Oh, How Thankful

Pain Was Maddening and Hope Had Been Abandoned—Wonderful Results of Purifying the Blood.

"A very severe pain came in my left knee, which grew worse and worse, and finally a sore broke out above the knee. It discharged a great deal and the pain from my thigh down was maddening. Large, hard, purple spots appeared on my leg. I suffered in this way for years, and gave up all hope of ever being cured. My wife was reading of a case like mine cured by Hood's Sarsaparilla, and she advised me to try it. I began taking it and when I had used a few bottles I found relief from my suffering. Oh, how thankful I am for this relief! I am stronger than I have ever been in my life. I am in the best of health, have a good appetite and am a new man altogether." J. P. MOORE, Lisbon Falls, Maine.

Hood's Sarsaparilla
Is the best-in fact the One True Blood Purifier. Hood's Pills cure all liver ills. 25 cents.

Sunday and Monday the sky was overhung with threatening clouds, affording the farmers' hopes for their crops, which are sadly in need of moisture. A slight rainfall came from them only, scarcely enough to benefit them.
If you realized that you look worse than you feel in that last winter's suit, but and shoes you are wearing you would look up The Fair ad in another column, and get a light, stylish summer suit, before the Fourth of July. x
Miss Inez Riggs, late of the firm of Olds & King, of Portland, has established fashionable dressmaking parlors one door south of Book & Mathews' market, up stairs. Miss Riggs comes recommended as thoroughly up-to-date in her art.
An interesting article in McClure's Magazine for July will be an account of the "Soldier Police of the Canadian Northwest," with stories illustrating their remarkable shrewdness, endurance, and bravery. It will be fully illustrated.

Heaven or hell awaits you. Beware! Be not deceived. There is a right and a wrong way. On which are you? Come to the Pentecostal services next Sunday at the M. E. church, South, and decide this greatest of all questions. "True and Sham Holiness," morning subject League at 7:15. Come and welcome. Fred St. Clair, pastor.
Information reaches us that Jess Stewart with his horses, is in a pasture three miles from Eugene after a rough trip through the Cascade mountains, encountering forty feet of snow at one point, necessitating snow shoes for the entire band. He lost only eight head of horses, getting the rest through in good shape, and has flattering prospects of disposing of all of them at a good figure.
The telephone line to Wagner from Heppner was completed last week. This is Wheeler county's first telephone connection with the outside world. In a few months Fossil, the county seat, will have a line to Wagner, and also have quicker and cheaper connection with the railroad at Arlington. The world do move, and Wheeler county ain't the tail end by a whole lot.—Fossil Journal.
Walla Walla's smallpox scare has kept the citizens in a ferment, and every body is being vaccinated. Almost a dozen cases have developed, and at other points adjacent cases have also developed. Every precaution is being taken to prevent its spread, and it is the duty of all small towns in this northwest to be on their guard. Hood River is also an affected point, where they have six persons in quarantine.
The best white rose for cemetery planting is Madame Plantier. It is a variety of some what slender growth, and on this account is sometimes termed a half-climber. But it requires no trellis, being much more graceful when allowed to train itself than when given a support of any kind. It throws up a great number of stalks, on which great quantities of milk-white double flowers are borne in clusters during June and July.—July Ladies' Home Journal.
Rev. St. Clair, accompanied by P. M. Howard, went to Lexington Sunday and organized a Methodist church. After services in the grove, two young ladies, the Misses Raney, were baptized by immersion in the creek. A great crowd witnessed the ceremony, and the verdict was "beautifully done." Rev. Thoroughman preaches at Lexington each first and third Sunday evening of each month. The new church starts off most auspiciously. They will build at an early date.
Last evening there were some pretty heavy wool sales made here. I. Sichel, of Princeton, sold his last year's clip, consisting of 200,000 pounds, to Mr. Smith, representing Jeremiah Williams, of San Francisco and Boston. This lot of wool comprised several different grades—some good and some inferior—but the average price was in the neighborhood of 15 cents. A. L. Melatosh also sold about 25,000 pounds, receiving 13 1/2 cents, and Mr. Mulligan disposed of some 10,000 pounds.—Times Mountaineer.
Salem is fast becoming a moonshine town. The city council has discovered that it can save \$450 a month by substituting moonlight for electric lights and threatens to let the town go on lighted until fall. The Dalles has a patent right on this discovery, and has been practicing the moonshine light for about two years. As a result several thousand dollars have been saved the taxpayers, and a good deal of "cussing" has been done by those who prow around of nights when the moon don't shine.—Times Mountaineer.

