

### FLABBY FELLOWS WHO WANT TO BUILD UP THEIR BODIES WILL FIND THE ONE THING NEEDFUL IN DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

The body is built up from the food we eat. But before food can be assimilated by the body it must be prepared for assimilation by the stomach and other organs of digestion and nutrition. Food does not feed when the stomach is "out of order." The result is weak muscles and flabby flesh. "Golden Medical Discovery" heals diseases of the stomach and digestive and nutritive system. It works with Nature to make manly muscle and firm firm flesh.

In a letter received from A. D. Weller, Esq., of Pennsylvania, Pa., he states: "I have since receiving your diagnosis of my case, as a stomach trouble and liver complaint, taken eight bottles of the 'Golden Medical Discovery' and must say that I am transformed from a walking shadow (as my friends called me) to perfect health."

### SUMPTER IS TOUGH

The Sumpter Blue Mountain American says:

Only five burglaries during the past ten days in Sumpter and no arrests. The town is overrun with a gang of daring thieves, and hold-ups will follow next in order if the authorities do not attempt to make a round up of all suspicious characters. The reports of robberies are being suppressed by the city authorities, but when the "fraternity" gets so bold as to enter a citizen's home and steal his trousers from under his pillow, it is about time for action. Perhaps when some citizen is held up and refuses to disgorge his money and is murdered in cold blood, the police officials will make an effort to rid the town of its thugs and grafters.

### Glorious News

Comes from Dr. D. B. Cargile, of Washita, L. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of eczema, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, breaks up indigestion, builds up the strength. Only 50c. Sold by Conner & Warren Drug Co. Guaranteed.

### IN GILLIAM COUNTY.

Arlington Record.

Guy Boyd and Will Farr brought in Friday from Olex 52 head of beef cattle for shipment by the O. R. & N. to the Union Meat Company, of Portland.

Chas. McAlister, one of Gilliam county's rustling sheep men, was in town this week. He is through lambing and his increase of lambs will amount to 150 per cent. One of his ewes had four lambs all alive and strong. As a lamb at 24 hours old is worth two dollars, the profit on a band of sheep like this ewe would equal a gold mine. He will soon begin shearing at the Leonard bridge on the John Day river. After shearing Mr. McAlister will take his sheep to the mountains in Washington.

J. E. Buckley, of Olex, has 700 acres of wheat which he reports to be as fine for this time of year as ever grew.

Married—In Arlington, H. H. Little and Mrs. Elizabeth Tullis.

Thos. Hurlburt has returned from Portland, where he has been attending the Portland Business College, and not being given to holding down a corner drygoods box or sampling cigarettes, the next day after his arrival home he donned a pair of overalls and began work manfully in Lord & Co's store, taking his place at the foot of the ladder where many another boy has begun which leads to future promotion and success in his life's work.

Miss Mollie E. Hurlburt has begun a summer's term of school in the Elkhorn district near Mayville. She is one of Gilliam county's most successful teachers.

### NEW TRAIN SERVICE ON O. R. & N.

The double train service to be established between Portland and Chicago April 22, in which the O. R. & N., the Union Pacific and the Oregon Short Line are interested, will shorten the through time 11 hours. Train No. 2 leaving Portland at 9:15 a. m., beginning on the date named, will be the Chicago-Portland special. Its equipment will be new, making it fully the equal of any train now in service from the Pacific coast to the east. It will consist of a mail car, baggage car, a library-composite car, a first-class Pullman sleeper, a dining car, 2 chair cars, and a tourist sleeper. There will be but one change of cars to all eastern points. The full time will be 3 days through to Chicago, or 4 days and 2 hours to New York.

The second train, No. 6, will leave Portland at 6:20 p. m., connecting at East Portland with the Southern Pacific's overland train from San Francisco, and will carry through equipment to Chicago via the Union Pacific and the Chicago & Northwestern, and also the equipment for the Washington division of the O. R. & N., in connection with the Great Northern for St. Paul. This train will reach Spokane at 10 a. m. A dining car will be furnished for breakfast into Spokane, and for dinner on corresponding train leaving Spokane at 3:45 p. m. The new schedule as arranged will supply the most complete service ever furnished on the O. R. & N., and provides increased service in Eastern Oregon, where it is greatly needed, and gives immediate connection with the western division at Pendleton. At this point there is a large interchange of traffic, on account of the various mining districts of Baker county, the Coeur d'Alene, the Republic and Kootenai counties, and for dinner on corresponding train leaving Spokane at 3:45 p. m. The new schedule as arranged will supply the most complete service ever furnished on the O. R. & N., and provides increased service in Eastern Oregon, where it is greatly needed, and gives immediate connection with the western division at Pendleton.

### COUNTY SUPERINTENDENCY.

Heppner, Ogn, April 19, 1900.

To whom this may concern: The legislature of '99 passed a law specifying that "no person shall be eligible to the office of county superintendent who has not, at the time of his election or appointment, taught in the schools of the state at least nine school months and who does not hold a first-grade county certificate, a state diploma, or a state certificate in Oregon."

My first-grade county paper, which the '99 law made renewable, expired during my incumbency in this office. The state superintendent of schools, attorney general, and district attorney have given their opinion that an expired first-grade paper is not sufficient to qualify a man for the office of county superintendent. Therefore upon the advice of the state superintendent and district attorney, I have taken out another first-grade certificate. This was done to make my qualifications beyond question.

Respectfully submitted,

J. W. SHELLEY,  
County Superintendent Schools.

The Heppner Gazette has one of the most complete printing plants in all Oregon, and can print anything. Its equipment consists of a Linotype and Linotype galleys, and its steam power presses are grinding out the printed sheets like snowflakes in August.

### WHEAT, WOOL AND STOCK.

Portland, April 17.—Wheat market is still in a comatose state, with not enough of the carrying hands to enable an accurate quotation possible. Interior mills are reported to be paying pretty stiff figures, but in this city there is not much disposition to do business at anything in excess of 54@55c for No. 1 Walla Walla, and 53@54c for Valley.

Wool—Valley, 12@13c for coarse, 16@18c for best; Eastern Oregon, 10@15c; mohair, 26@27c per pound. Sheepskins—Shearings, 15@20c; short wool, 25@35c; medium wool, 30@50c; long wool, 60@81 each.

San Francisco, April 17.—Wool—Spring—Nevada, 13@15c per pound; Eastern Oregon, 12@16c; Valley, Oregon, 20@22c. Fall—Northern, mountain, 10@12c; mountain, 8@10c; plains, 8@10c; Humboldt and Mendocino, 14@16c.

Boston, April 17.—The demand for wool in the market here this week was quiet at general quotations not materially changed. Territory wools continue nominal in price, with free bids on the basis of 55c scored for fine medium and fine, but holders are disposed to choose 67@68c. Fleece wools are quiet, with prices largely nominal. There is considerably more inquiry for Australian, with a few cross-bred selling.

Territory wools—Idaho fine, medium, 18@19c; Montana 21@22c.

Chicago, April 17.—Cattle—Receipts 2500 head. Market generally unsteady; natives, \$5.35; good to prime steers, about steady, \$4.90@6; poor to medium, about steady, \$4.10@4.75; selected feeders, about steady, \$4.60@9.

Sheep—Receipts, 12,000. Sheep and lambs are now very steady; good to choice wethers, about steady, \$1.10 to choice mixed, \$5.65; Western sheep, \$6@6.30; yearlings, \$6@6.50; native lambs, 5.50@7.45; Western lambs, 5.50@7.40.
