

Wool manufactures that there will be further shortage this year at over 100,000,000 pounds. In South America there was a shortage of about 107,000,000 pounds last year.

The American clip last year was 272,000,000 pounds, or 53,000,000 pounds less than it was in 1934, and the best estimates made for this spring show a probable increase of only 10,000,000 pounds, so that there will be very little gain here to offset the foreign shortage.

The second important condition and the one which makes the situation a peculiar one is the heavy demand for goods which is beginning to be apparent and which will undoubtedly be the leading feature of the spring buying. A successful manufacturer of woolen goods recently in the city said that after a thorough canvass of the jobbing and manufacturing markets he was convinced that the country is practically bare of heavy weight woolen goods. This is the class of goods which the mills are about to begin work upon and of which the heaviest orders are registered about this time. It is extremely improbable that American mills will be able to manufacture more than 65 to 75 per cent of the woollens which will be called for.

A manufacturer of clothing, when questioned about possible advances in price, said that there might be a saving effected by the use of shoddy and other substitutes for wool, but he thought this would not be feasible, because it was becoming harder every year to sell anything but all wool goods to the average American. In time shoddy clothing and shoddy piece goods would become important articles of export, but the tendency now on would be to do away with them as articles of merchandise for domestic consumption.

He Fooled the Surgeons.

All doctors told Benick Hamilton, of West Jefferson, O., after suffering 18 months from rectal fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the sweet pile cure on earth, and the best salve in the world. 25 cents a box. Sold by Conser & Warren Drug Co.

SHEEP NOTES.

In Arizona shearing has commenced at Congress Junction. There will be about 30,000 sheep clipped there this season. Sheep men are reported to be moving their flocks from certain portions of the Salt River valley to California, owing to lack of feed and water, caused by the continuous drought. At a meeting of the Laramie County Sheep Feeders' Association at Fort Collins, a committee reported that it had gone before the veterinary board and stated that it had been advised by legal counsel not to pay the inspection fees as there was no law authorizing it. The board admitted that there was no legal authority for exacting fees from the owners by sheep inspectors, and it also stated that sheep would be inspected hereafter and the charges made to the respective counties in which the inspection was made.

The first fat lambs shipped from Fort Collins this season were placed on the Chicago market and brought excellent prices. Three lots were sold and all brought seven cents per pound. Last year's prices were about five cents.

Stockholders Meeting.

Notice is hereby given that a meeting of the stockholders of the Morrow County Land and Trust Company will be held at their office in Heppner on Saturday, March 10, 1935, at 10 o'clock p. m., for the purpose of electing directors for the ensuing year.

HIGH SCHOOL NOTES.

By Orville A. Jones.

Co. B's program was rendered before a large audience. About 75 visitors were present, and by invitation Miss Bailey's and Mrs. Johnson's rooms were present.

The high school clubbed together and raised enough funds to enable us to put up some very nice curtains, so that we can now render our programs in better shape.

Co. A is making strenuous efforts to surpass Co. B's last program.

Prof. Stryker has been fortunate enough to engage Joaquin Miller to give a lecture in the opera house here, Friday night, March 15, under the auspices of the Heppner high school. Admission 50 cents.

Co. B will come on with their second program March 23d, all are invited to attend.

The Oregonian.

Beyond a doubt the Portland Oregonian is the ablest all-round newspaper in the Pacific Northwest. It is indispensable in connection with keeping track of the world's progress. It reaches Heppner at midnight on day of issues and men stay up and await its arrival. It is kept on sale at Patterson & Son's drug store, and it always does the fair thing for Heppner and Morrow county.

The Deadly Lodging House.

New York, March 4.—Six persons were burned to death and two were injured early this morning in a fire which occurred in a seven-story lodging house at 44 to 48 Bowery.

