NOT A GENERAL SHOT

After Five Months of Patient Waiting.

SPANIARDS WANT MORE BLOOD

Count D'Almeida Makes an Attack on the Spanish Generals Who Surrendered.

Madrid, Feb. 22.—The cortes reassembled today. The galleries in both chambers were thronged with an excited crowd. The session was very full, hardly a single general being absent. Senator Montero Rios, president of the senate, in opening the proceedings, pronounced a eulogy upon M. Faure, and a resolution of condolence with France was adopted.

Senator Sagasta, the premier, then proposed to refer the bill providing for the session of the Philippines to the United States to a special committee, but the conservatives protested against this, declaring that the bill ought to be conscientiously discussed, and Senator Sagasta withdrew his proposal.

Count D'Almeida then brought up the question of the conduct of the generals engaged in the war in Cuba, declaring that General Primo Rivera, General Weyler, General Blanco, Admiral Cervera and General Linares had proven failures.

This declaration elicited much applause from the public galleries, in consequence of which several of the spectators were expelled from the chamber.

Observing that he would deal with the "shameful capitulation of Santiago," Count D'Almeida asked the losses whether he should proceed, and was answered with cries of "yes" and "no" and a general uproar ensued.

Count D'Almeida then proposed still greater terms. Senator Sagasta rose and defended the government and its peace commission. The premier criticised America's unjustified conduct, and said that everything might be discussed, except the war, because the cases of the generals were still subsidiary.

Count D'Almeida resumed his attack upon the generals and complained that "five months had elapsed, and not a single general had been shot."

FIGHTING WITH FIRE.

Philippines Attempt to Burn Quarters of the Washington Volunteers.

Manila, Feb. 22.—The natives of the village of Paco made a bold attempt last night to burn the quarters of the First Washington volunteers by setting fire to the huts adjoining their quarters in the rear. Fortunately the wind changed, at the moment the fire was discovered, and fanned by a stiff breeze, the flames spread in the opposite direction, destroying July 20 shacks and houses opposite the ruins of the church. The incendiaries escaped.

Mysterious signals were frequently made along the enemy's lines during the night, and this led to the belief that an attack had been arranged, but nothing happened.

The rebels are leaving the vicinity of San Pedro Macati in small parties, and are reported to be moving toward Singalona.

Money for Cubans.

Washington, Feb. 22.—Efforts are making with every prospect of success to reconcile the radical element among the Cubans to the proposition of the government to pay the soldiers of the Cuban cause \$2,000,000.

General Gomez arrived today in Matanzas, making his way very slowly toward the capital. What is proposed is that the United States shall sanction the floating of bonds by the Cuban municipalities or provinces to the amount of \$7,000,000, which sum is to be paid over to the Cuban troops, in addition to the \$2,000,000 to be paid by the United States.

Data, it is said here, will be produced by the Cuban assembly to show that every cent of this sum was expended in legitimate war expenses.

A Large Deficit.

Victoria, B. C., Feb. 22.—F. C. Cotton, minister of finance for British Columbia, submitted his budget to the legislature this afternoon. The budget shows a deficit of \$647,723, and estimates that a new government has to start with a balance on the wrong side of \$64,000. Estimates show a considerable cutting in the salary list. A new loan will be negotiated for \$1,750,000.

No more large tracts of land will be sold for speculative purposes, but leases granted instead. Loss of revenue by the abolition of the mortgage tax will be met by an increase on the income tax.

Millions for Spain.

Washington, Feb. 22.—This was suspension day in the house. The senate amendments to a number of private pension bills were adopted.

Cannon, chairman of the appropriations committee, by the direction of his committee, moved the passage under suspension of the rules of the bill for payment of \$20,000,000 to Spain.

After discussing the measure under the 30-minute rule, the bill was passed, 219 to 24.

Many Prisoners Released.

Havana, Feb. 22.—One hundred and sixty prisoners in the Havana jail, whose release was recommended by the board of pardons, were liberated today. The United States government is under obligations to return them home. CANAL PROVIDED FOR.

Senate Committee Adds It to the River and Harbor Bill.

Washington, Feb. 20.—The senate committee on commerce decided today to put the Morgan Nicaragua canal bill on the river and harbor bill. The action of the committee was preceded by a brief argument by Senator Morgan, in which he went over the general grounds favorable to the construction of the canal.

Aside from the Nicaragua canal, the committee increased cash appropriations to the extent of about \$2,000,000 over the house cash appropriations, while the amount of continuing contracts is increased to the extent of about \$10,000,000.

In the senate the only business of importance was the consideration of bills on the pension calendar, which was begun under a special order. Among the bills passed was one providing procedure in certain pension cases. It provides that no pension shall be withheld, modified or cancelled except for fraud, or mistakes in facts, and provides a scheme of procedure. The private pension calendar was completed, 74 bills being passed.

In the House.

Washington, Feb. 20.—In the house today several railroad right-of-way bills were passed. Among the bills was one to authorize the construction of the Clearwater Valley road through the Nez Perces reservation.

The census bill was sent to conference. A bill was passed authorizing the president to appoint five additional cadets-at-large to the naval academy. The sundry civil bill was then passed. The naval appropriation bill was formally reported. The house went into committee of the whole and took up the bill. No general debate was demanded on the bill, and its reading for amendment under the five minute rule was immediately commenced.

TAKES NEWS CALMLY.

No Disorders in Paris Followed the Death of Faure.

Paris, Feb. 20.—Everything is quiet in Paris tonight. There is no danger of a coup d'etat. The favorite candidate for the presidency is M. Emile Loubet, now president of the senate. Still the ministers think Faure's death is a misfortune at the present juncture, and this is the conventional talk. They had all looked forward to his resigning, and they spoke today of the possible effect of his death on the courts of Europe.

If M. Loubet be elected, European sovereigns would soon transfer to him their friendly regards. He is a good, unaffected, level-headed man of honest, open life, and of far more intellectual culture than poor Faure. He is an advocate and practiced at the Montilemar bar, in the department of the Drome. Montilemar is his native town.

OVER ENTIRE GROUP.

The American Flag to Cover the Philippine Islands.

Washington, Feb. 20.—The administration has determined to extend rapidly the jurisdiction of the United States over the Philippine group in its entirety, acting on the theory that delay in this crisis is dangerous, and that anarchy and general paralysis of such interests as the islands support would be brought about through failure to replace promptly Spanish sovereignty over the islands with that of the United States.
