WONDERFUL WOOL.

At the First National Bank there is an exhibition of 7 samples of the finest wool ever seen here. It was taken from the backs of the Conser & Hayes sheep in Sanford Canyon, and is 3 inches long, without a break or interruption in its growth.

CHANGED CONDITIONS.

HARDMAN, May 2. Ed. Gazette: As election day is drawing near, and as Mr. Bryan has been quite energetic in his efforts to stiff the people with foolish schemes which he must know can never produce logical results, it behooves the Republicans to keep the facts fresh in the minds of the voters.

If experience is worth anything, we have ample proof that the Democratic plan of government can never give us that high degree of prosperity our unlimited resources justify us in expecting.

The Democratic plan of tariff for revenue only to meet the economic needs of the government in effect divides our advantages with foreigners. It destroys our markets, thus creating an element of uncertainty in all channels of trade that paralyzes all business.

As a result of such stagnation in business and scarcity of money, all values shrink quite or nearly one-half.

Then as auxiliaries we have a Coxey army; numerous soup-houses provided by city authorities to prevent hungry men from committing crime; an army of discontented laborers continually inaugurating strikes, often resulting in martial law.

Democratic legislation makes money so scarce that the poor man can hardly get it at all. In the fall of '95 I was compelled to borrow \$180. I offered my note, endorsed by the president of the First National Bank of Heppner, on 6 months' time at any rate of interest.

I could not borrow the money in Heppner. I finally borrowed it at 32 per cent.

In New York during Cleveland's last administration, interest ran up one evening to over 70 per cent. The Democratic bait caught a lot of suckers in '92 who will never bite again.

You would give us a tariff for revenue only to meet the economic needs of the government; you would give the manufacturers free raw material, thus enabling them to control the markets of the world; you would give us a Wilson tariff law that would provide the treasury with ample funds. In short, you were going to raise the earth and put a chunk under it.

Now Mr. Bryan would add the free coinage of silver and thus take away the only prop the people had—namely, a sound currency. And yet I have been gayed for voting the Republican ticket. "Once a sucker always a sucker." Well, I'm not built that way.

The Republican plan of government gives us a profit, restores values, and gives us cheap money that is worth 100 cents on the dollar. It creates a demand for labor under conditions enabling the employer to pay the very highest wages, and in the best money on earth.

It was Mr. Cleveland who said: "We are confronted by a condition and not a theory." Fellow-voters, if Bryan's theories have mystified you, I ask you to review that condition from the time Cleveland was elected till now, and you will have a vision that will cause you to vote the Republican ticket. You will throw your hat as high and make as much noise on the day of triumph as the rest of us.

Big shipments Ladies' Wrappers just arrived at The Fair.

ASA B. THOMSON.

The next Joint Representative from Morrow and Umatilla counties will be Asa B. Thomson.

He is a bright young man with a brilliant career before him, and all who cast their ballots for him may well feel proud of the fact.

Mr. Thomson was born in Pendleton on July 15, 1870, and lived there until 1891, when he came to Morrow county and went into the sheep business. In 1898 Mr. Thomson bought his present home, the Frank Ewing place on Butter creek, and the same year was married to Miss Carrie A. Stanfield.

His father was one of the pioneers of first settled Eastern Oregon, and was sheriff of Umatilla county from 1868 to 1872.

Mr. Thomson is an enterprising young man, full of life, vigor and health, and having lived here all his life he knows the best interests of the people of Eastern Oregon, and will champion them through thick and thin.

Thoroughly understanding as he does, the great wool, cattle and farming industries, Representative Thomson will be a truly representative man in the next legislature.

COUNTY COURT.

In Judge Bartholomew's probate court Monday R. M. Hart was appointed guardian of Elbert Lalande, minor, with bonds fixed at \$8000. George Conser, Frank Gilliam and George Noble qualified as bondsmen.

Mrs. Belle Lalande was appointed guardian of Ruth Lalande, minor child, with bonds fixed at \$4000.

The final account of J. W. Matlock, as administrator of the estate of Susan C. Matlock, deceased, was approved, the bondsmen discharged and the estate settled.