The lodging house was set up into 132 rooms, and 90 of these small places were occupied when the fire broke out. The policemen forced their way to the upper floors in an effort to rescue some of the helpless, believing one or two were overcome with smoke. They carried out Thomas Harper, a one-legged man, and Ed Walker, who had been burned and partly overcome by the smoke. Stephen Carney was found lying on the floor of his room, where the flames had already burned the old man's face, hands and body, but a policeman picked him up and carried him out of the building.

Remarkable Cures of Rheumatism.

From the Vindicator, Rutherfordton, N. C.

The editor of the Vindicator has had occasion to test the efficiency of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism to thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. For sale by Conser & Warren.

GRANT COUNTY NEWS.

Blue Mountain Eagle.

P. P. Kilbourne has rented the Livingston ranch for three years.

Nick Jones, of Hamilton, returned from San Francisco Saturday, after a visit of several months in that city. He has purchased a 250-acre farm near Oregon City and will reside there in the future.

Grant Taylor, who sold his sheep last summer and went to Drain on a visit, has come back and will remain here in the future. Grant says he would rather live in Eastern Oregon on half rations than stay in Drain and have every luxury, believing this country to be much better in every way.

Dr. A. K. Higgs was called to Susanville last week by telephone to visit what was supposed to be a case of smallpox. He found A. McManus suffering with an attack of confluent smallpox, and in a very bad condition, being badly fevered. Dr. McManus said that he came in from Sumpter recently and was accompanied on the trip by John Howard, with whom he slept each night on the trip, and supposed he contracted the disease from him. Every precaution was taken to prevent the spread of the disease in that locality, the doctor vaccinating all who had been exposed.

READING CIRCLE.

The circle will meet at the home of Mrs. D. E. Gilman on Monday, March 12. All are invited to attend. The program is as follows:

Methods of Teaching, pages 177 to 189 inclusive.

Song.

Five minutes with Bret Harte.

Five minutes with Joaquin Miller.

