

DR. PIERCE'S FAVORITE PRESCRIPTION

"I had been a sufferer for many years from nervousness with all its symptoms and complications," writes Mrs. O. N. Fisher, 1561 Lexington Ave., New York, N. Y. "I was constantly going to see a physician or purchasing medicine. In the spring of 1877 my husband induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle and following your advice I was so encouraged that I took five more bottles, and then stopped for several weeks as I felt so much better, but still I was not cured. I again started taking it, and found that it was improving faster than at first. I am not now cross and irritable, and I have a good color in my face; have also gained about ten pounds in weight since I began taking it. I feel that I am a new woman once more and your advice and your 'Favorite Prescription' is the cause of it, coupled with the 'Pleasant Pellets' which are not to be dispensed with. I took eight bottles of the 'Prescription' the last time, making fourteen in all, and will not take any more unless you so advise, for I do not see as I need it."

makes weak women STRONG, sick women WELL.

BEAUTIFUL BUGS, BEWARE.
A new sort of bug is said to be coming from Mexico and coming north up the Pacific coast, and collin moths and woolly aphids are said to be abroad hunting for new fields to ravage.
They had better stay away from Morrow county.

They may think that this is a good place to come on account of their having read that Morrow county produced the biggest apple in the world. Several codlins were observed viewing this apple at the World's Fair and taking notes on where it came from.

Some men temporize with bugs and stop to figure out which ones to kill off and which ones to coddle.
There is no temporizing with bugs here. A colony of codlins who once struck Heppner were all killed off in a day by Dock Shobe, who was then a noted wing shot.

And as for the woolly aphid, well, let him remember that everything in the Heppner Hills that wears wool gets sheared, and if he thinks he can go around naked, let him come on and be arrested for indecent exposure and get confined in the calaboose of a log train.

If he comes here he may also find himself crossed on a hydraulic ram, which will give him such a cast-iron stomach that he can't absorb the succulent juice of the apple tree.
He had better keep away.

PROHIBITION CONVENTION.
Morrow county prohibitionists met in convention in Heppner Monday. J. J. Adkins was elected chairman and J. M. Thompson secretary, and the following ticket was nominated:
Judge—Julius Keithley, of Heppner.
Sheriff—H. C. Gay, of Eight Mile.
Clerk—P. M. Howard, of Heppner.
Treasurer—W. P. Scribner, of Heppner.

Assessor—E. D. Leach, of Ione.
County Executive Committee: J. J. Adkins, Julius Keithley and H. C. Gay of Heppner, Karl L. Beach of Lexington, and Louis Balsiger of Ione.
The state platform was adopted as follows:
We, the prohibitionists of Morrow county, in convention assembled, believing the liquor traffic to be morally, politically and financially the greatest evil resting upon our country, and realizing the absolute impossibility of securing the removal of this crime-breeding, poverty-creating, soul-destroying business except through a political party created for and pledged to this end, therefore,
Resolved, That while there are many other reforms regarding which we hold firm convictions, and upon which we, as a party, could unanimously agree, we believe it to be the part of wisdom to concentrate our efforts upon the one issue which clearly outweighs all other issues combined—the prohibition of the manufacture and sale of intoxicating liquors for beverage purposes.

Resolved, That in the accomplishment of this one clearly defined purpose we invite to party fellowship all those who on this one issue with us agree, in the full belief that the party thus created will be endowed with the requisite wisdom, patriotism, courage and ability to take up and speedily settle all social, financial, economic, industrial and territorial questions that may present themselves.

LAND SALES.
John Q. Wilson has bought the George W. Harrington pasture near his place on Hinton creek for \$1200.

CHANGE OF TIME.
Commencing Monday April 23rd, steamers on the Snake river divide will leave Riparia at 5 A. M. on arrival of train No. 4 from Portland, and will leave Lewiston at 9 A. M. This is to meet the new change in rail schedule which goes into effect April 22nd.
A new service will also be inaugurated between Lewiston and Wild Goose Rapids (water permitting). A steamer leaving Lewiston every Sunday at 3:30 P. M. this latter service commencing April 22nd.

HEPPNER'S NEEDS.

The 1200 people who make their homes in Heppner are entitled to a daily mail. They now have mail 6 times a week. Their mail that should get here Sunday evening curls up in a corner of the depot at the mouth of Willow creek, and hangs around there doing nothing for 24 hours.

The government can well afford to supply Heppner with its Sunday mail, and should begin doing so at once.

Not only are Heppner people cut off on Sunday, but the people living all the way to Canyon City, 104 miles, whose mail goes out from Heppner by stage, are also cut off on Sundays.

The good government should remedy this neglect at the earliest possible moment.

ARLINGTON VS. HEPPNER.

The date of the baseball game between Arlington and Heppner has been changed from Sunday afternoon to Friday (tomorrow) afternoon, April 27th, the game to be played on the ground near the Heppner school house. The Arlington team will arrive on this evening's train, and will remain until Saturday morning. The Gilliam county boys are said to be in excellent trim and they will keep our boys hustling to retain their laurels. The game will be well worth seeing, and everyone should attend. Absolutely no bad language allowed on the ground. Admission 25 cents.

CARD OF THANKS.

