## Supplement to the Heppner Gazette.

## The Place to Save Money.

Preserve this Price List as this will be the only one we will issue this spring If you should lose it send to us for another

WE wish to thank those who have given us their patronage, and invite those who have not to call and examine our stock. Those acquainted with values unhesitatingly pronounce our entire line the best values ever offered for the money in the city of Heppner, and to our certain and positive knowledge they are the best values in the State of Oregon, or the Pacific Northwest. We are one of a combination of forty live business houses, known as the "Cash Buyers Union of Oregon and Washington," (though there are a number of stores in Idaho and Montana) who buy and sell strictly for cash. Buying as we do in such enormous quantities, we are able to get figures unknown to merchants who "go it alone," and we can truthfully say that not one of the forty stores mentioned are selling at figures as close as ours. We carry almost everything, and will order for you such goods as we do not have in stock. There are no blind figures on our goods. We do not make one price to one person and a different price to another. A child can buy as chape as its parents, and the same per cent. of profit is charged on everything in the store from the smallest article to the greatest. We do not cut prices. We make prices. Prices that others make cuts absolutely no figure with us. Our prices are our own. We do not imitate; we lead, expecting others to follow. We aim to do a square, honorable business, and will at all times gladly right any wrong. We make no pretense of selling goods at cost, nor employ any other deceptive methods in our business. We seek no trade that is not ours by virtue of fair dealing and honest values.
