

REPUBLICAN COUNTY TICKET

For Judge: A. G. BARTHOLOMEW. For Sheriff: J. W. BECKET. For Clerk: VAWTER CRAWFORD. For Treasurer: MAT LICHTENTHAL. For Assessor: W. L. SALING. For School Superintendent: J. W. SHIPLEY. For Commissioner: ED COX. For Coroner: DR. HUNLOCK. For Surveyor: HARRY CUMMINGS.

REPUBLICAN NOMINEES.

For county judge the Republicans have re-nominated a good man, A. G. Bartholomew. He has faithfully served the taxpayers as county judge during the past four years, and the present excellent financial condition of Morrow county is a matter of which he may justly feel proud. It is freely admitted, regardless of party affiliation, that Judge Bartholomew's administration has been one of the best ever enjoyed by the county.

J. W. Becket, the nominee for sheriff, is a strong man mentally, physically and politically. He came to Morrow county and settled in the Eight Mile country nearly 20 years ago. He is one of the solid and industrious farmers of the county, and a thoroughly reliable man in all respects. His neighbors all speak well of him, and he has clearly demonstrated his capacity for protecting the interests of the taxpayers while serving as county commissioner during the past four years.

The office of county clerk is a most important one, and all admit that it has been very efficiently filled during the past two years by Vawter Crawford. Always accommodating, Vawter has made it a pleasure to do business with the county clerk's office, and the books and records are kept in perfect shape. Mr. Crawford has lived here for 11 years, and has made such a good clerk that his party was unanimous in re-nominating him.

Mat Lichtenthal has made a very competent county treasurer during the past two years, and has received a justly-deserved re-nomination. Mat is an enterprising business man and an accommodating gentleman of sterling integrity. He will continue to fill the office of treasurer to the satisfaction of all.

The candidate for assessor, W. L. Saling, has lived here 14 years, and is well and favorably known. He is a young man who is thoroughly capable of the responsible position of assessor, and he will do exact justice by both the county and the taxpayer. He has made up the county tax-rolls for the past five years, and thoroughly understands the work.

For county commissioner the Republicans have named Ed Cox, an industrious farmer and sheep-raiser residing on Dairy Ridge. Mr. Cox has lived here for many years, and is well and favorably known all over the county. He will make an excellent commissioner.

J. W. Shipley is re-nominated for county school superintendent, and richly deserves the honor. He is thoroughly qualified for the work, and is well known all over the county as a successful educator.

For coroner Dr. E. R. Hunlock has been re-nominated, and will continue to faithfully perform the duties of the office during the next two years.

Harry Cummings, for surveyor, is an industrious farmer and sheep-raiser residing near Hardman.

A GOOD SHOWING. On the 4th page of this paper will be found Morrow County's semi-annual showing. It is a record one may well be proud of, and one that reflects great credit on the Republican officials who are entrusted with the management of her affairs.

John T. English, formerly of Hardman, is going to the legislature, and his old friends who remember his ability are glad of it. He has been nominated by the Republicans of Baker county.

Congressman Tongue has been re-nominated, and G. A. Steele and J. B. David go as delegates to the National Republican convention.

REPUBLICAN CONVENTION.

R. F. Hynd, chairman of the central committee, called the Republican county convention to order at the court house Saturday, Dr. Hunlock secretary. W. L. Mallory was elected chairman and Tom Morgan secretary.

A. W. Balsiger and Geo. Bleakman acted as tellers, Ed Cox, N. R. McVey and A. M. Gunn committee on order of business; credentials committee, J. A. Thompson, F. M. Courtier, H. Rush; on permanent organization E. L. Freeland, E. R. Bishop, A. W. Balsiger.

First balloting resulted as follows: Delegates to State Convention—W. R. Ellis, Ed Cox, E. L. Freeland, G. W. Phelps, N. R. McVey. Delegates to Congressional Convention—B. F. Vaughan, Joe Rector, R. C. Wills, J. A. Thompson, E. T. Perkins.

On motion of Mr. Phelps, Vawter Crawford was unanimously nominated for clerk by acclamation.

For sheriff on final ballot Mr. Andrews had 19 votes, Mr. Becket 28 and Mr. Hamilton 2.

For judge on final ballot Mr. Bartholomew had 28 votes and Mr. Hager 21. On motion of Mr. Phelps the vote was made unanimous.

For school superintendent J. W. Shipley had 35 votes, W. H. Dobyns 8, scattering 6. Mr. Shipley's nomination was made unanimous.

For assessor W. L. Saling had 31 votes, W. S. Connor 17.

Mat Lichtenthal received 46 votes for treasurer, Mr. Hart 3, and Mat's nomination was made unanimous amid applause.

For commissioner Ed Cox received the unanimous nomination, and the same choice fell upon Dr. Hunlock for coroner and Harry Cummings for surveyor.

R. F. Hynd was re-elected chairman of the central committee in recognition of the faithful service he has rendered. The delegates were as follows:

Heppner Precinct—E. L. Freeland, Frank Natter, Will Cowins, E. F. Vaughan, I. N. Basey, Wayne Howard, Mat Hughes, Albert Osman, W. E. Proyn.

