RESULTS WANTED.

Good results of permanent benefit to all are what the people want. The people of Morrow county very well remember where their present prosperity began.

They voted the Republican ticket, and with the recording of their votes came a restoration of confidence and a wave of prosperity which has put people on their feet and lifted them out of the path of poverty.

The people of the Heppner Hills have a very vivid recollection of the great depression when Cleveland patches had to be worn and when values of sheep, wool, cattle and horses went down to zero.

Then it was when men who had for years been identified with the Democratic party let their common sense rise above politics and they voted the Republican ticket, and confidence was restored, and good times came again.

There is no guess-work about it. Results show for themselves. No one wants to see a return of the dark days of depression, and the way to keep them banished is to vote the Republican ticket and keep the party in power that restored confidence and brought back prosperity to the Heppner Hills.

CLEAN CAMPAIGN.

Both political parties are to be congratulated upon the clean campaign which has been conducted this trip. Tolerant and broad opinions have prevailed throughout Morrow county, and there has been no bitter crimination and re-ermination,—no mud-slinging. Such a clean campaign is a credit to all parties, and the same spirit that conducted it will congratulate the victors and sympathize with the vanquished after the votes are counted next Monday.

Each side can truly say that it had gentlemen for opponents.

WASTED VOTES.

M. D. Markham, who is well known as a sincere temperance worker, says, as most people know, that prohibition does not prohibit. For, says he, go where you may, and you will find that we have laws on our statute books now, and most certainly will continue to have, as prohibitory as it is possible to enforce, not only on the temperance question, but on all other questions of morality. Stop and consider before you vote, and if you want order, good government and prosperity, vote for the party that you think will most likely give it, but don't throw your vote to the winds by voting a prohibition ticket.

ALL ARE COMPETENT CANDIDATES

Republican Nominees Are Deserving of Political Honors.

SOME SHORT SKETCHES OF THE MEN

W. R. ELLIS

CIRCUIT JUDGE.

Hon. W. R. Ellis, the republican candidate for circuit judge of the 6th district, is a man of very wide experience. Graduating from college he commenced practicing law 25 years ago; he served as district attorney 5 years—was appointed once and elected twice.

Mr. Ellis was three times elected to congress, and represented Oregon very creditably.

COUNTY JUDGE.

When you see a county that is deep in debt under ordinary circumstances, you are justified in supposing that there is something wrong with its management. But when you see a county that is practically out of debt and has its taxes all collected up, it is safe to say that it has been well managed. Such a county as the latter is Morrow county, and such good results show that Judge Bartholomew has been a complete success as a county judge. He has handled the county's affairs with ability, and the results are most gratifying to all.

Judge Bartholomew richly deserves the honor of re-election, and with such a competent man at the helm the taxpayers will know that their burdens will be made as light as possible.

SCHOOL SUPERINTENDENT.

J. W. Shipley, the candidate for county superintendent of schools on the Republican ticket, has the confidence of the people and is considered a young man of much ability.

He graduated from the Heppner High School with the class of 1893. After putting in six years teaching in the country schools, he was chosen, in 1895, to teach the 7th and 8th grades of the Heppner school. Mr. Shipley's work was so satisfactory to all that the next year he was advanced to the important position of assistant principal, which position he resigned to take up the work of county superintendency.

Mr. Shipley understands the public school from top to bottom and has his work at heart. He has actively, energetically and persistently pushed the work along the whole line, always keeping the schools in touch with the most advanced thought. It is needless to say our schools are equal to any in the state, and Mr. Shipley is the man to keep them up to their high standard.

STATE TICKET.

The Republican State and District tickets are made up of the very best timber. No better men could be selected, and all voters who want to vote for the best men can safely vote the Republican ticket and thus vote for a continuance of the prosperity now prevailing in Morrow county.

FOR ASSESSOR.