As we go to press, Frank Stewart, brother of Jess, steps into the office direct from the Forest Grove academy, where he graduated, bound for Grant county.

P. M. Curran, a brother of Mrs. Carty, who left last week for Portland, is in Heppner at present. It is hoped Mrs. Carty will find speedy relief at the hospital, where she went for treatment.
Pry Wilson, an old and respected citizen of Monument, was brought to Heppner this week and placed under the care of a physician. His condition is quite serious, but it is expected that proper care will restore him to good health.
Mrs. Harry Bagley, daughter of Mr. and Mrs. Thos. Rne, came up from her Hillsboro home, and will pay her parents an extended visit. This is her first visit here since she was married, almost two years since. Her many friends welcome her return.
Rev. Putwine, the Episcopal minister of Pendleton, spent a few days in Heppner, holding services last Sunday. While here he was endeavoring to urge along the building of the new church, the corner stone of which was recently laid. The local contractors are a little slow in submitting their bids on the construction, and it is hoped they will come to the front at once.
County Judge Wm. M. Cate, of Multnomah, also Grand Chancellor of the Knights of Pythias, accompanied by Wm. Davis, arrived here Saturday from an interior trip, where they had been instructing lodges in the work of the order. Both gentlemen found many friends here, with whom they spent Sunday very pleasantly. Mr. S. Q. Stratton brought them from Lone Rock.

A Sad Death.
Mrs. Ida Wilkinson, who was seriously burned at their mountain camp last February and brought to the county poor house three weeks since, died at that institution last Saturday night and was buried the following day.
The particulars, as follows, are particularly sad: The mother with her three children, aged 14, 8 and 5 years, respectively, were dependent upon the husband and father who was engaged in wood chopping, and a night of intense cold, necessitated keeping a fire, owing to their scarcity of bedding, and the mother endeavoring to keep herself and little ones warm made their bed close to the fire. After piling on wood she laid down near the fire, and while asleep some embers fell in contact with her clothing setting them on fire, and before she could exterminate the same, she had been dangerously burned from her feet to her hips. For weeks the faithful father and children administered to her, until her critical condition necessitated her removal to town. While in the institution she became a mother of a babe that arrived but a few hours, and since that time her life had been despaired of. Relief finally came. The three remaining motherless children, we are informed, if possible, will be found homes with people who will care for them tenderly. They are unusually bright, and will comfort those who will befriend them.

Who Will be Sheriff?
Aspirants for the vacancy made by the unfortunate demise of our sheriff are making it somewhat tropical for the county court. Were we gifted with the art of mind reading, or had an X-ray we might be able to fathom the mind of Judge Bartholomew and enlighten the anxious ones. As it is, we are compelled to withhold the announcement, together with our "war-hoop" until after the 5th of July, the regular session of the county court, when the matter will be settled to the satisfaction of all (?) Like many others, we know what we would do, and the members of the honorable body have been thoroughly advised in the matter. At the present writing, an interpretation of the statute is not clear as to the qualified substitute. Coroner Haulock's jurisdiction, is seemingly, limited.

The New Draper.
The Akers & Co's new patent draper will be sold by Gilliam & Bisbee this season. It is the best, cheapest and most durable on the market.

NOTICE.
In order to raise money to satisfy creditors and place Mat Halvorsen on his feet, we are compelled to make a great sacrifice in merchandise of all kinds for the next sixty or ninety days. We shall keep a complete line of staples, selling same at cost of handling.
