For winter residence or winter onting ideal conditions will be found on every hand in Southern California. Plenteous early rainfall has this season given to the semi-tropical vegetation wonderful impetus; the floral offerings are more

than usually generous and the crop of southern fruits bountiful and excellent. Old ocean possesses new charms at Santa Barbara, Santa Monica, Long Beach, Coronado and that enchanted isle of the sea, Catalina, where fishing, boating, rambling, riding, hunting and losfing may be evjoyed as nowhere else. Quiet little spots, snog and warm,

offer themselves at Montecito, Nordboff, Pasadena, Echo Mountain, San Jacinto, Fall Brook and Palm Springs. For renewing health and vigor, here

abound many hot springs, of widely varying constituents and demonstrated lungs.