Glorious News

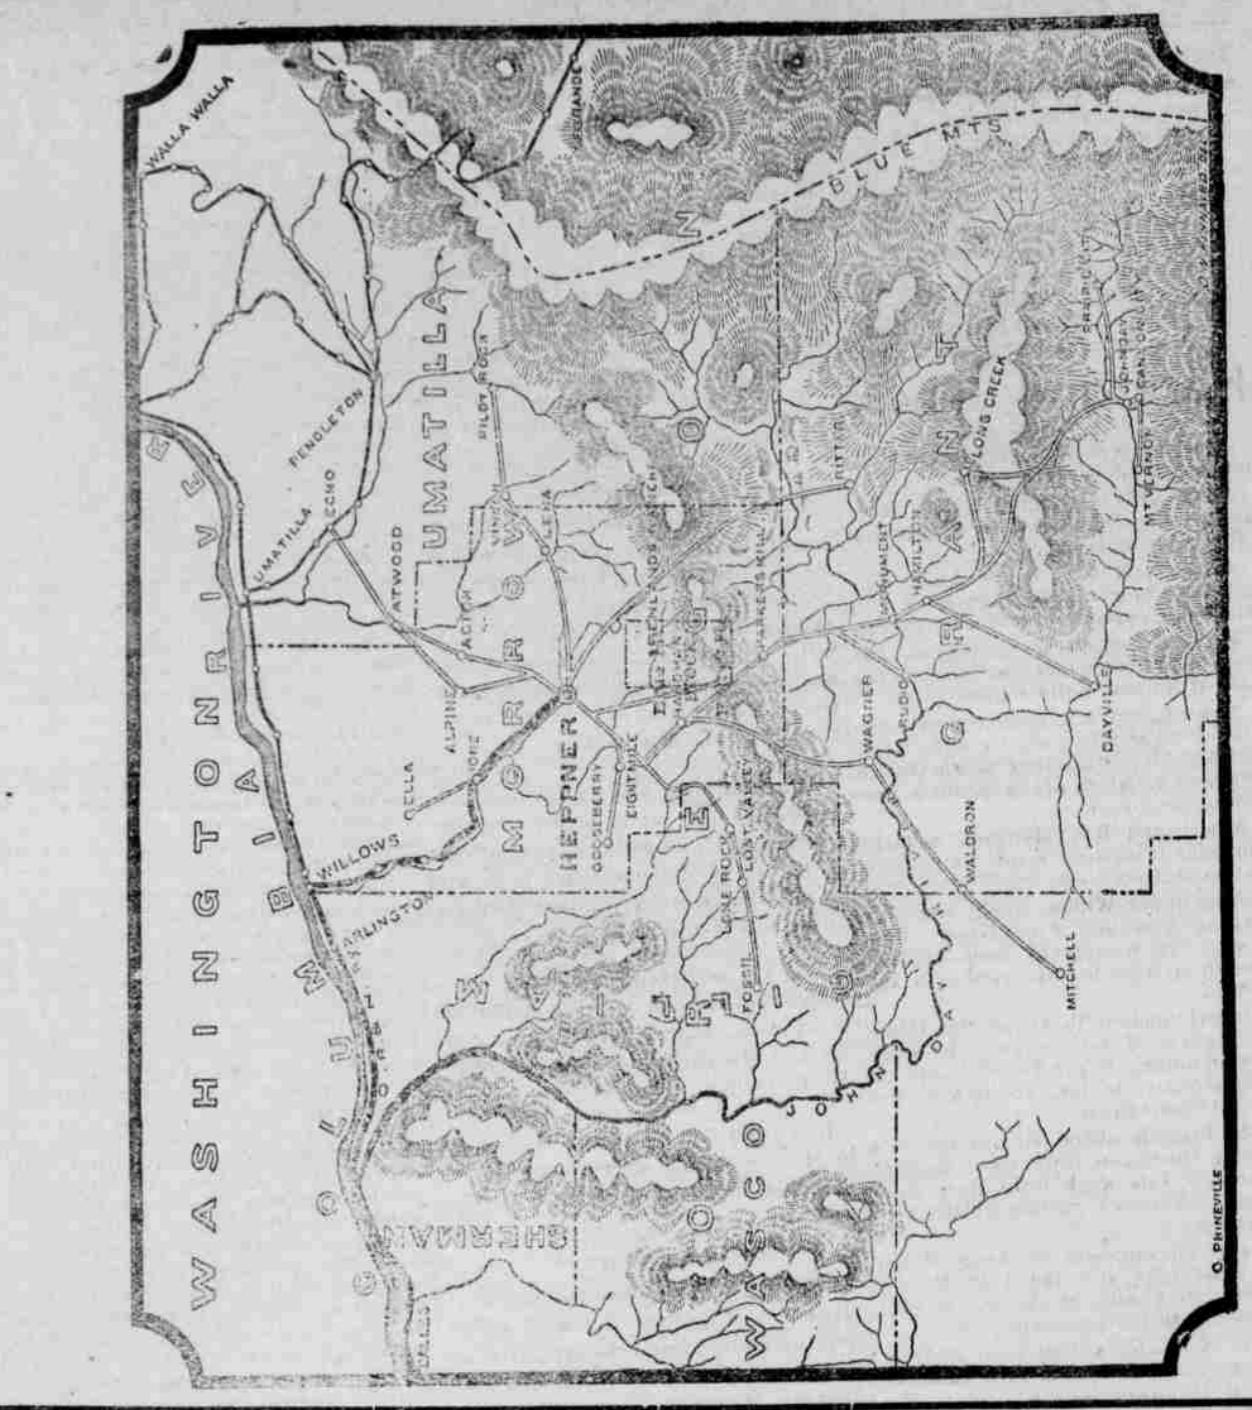

Comes from Dr. D. B. Cardie, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of neuralgia, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have profited—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50c. Sold by Conser & Warren Drug Co. Guaranteed.