W. L. Saling has had much experience with assessment rolls, and is just the man to make a good assessor. Mr. Saling has lived here for years, knows everybody, and knows every acre of land in the county, and he will do equal and exact justice between the taxpayer and the county.

COMMISSIONER.

Ed S. Cox, of Hardman, is the Republican candidate for county commissioner, and he is well fitted for the responsible position. He is a pioneer of the county, knows all about her roads and bridges, and is a farmer and stockman. No better man could be selected for the place, and when you vote for Ed Cox you may rest assured that you are doing right.

COUNTY CAMPAIGN.

The Republican candidates have toured the county this week and met the people face to face. They were accompanied by Hon. S. M. Yoran, of Eugene, who made the principal speeches, all of which were good, practical, common-sense talks, causing no partisan bitterness.

The candidates were everywhere received with warm welcome and were listened to with close attention. Many new people come to Heppner these days, and they all praise the Palace Hotel. And well they may, for it is now one of the best-kept hotels on the coast.

A. B. THOMSON

JOINT SENATOR.

The best man to vote for for joint senator is Asa B. Thomson. He has lived here all his life, and is in the prime and vigor of young manhood. He is a practical farmer and stockraiser, and knows very thoroughly the best interests of Eastern Oregon, and will work for those interests.

FOR TREASURER.

In fixing up your ballot, be sure to put an X at Mat Lichtenthal's name. Mat is a good, competent, reliable man. All the old residents know this, but there are hundreds of new voters in Morrow county who can rest assured that Mat is all right. He has always been a good citizen and taxpayer, always a prompt and reliable business man. He has kept the credit and good name of Morrow county right up to the highest standard at all times, and has handled the county's funds with marked ability.

Just the day the state tax became due from Morrow county, just that day Mat Lichtenthal rustled it up and paid it over. He is always prompt in everything, and has proven such a good treasurer that he richly deserves the honor of a re-election.

Treasurer Lichtenthal has always been an industrious, energetic man, and has been one of the leading business men of Heppner for many years. He is the head of the well-known shoe store of Mat Lichtenthal, which does business all over this and adjoining counties.

In voting to re-elect Treasurer Lichtenthal you vote for a man of experience who will continue to manage the important office with credit to himself and the people of the whole county.

COUNTY CLERK.

One of the most important offices in the county is that of clerk, and Vawter Crawford has filled the position during the past two years to the satisfaction of all. Mr. Crawford is efficient and obliging, and always accommodating, and any man, woman or child who goes to the clerk's office for information gets it readily and willingly.

Vawter Crawford has well earned a re-election, and the voters will make no mistake when they give their honor him, for he is a clean candidate and a competent young man.

FOR SHERIFF.

J. W. Becket is the man to vote for for sheriff, for he has all the qualifications necessary to make a good sheriff; he is one of the pioneer farmers of this county, and his home is at Eightmile, where by industry he has made a productive farm and created considerable taxable property.

In the important office of county commissioner Mr. Becket has shown himself to be a man of good business ability, careful and considerate, and just to all. He has the full confidence of the people, and will make a sheriff the people may well be proud of.

DISTRICT ATTORNEY.

The Republican candidate for district attorney, Judge J. A. Fee, of Pendleton, is a man of ability and of long experience in the law. He should poll every Republican vote and doubtless will do so.

CORONER AND SURVEYOR.

The candidates for these two offices, Dr. Hunlock and Harry Cummings, are competent men, and will do their full duty. They deserve to be elected by large majorities.

DECORATION DAY.

Memorial services for the nation's dead were held in the M. E. church last Sunday, and the singing by the choir was very fine. Rev. C. D. Nickelsen delivered the memorial sermon, and several veterans of the civil war occupied front seats. On Wednesday Decoration day was observed as a legal holiday, the bank remained closed, and the graves of veterans in the Heppner cemetery were strewn with flowers by members of Rawlins Post, G. A. R.

Rawlins Post went up to the cemetery in carriages, headed by the Ladies' Cornet Band in the Palace Hotel bus. First to arrive with the telegraphic news—The Weekly Oregonian.

