON, Farmington, Delaware. Get only Hood's.

 A childook came over the hills from the south Tuesday night, and the several inches of snow have already gone down the creek at a furious rate. At Lexington it met a stiff northerner, and we are informed that a terrific battle is being fought on that line.
 Mike Roberts, at the Belvedere, having remodeled the popular old-time corner, extends to the public a cordial welcome. The beverages he dispenses will be kept up to the highest standard, and the enlargement and comfortable equipment of his billiard parlors and club-rooms are a drawing feature. 92-1f
 D. W. Falgale, of Douglas, came to Hepper yesterday morning and remained overnight. As a school director he came up to make inquiry about the school allowance made for their district, as the tax was voted. He finds matters alright which insures for them a good session of school.
 Horsemen in this section are becoming very much interested in the proposed race track under contemplation of construction by E. G. Sperry at Ione, as the spring opens, owing to the fact that there are numerous promising colts in this section, that are sadly in need of development. A little enterprise on the part of Hepper might secure the track for this place, which would add to offers very materially.
 Rev. St. Clair writes from Pendleton that at the earnest solicitation of the pastor and his people and the elder, Rev. Thomas, he consented to remain over one Sunday more than he had intended. He says immense congregations still come and great interest is shown. They say Pendleton was never so shken up. I will be home Wednesday or Thursday of this week and fill my pulpit next Sunday, both morning and evening.

A Well-Known Captain.

Accompanying The Dalles minstrel company was Captain O. S. Wand, a well-known captain of the Columbia river boats and father of Little Hazel Wand of the company. He paid the Gazette office a pleasant call, reciting his past year's experience in running a steamer on the Yukon. The captain for years commanded the Regulator between Portland and The Dalles, and kept her on the surface of the water. We found him an exceptionally interesting gentleman, which accounts for his popularity. He will return to Alaska in a month's time.
 Died in Salem.
 Mrs. Margaret Maxwell wife of G. W. Maxwell of Hardman, who was taken to the asylum at Salem but a few days ago, her mental collapse resulting from a stroke of paralysis, died at that institution last Saturday and her remains were brought here on Monday evening's train and taken to Hardman the following day by private conveyance in charge of her son M. S. Maxwell, who came in for them, the interment to take place in the Odd Fellows' cemetery. Mrs. Maxwell was 72 years of age and came to this country in 1884 from Ohio. She was a devoted member of the Christian church since early womanhood, having joined in West Virginia where she was converted under the influence of Bishop Campbell, who was the founder of the Campbellite church, as it was formerly known throughout the land. Mrs. Maxwell's exemplary life as a christian woman won for her the esteem and love of the entire community which mourns her loss. Her sole survivors in this country are her husband and son.

WEDDING ANNIVERSARY.

Rev. Henry Rasmus and Wife Remembered By His Portland Congregation.
 Mrs. Otis Patterson gives the Gazette reporter a most interesting description of the celebration of the wedding anniversary of the Rev. Henry Rasmus and estimable wife at Portland Saturday evening which she had the pleasure of attending. It was held in the parlors of the Grace M. E. church and was the occasion of their 15th anniversary. It is estimated that 400 were in attendance all tendering their happiest congratulations. Rev. Rasmus is exceedingly popular with his Portland congregation and they demonstrated that fact in a most substantial manner by presentation of many servicable and costly presents. Mr. Rasmus responded in well rendered remarks. The pretty decorations of the rooms, delightful refreshments and pleasant musical program made a most enjoyable occasion for those present. We feel justified in tendering Rev. Rasmus and wife the earnest congratulation of Hepper's community, where we so often hear pleasant reference to them.

THE REBEKAHS' ENTERTAINMENT.

An Enjoyable Time Long to be Remembered.
 La grippe denied us the pleasure of a social evening last week reported to have been one of the most enjoyable in the history of Hepper's social doings. The Rebekahs are famed throughout the land for their success as a social order, and when their program is arranged admitting outside guests fortunate are those who partake of their hospitality.
 On Tuesday night at the conclusion of an interesting literary and musical entertainment, announced by Miss Barker, the chief officer, and opened by Professor Howard in a fitting address, when Miss Abrahams pleased the audience with a sweet German song, and Miss Eva Briens rendered a recitation entitled "The Duke Snakes," in her inimitable style, followed by the rendition of "The Teacher's Vision" by Miss Glasscock and a delightful solo by Miss Brown. The leading and all absorbing feature of the evening was introduced in the basket sale of good things by Mr. George Conser, whose enthusiasm, taken together with his external indications of an epicurean, seemed to banish every vestige of morbid dyspepsia and a wild scramble for these bundles of delicacies, together with the company of the chef de cuisine whose favor fell to them, while indulging in the contents of their prize packages not only whiled the happy hours away but "made hay" for the Rebekahs to the extent of over \$30. Another event of a like nature by these estimable ladies is anxiously awaited by not only those fortunate enough to have been participants, but by all their friends.

 Dangers of the Grippe.
 The greatest danger from la grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe, we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventative of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Conser & Warren.

BLUE MOUNTAIN BLIZZARD.

Everybody in this neighborhood is busy and energetic as ever.
 Otto Williamson has three teams on the road hauling wood.
 The mountains echo with the sounds from the woodchoppers' ax.
 Although the people in this vicinity have fed their stock since the middle of November, there is plenty of hay and stock looks well.
 There is now three inches of snow, which protects the grass and fall grain from the severe cold which we are having just now.
 Two of our oldest residents got into a fight about the bad habit of smoking, and a horse was offered to the one stopping. The prize ran away, but came back again, the smoking still going on, as a force of habit, you know.
 BLUE MOUNTAIN BELL.

How it Hurts!

Rheumatism, with its sharp twinges, aches and pains. Do you know the cause? Acid in the blood has accumulated in your joints. The cure is found in Hood's Sarsaparilla, which neutralizes this acid. Thousands write that they have been completely cured of rheumatism by Hood's Sarsaparilla.