Mr. George White's wishes to extend his heartfelt thanks to the people of Heppner for their kindness during his late sad bereavement and loss.

HIGH SCHOOL NOTES.

By Orville A. Jones.
The Heppner High School is the busiest place in town, this being the last month of school.

The 11th Grade took their finals in Physics Monday, passing in very good shape.

The 10th Grade and all Grades below it, being just a year behind in their studies on account of the six months term two years ago, will not be able to go up a grade this year.

Miss Pearl Busey, of the High School, passed the teachers' examination, and has taken charge of a school for the summer.

Co. B's program given last Friday was fairly well rendered.

Co. A. and E. will combine in the last literary program on May 4. Several new and novel features will be given. All parents and friends are invited to attend.

The 10th Grade have organized and are going to give the graduating grade a banquet at the Opera House, May 19.

CENSUS DISTRICTS.

For the purpose of taking the census, Morrow county has been divided into five enumeration districts, as follows:
No. 29—Alpine, Lena and Pine City precincts.
No. 30—Cecil, Dry Fork or Gooseberry and Ione (including Ione town), precincts.
No. 31—Eight Mile, Matteson and Dairy or Hardman precincts.
No. 32—Gentry (including Heppner town, part of), and Heppner precinct (including Heppner town, part of) and Mt. Vernon precinct (including Heppner town, part of).
No. 33—Lexington and Wells Spring precincts.
One enumerator will be appointed for each district.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this royal cure "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." It will cure every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 5¢ and \$1. Trial bottles free at Conner & Warren Drug Co.; every bottle guaranteed.

E. C. Ashbaugh, of Eight Mile, visited Heppner Tuesday.

In Tuesday's Oregonian is a picture of O. M. Straus, Minister to Turkey, showing that the poor man's neck has become so wiled that he has to hold up his head with his hands. The climate had no such effect on Sol Hirsch when he was minister to Turkey, and his head sat squarely on his broad shoulders.

Heppner vs. Arlington.
Heppner Gazette only 4 bits for 3 months.

Go to Matlock & Hart's for your vegetables, fruits, etc., always fresh.

T. H. Howard's store has everything in the grocery line needed by city trade. Bishop has just received a full line of tents, wagon covers and stockmen bedsheets.

If you want to buy some very low priced ranches, see George Wells, at Conner & Warren's drug store.

Home-seekers are dropping into Morrow county, and find land values very reasonable.

PRETTY PLACES.

Among the pretty homes in Heppner are those of C. A. Rhea, Dr. McWords, George Conner, Oscar Minor and Julius Keithley. They line up in a row just far enough from the street, have beautiful level lawns, and are in very tasteful settings of trees, of which there are just enough to not make too much shade. Such homes would be ornaments to towns three times the size of Heppner.

CHEAP PASTURE.

Anyone wanting pasturage for a bunch of cattle, horses or sheep, call on J. W. Redington, at Gazette office, Heppner.

Morrow county has an excellent climate, and thousands of acres of low priced lands, and within a year after it is discovered by home-seekers it is safe to say without stuttering that its population will double.

The Heppner Grazing has one of the most complete printing plants in all Oregon, and can print anything. Its engine does the perspiring while its sweatpower presses are grinding out the printed sheets like snowflakes in August.

HORSES IN WAR.

Many of the "war workers" among the women of England are turning their attention to that most pitiable feature of war, the sufferings of the wounded horses on the battlefield. It is a subject which the humane will strongly agitate when the Geneva Convention meets again. So few reports from South Africa do not tell of any arrangements for putting wounded troop and gun horses out of their misery, and it is understood that no soldier has any right to use his own initiative in the matter, even if he had time to do so.

Graphic accounts from recent battles state that the yeld was strewn for miles with dead and wounded horses, and pictures that one shudders to think of arise in the minds of all true lovers of the noble animals. Unless hit in the head, it is unlikely that the poor beasts are killed outright, and a lingering death from thirst and starvation must necessarily follow.

One of the English soldiers writing from South Africa says:
"It was a gruesome sight when the river, which had been swollen by nightly rains, carried through the main camp thousands of dead horses and oxen, washed from the banks of the enemy's position, where they had been killed by shells. This proves the awful execution which our guns did, and also the terrible conditions from which Cronje suffered. Some dead Boers were also seen floating in the river."

A Testimonial From Old England.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by Conner & Warren.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and my great joy and surprise, that but bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50¢, guaranteed, at Conner & Warren Drug Co.

WHEAT, WOOL AND STOCK.

Portland, April 24.—Wheat markets are still sinking, and yesterday the May option in Chicago again dropped below 60¢, selling as low as 64½¢, but recovering to 65¢ at the close. European markets were also in a bad shape, and in the local market matters have not been worse this season. Nearly all of the exporters were out of the market, and the few who ventured a quotation did not care to go much above 52¢ for Walla Walla, and about the same for Valley, although it is possible that Walla Walla might have been worked a shade higher.

Wool—Valley, 12¢@13¢ for coarse, 10¢@11¢ for best; Eastern Oregon, 10¢@11¢; mohair, 26¢@27¢ per pound. Sheepskins—Stonewall, 15¢@20¢; short wool, 25¢@35¢; medium wool, 30¢@50¢; long wool, 60¢@81¢ each.