THE GOOD OF ALL.

Morrow county is in the Second Congressional District. In this district Mr. Moody is the Republican candidate for congress. Mr. Moody is well worthy of re-election. The man who votes for Mr. Moody votes for his own home interests, for Mr. Moody has been one of the most untiring committeemen in the House, and his attention is always devoted to the measures which affect the interests of his district and state. The measures which he has originated, or of which he has been clearly the champion, are those which concern the best interests of Eastern Oregon.

He has co-operated with all members of the delegation in their efforts for legislation necessary to the state, and a man of his fidelity and energy should be returned by an overwhelming vote. He deserves the gracious compliment of an increased majority.

SUFFRAGE.

It does not seem to The Oregonian that woman suffrage would do any good, and it does seem that it would probably do women a good deal of harm; but until the women in any appreciable numbers ask for it, the suffrage seems to the average man of intelligence a purely speculative rather than a practical question. So long as the majority of women vigorously oppose the enlargement of the suffrage, it would be absurd to endow them with it unless the majority of men believed, which they evidently do not, that this radical enlargement of the suffrage is necessary to the protection of the equal rights of women or would be beneficial to society.

Give women full political suffrage and with it comes the duties and responsibilities of the ballot. If the woman merely meekly duplicates her man's ballot, the gift to her is worthless. If she becomes a voter with determination really to govern as well as cast a perfunctory ballot, then to become a governing, forceful woman she must become a masculine woman, which ultimately means a desheathed, desexed woman, a political fishwife abroad and a social kill-joy at home. Before you vote for woman suffrage find out if it means that wives and mothers are to be ordered from home and locked up all night in jury boxes? What true woman would desire such "rights"?

REPUBLICAN RALLY.

The Republican county candidates held a second rally in Heppner last evening, on which occasion the Park Garrigues opera house was well filled. Hon. S. M. Yoran was the speaker of the evening, and delivered an offhand address which was plain, logical and gentlemanly.

Hon. W. R. Ellis presided, and the county candidates were on the platform and made brief remarks. Mat Lichtenthal making an excellent showing of county finances.

EQUAL SUFFRAGE.

In its lengthy address to the voters the Oregon Equal Suffrage Association says:

"Everybody knows that the enfranchisement of the women, of all the states is coming; that it is inevitable. Oregon today is the only state where an equal suffrage amendment is pending. She, and she alone, is in a position to lead the van of progress in this important movement in this dawn of the new century. Let her voters do their duty by marking their ballots 'Yes' for the equal suffrage amendment, and she will go into imperishable history as the first state of the Pacific coast to place the insignia of liberty upon the brows of the mothers of her soldiers and statesmen. By this act of simple justice you will place Oregon in a position where she will advertise her own greatness and thus enhance your prosperity without cost to yourselves.

CIRCUS COMING.

With tinkling bells on dapple grays and a most beautiful wagon, Advance Agent Jos. Fleming drove into Heppner Monday morning and billed the town for Leondor Bros. big one-ringed circus, which will be here Tuesday afternoon and evening, June 5. Come to town on that day and see the show. Bring the children, and it will be a bright spot in their lives. The circus brass band will play, and there will be wonderful performances by the finest troupe of trained dogs in the world.

CARD FROM HENRY GAY.

I see it stated in the public prints that I have repudiated the prohibition ticket. Some things that I said immediately after the convention might have been so construed, but I want to say here and now that I am in the fight and the fight to the finish, on the straight uncompromising prohibition ticket for sheriff of Morrow county, and I unhesitatingly solicit the votes of all who believe in the principles of said party, on June 4, 1900.

Respectfully,
H. C. GAY,
Prohibition Nominee for Sheriff,
Heppner, Or., May 29, 1900.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so over-coming with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in 15 minutes he left my store smilingly informing me that he felt as well as ever." Sold by Conner & Warren.
