

HEPPNER LEADS.

Mr. C. J. Millie, the O. R. & N. live-stock agent, departed on this morning's train wearing a wreath of smiles, as he surveyed train loads of sheep ready to move, with the stock yards alive with cattle and sheep to follow at once.

COUNCIL MEETING.

At the regular meeting of the city council Monday evening Mayor Conser, Councilmen Garrigues, Noble, Rasmus, Rhea, Roberts and Simons were present.

Liquor licenses were granted to Mollie Reed and N. S. Whetstone.

The following bills were allowed and ordered paid.

Table with names and amounts: Rogers & Roberts \$ 83.25, A. M. Hecum 88.10, F. Snow 4.00, Simons & Son 10.00, A. M. Otley 10.00, R. C. Willis 5.50, W. L. Mallory 12.40, Geo. Thornton 60.00, J. P. Williams 16.65, L. W. Briggs 16.80, Heppner Light and Water Co. 89.00, L. W. Briggs 1.00.

Report of committee on streets and public property referred back to committee with power to act.

Ordinance No. 72, for the closing of saloons between the hours of 12 o'clock midnight and 4 a. m. was discussed at length and finally indefinitely postponed.

On motion of Garrigues, seconded by Simons, the committee on streets and public property were authorized to purchase to exceed 25,000 feet of lumber during the summer months, thus saving additional cost.

Councilman Simons was appointed a committee of one to confer with the fire company with regard to the sale of the fire bell and purchase a new one.

THE SUNDAY SCHOOL PICNIC.

The Sunday School Convention Enjoys a Day at Pettys' Grove.

The Morrow County Sunday School met as per announcement, in Pettys' grove, three miles this side of Ione, and at the junction of Ibea creek with Willow creek, on last Thursday. The day was just about all that could be desired for such an event, and the people of the county showed their appreciation of the occasion by turning out in large numbers, nearly every part of the county being represented.

A little past 11 o'clock the train reached the grove from Heppner with about two hundred Sunday school officers, teachers and pupils, and those who do not attend the Sunday schools, but never miss an opportunity to get in at all the picnics. The convention was immediately called to order by President J. J. Adkins, and after a few numbers on the program had been carried out a grand basket dinner was spread which was apparently greatly enjoyed and appreciated by all those present.

After dinner the program was taken up again and carried out as printed as nearly as it could be, a number of the schools failing to respond to their call, but these vacancies were quite well filled in. A few of the schools of the county handed in interesting and encouraging reports, but as to the general work over the county, the report was not so good as wished for, and it was found that some of the of the Sunday schools which had formerly been in flourishing condition, were at the present in a state of inactivity, and it will be the effort of those interested in the success of the association to see if these schools cannot in the near future be revived, and some showing of life manifested by the time of the semi-annual meeting of the association in Heppner in October.

At the conclusion of the program, the delegates representing the different schools of the county were called to the platform and proceeded to the election of officers for the ensuing year, which election resulted as follows: J. J. Adkins, president; A. W. Balsiger, vice president; Vawter Crawford, secretary; W. C. Lucey, treasurer; Mrs. C. N. Peck, of Lexington, C. A. Morgan, of Douglas, Mrs. James Wyland, of Hardman, and Mrs. Edna Slocum, of Heppner, executive committee.

LATEST TELEGRAPH

Brief War News. Telegraphic News Notes. Etc., Etc.

LONDON, June 2.—The hundred and twenty-first renewal of the Oake stakes, worth 4500 sovereigns, was won today by Miss Sabola, ridden by Tod Sloan, finished second. With the continued fine weather there were great crowds to witness the race. The prince of Wales, duke of York and a host of notables, including Lord Dunraven, were present. There was a tremendous upset when Sloan on Sabola, for whom the race was regarded as a certainty, lost to an outsider. In the Walton handicap Queen of Song, Sloan up, won easily.

SEATTLE, June 2.—A big rate war is in progress on the upper Yukon and lakes, according to advices brought here today from Skagway by steamer Humboldt. Rates from Lake Bennett to Dawson City have been reduced from \$100 to \$2.50. Small steamboat companies started the war by making the rate \$65. The Canadian Development Company cut this to \$10, and later to \$5. The Bennett Lake Navigation company met this and went it one better making a rate of \$2.50. Thus far the cut only applies to down-river travel. It is thought the war will be of short duration, as its continuance would result in the destruction of the navigation companies.

SAN FRANCISCO, June 2.—The Pacific coast export lumber manufacturers have just consummated arrangements which will make the price of this building material much higher from now on than it has been for a long time past. The combine is composed of all of the pipe lumber mill companies in British Columbia, Washington and Oregon, controlling the entire output of piles on the coast. Under the new schedule lumber has been advanced \$1 per 1000 feet, and the advance takes place at once. The combination was formed last November and its shrewd mathematicians have been hard at work ever since preparing the schedule which now appears in tabulated form.

SAN FRANCISCO, June 2.—The \$5,000,000 combine of Pacific coast cracker factories has fallen through, owing to the inability or disinclination of its eastern preceptors to make good the financial emoluments held out by them some time ago. Options were secured on all the large bakeries on the coast, with the exception of that controlled by Bishop & Co., of Los Angeles. A part of the bonds of the combination were floated in the east, but the western agents met with very little success in disposing of the portion allotted to this coast. One by one options on the Pacific coast factories were permitted to lapse, until now there are but few outstanding options in the hands of the organizers of the trust.

MANILA, June 5.—General Hall's column, in its movement on Morong peninsula, has completed a circle of 20 miles, having two engagements with the insurgents, one of them severe and keeping up almost a constant fire against scattered bands of rebels for nearly 24 hours. The Filipinos were driven in every direction. The column proceeded with all possible haste toward Laguna de Bay, the Fourth cavalry in the lead, the Oregon regiment next and the Fourth infantry last. At 5 o'clock these regiments fought the second battle of the day, and it resulted in a complete rout of the large Filipino forces. In this fight the American loss was four killed, three of the Fourth cavalry and one Oregonian, and about 15 wounded.

SAN FRANCISCO, June 3.—There was great excitement on the steamer Alameda upon her arrival from Australia when it was discovered that a box containing 5000 sovereigns was missing. Seven hundred and fifty thousand dollars in gold was shipped in 30 boxes, each containing \$25,000. One of these boxes was abstracted from the steamer's treasure room during the voyage.

Ex-Congressman Kills Talks.

An appropriation for the construction of a canal around The Dalles of the Columbia at Celilo is the principal item Oregon will try for at the coming session of congress. This is the opinion of Ex-Congressman Ellis, who is well posted regarding the outlook for Oregon river and harbor legislation, pending and to be inaugurated. The canal, Mr. Ellis tells the Walla Walla Union, will be about 13 miles long. But as there is considerable of an eddy along the course of the route, much cutting away of ground may be avoided, thus making two canals in fact. He believes there will be a requisition for an increased appropriation for the necessary work on the lower Columbia.—East Oregonian.

Is the Steam Locomotive Doomed?

Men who know say that in the next ten years steam locomotives will disappear and electric motors will supplant them. They also say that with the new motive power trains will rush along at a minimum speed of 100 miles an hour. This will prove a blessing to those who wish to go quickly from one point to another, but no more so than Hostetter's Stomach Bitters has proved a blessing to those who wish to go quickly from sickness to health. The Bitters act at once upon stubborn cases of dyspepsia, indigestion, biliousness and liver complaint. They improve the appetite, quiet the nerves, and introduce sound, refreshing sleep. The trial of a bottle will prove convincing proof. Sold at all drug stores.
