BABY'S SMOOTH, FAIR SKIN

A Grateful Mother Writes this Letter—

Tells all about Her Troubles when Baby Broke out with Scrofula Sores.

"At the age of two months, my baby began to have sores break out on his right cheek. We used all the external applications that we could think or hear of, to no avail. The sores spread all over one side of his face. We consulted a physician and tried his medicine, and in a week the sores were gone. But to my surprise in two weeks more another scrofulous looking sore appeared on baby's arm. It grew worse and worse, and when he was three months old, I began giving him Hood's Sarsaparilla. I also took Hood's Sarsaparilla, and before the first bottle was finished, the sores were well and have never returned. He is now four years old, but he has never had any sign of those scrofulous sores since he was cured by Hood's Sarsaparilla, for which I feel very grateful. My boy owes his good health and smooth, fair skin to this great medicine." Mrs. S. S. WATSON, Farmington, Delaware. Get only Hood's.

Hood's Pills are prompt, efficient and easy in effect. 25 cents.

There are several kinds of champions. For instance: That man Fitzsimmons is one kind; the crack Oregon regiment now doing battle in the Philippines is another, but the real champion that beats anything that ever got on the fields of Shiloh, Gettysburg, Chickamauga or the Pacific coast is a mower of that name for sale at Gunn's blacksmith shop, at a low figure.

Oscar Minor has been sowing seeds for sixteen years, and as a result brought to town yesterday a bundle of bromus inermis, a Russian grass, together with a good sample of sand vetch, clipped from the heretofore bald summit of his stock range, which rivals the tallest timothy grown, and promises Morrow County a solution of the feed problem. It requires no moisture, and it is as nutritious as the native bunchgrass. As a reward for Mr. Minor's intelligence and energy time will soon be his recognition he is entitled to.