TWO THINGS HEPPNER NEEDS. One is an express office in the business center. Another is a telegraph office in the business center.

Both of these modern and indispensable institutions are now located at the depot, which is a long way from the business center.

In pioneer stage days they used to be located at Cash Mallory's corner, where a few steps made them accessible to all. In these modern railroad days, when everything else is made more convenient, they have become very inaccessible.

TO THE INTERIOR. That immense stretch of rich and prosperous country to the south of Heppner is again laying in its big stocks of general merchandise, and its goods are piled high in the two big warehouses of Heppner.

Big freight wagons are beginning to come after the goods, and they roll into Heppner with the merry jingle of musical bells hung on springy arches on the hams of the lead horses.

From Hamilton, Monument and Long Creek, in the great John Day country, came Sunday the outfits of Ray Dinwoody, G. G. Cowling and J. A. Forbes. They sat up the teams at Tom Morgan's feed yard, and pulled out Tuesday on their long trip over roads which they said were bad in spots but generally in much better condition than at this time of year.

At the end of the train rode Mrs. Forbes in a buggy. She has accompanied her husband on these freighting trips for the past three years, and seems to enjoy the open air and the camping out.

BIG YIELDS. Cashier Conser and President Rhea, of the First National Bank, were out Sunday to Jim Hayes' range in Sanford canyon, where George has 3000 ewes dropping lambs at the rate of a mile a minute, and to show what they could do, 21 of them dropped twins on the spur of the moment. Mr. Conser brought in a sample of the wool, and it is pronounced the best ever seen here. Mr. Rhea says it will go 12 pounds to the fleece.

FIRST WOOL. Morrow county sheep are now giving up the finest crop of wool in the whole history of the great industry.

BIGMOUTH JOE.

On the shores of upper Rhea creek, Where the silver birches grow, Layed a warrior with his mother, Many, many moons ago.

There he chased the bears and panthers— From the fiercest took the pelt; And the scalp of many footmen Dangled from his wampum belt.

He was bravest of the warriors— He was fleet and keen of sight— Was beloved by all his kinmen, Till lemon extract made him tight.

HEPPNER AHEAD.

Henry Heppner, the pioneer founder of the town, returned Tuesday from his trip to Western Oregon and California. Of all the towns he visited, not one would outshine this town of Heppner in general business conditions. In fact, in volume of actual business handled, Heppner, in proportion to its population, is way ahead of almost all of them.

MONUMENTS FOR PIONEERS.

The pathfinders who settled this Eastern Oregon country and were such factors in its development, richly deserve lofty and lasting monuments, for they began good work which is of vast benefit to the world.

The good they accomplished is a monument in itself, but it is also fitting that monuments of lasting stone be erected to their memory.

The pioneers thus being remembered here this week are Press Thompson, Neise Jones and John Elder, and the work has been done by Mr. Vinson, of Walla Walla, and a force of masons. The Thompson obelisk is quite handsome, and is composed of Vermont and Snake river granite. Next week Mr. Vinson will put up the Evans monument, which is composed entirely of native northwest granite.

Wireless Telegraphy.

It is said that successful experiments have at last been accomplished in wireless telegraphy, and this would undoubtedly be a good thing, and revolutionize many ways of doing business. One writer has gone so far as to say that wireless telegraphy is the greatest discovery of the age. We beg to differ.

Don't overlook Hostetter's Stomach Bitters when you talk about the great things of the world. This peerless medicine has done more to promote health and settle stomach troubles than any other medicine in existence. It cures dyspepsia, indigestion, malaria and constipation. It never fails. Try it, and be sure and get the genuine with Tri-State Revenue Stamp over the neck of bottle. Don't let the druggist palm off a "substitute"

ALL ARE WELCOME.

When outside people come to Heppner they find everything on earth in Heppner's stores. They find first-class feed stable in which to put up their teams, and if they prefer to bring along their own feed they are welcome to the free use of the feed yard the city has provided near the city hall. Marshal Thornton has recently put it in first-class shape, and there is an abundance of city water.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on Conser & Warren Drug Co., and get a free trial bottle. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

BEWARE THE ENGLISH BOAT.

The Ballard, Wash., News says: Alden Gifford, who sailed for Nome on the Alpha, in a letter to The News, from Vancouver, B. C., says that if the good Lord will forgive him he will never take an English boat again. After paying duty and other charges on a jug of freight a child could pack off, the Canucks stood him up for \$90 for it—by measure. He says he will have to strike a Golconda to get even with the Alpha people. It is quite generally believed that this boat will be stopped by a revenue cutter, but on what grounds no one seems to know.

She carries over two hundred passengers and a lot of freight which it is believed by many will be unloaded on the ice at Nome in 15 days, and a month earlier than any other boat will land. The Alpha was the last boat out last season, and her captain strikes one as being a man who knows his business. Frank McQuillan, who was in Nome last year and went in the Alpha this week says that boats will run up there every month in the year after this season. He says that the reason boats are not now going up is because of the difficulty in getting insurance, the insurance companies having banded together for the purpose of lessening the risk. Captains from the Yukon say that that river is now open, six weeks earlier than for many years. This indicates that the mildness of last winter extended to Alaska.
