FROM FOOT TO KNEE

Ohio Woman Suffered Great Agony From a Terrible Sore—Her Story of the Case, and Her Cure.

"For many years I was afflicted with a milk leg, and a few years ago it broke out in a sore and spread from my foot to my knee. I suffered great agony. It would burn and itch all the time and discharge a great deal. My health was good with the exception of this sore. I tried a great many kinds of salve, but some would irritate the sore so that I could hardly stand the pain. I could not go near the fire without suffering intensely. Some one sent me papers containing testimonials of cures by Hood's Sarsaparilla, and I told my husband I would like to try this medicine. He got me a bottle and I found it helped me. I kept on taking it until my limb was completely healed. I cannot praise Hood's Sarsaparilla enough for the great benefit it has been to me. It cleanses the blood of all impurities and leaves it rich and pure." Mrs. ANNA E. BAKER, Whitesley, Ohio.

You can buy Hood's Sarsaparilla of all druggists. Be sure to get only Hood's. Hood's Pills are the favorite family cathartic. Price 25c.

Judging from the quality of wool the Indians are bringing in from time to time, it looks as though last winter's destruction of sheep was far more disastrous than reported.

The announcement of the San Francisco 31st Industrial Exposition is out. Its opening day will be September 21, and close on October 7, 1899. All former success will be surpassed.

The O. R. & N. Co's representative, Mr. C. J. Mills, general livestock agent, spent several days here arranging for the shipment of sheep and other stock, which is taxing their facilities. The O. The history of Morrow county was shattered by an unprecedented rain and hail storm Tuesday afternoon. It has been charged up to a "cloud burst," covering an area two miles wide and twelve miles long. The small streams were raging torrents in short order, and near Lexington the railroad track was shifted six feet. Store cellars were flooded, and the mischief to pay generally.

We are willing to admit the wave of prosperity, but we're taxation "frad" the fellows who are so industriously engaged in forming trusts will turn it all into the bangles of their own barrels before the farmer gets a spoonful. For instance, the Western Plow Manufacturers' Association has unanimously voted to add 15 per cent to the selling price of manufactured goods.—Payette Independent.

Dr. Hunlock was hurriedly summoned to Geo. Perry's place Monday to attend Al Wiseland, the driver of the Lone Rock stage, he having accidentally discharged a pistol, the ball entering the underside of his leg coming out below the knee making a painful, but not serious wound. W. E. Kahler, Sumpter's prominent merchant, came in on last night's train, remaining over today on business expecting to go to Lone Rock tomorrow, his former place of business. Will and the Gazette editor were school boys together, but we might suggest that his snow-white mustache is no criterion by which you might figure our age.

Last week Miss Bertha Fryer, introduced to Heppner by Mrs. E. L. Estess, as a professional milliner from the metropolis, returned to Portland having helped Mrs. Estess through the spring season. Miss Fryer proved herself a most agreeable lady, and won the lasting friendship of all her new acquaintances, and Heppner extends to her a cordial welcome, should she return in future.

OF For Malheur.

Tuesday morning two span of mules, hitched to a well-rigged "prairie schooner," pulled out from Heppner's plaza, the advance guard of 100 well-bred horses and 78 head of cattle, which Frank Jones and Jim Elder are taking to Malheur county to stock a big ranch they have under control. SHERIFF MATLOCK

Has Gone to Chicago in Hopes of Finding Relief There.

Since the development of the malady, a few months since, which has unfortunately overtaken Sheriff Matlock, it has worked a disastrous result with his former physical strength. His treatment by the specialists who came from Indianapolis a few weeks since to diagnose the case, has, apparently, proved of no benefit, and upon the arrival of his brother, ex-senator Wm. F. Matlock of Pendleton, last Friday, the conclusion was to at once start with him for the East and apply to the skilled physicians of Chicago and New York. On Monday morning, accompanied by his son Leslie and brother William, they started on their journey. The weakened condition of the sheriff caused much apprehension on the part of his friends here, but all are anxious that he will find relief.
