It is a treat to view the wheat,
The melon on the vine,
Kind fortune smiles on every hand,
All things look bright and clear;
But the greatest blessing in the land
Is Gambinus Lager Beer.

CARE FOR YOUR EYES.

Mrs. Dr. Frank, who is now at the Palace Hotel, Heppner, is a skilled scientist as regards the eye. She treats the poor free, and is a famous lady oculist-optician who uses the methods that are used by the great practitioners of Paris, London, Berlin and Vienna, and in all other large centers of Europe to examine the eyes. By the aid of her delicate instruments she can explore the human eyeball in all its parts and find their various conditions. The interior chambers of the eyes are open to her under such inspection.

Mrs. Dr. Frank has many testimonials from those she has relieved, and the following from a well-known business man will be read with interest:

The Dalles, Oregon, June 2, 1900.—This is to certify that I am a former patron of Mrs. Dr. Frank, optician, of San Francisco, Cal., and that more than a year ago I was furnished a pair of glasses for general use and they have been thoroughly satisfactory. I therefore can cheerfully recommend her work to any one in need of such artificial aid.

JAS. S. MOORE.

Mrs. Frank's system is to make annual, sometimes semi-annual tours through those parts of the country where she has ministered to the needs of patients and hear reports from all who are using the spectacles.

Prof. Ernest Benjamin Arnold, brother of Mrs. Dr. Frank, is now at Arlington and is expected here in a few days to assist Mrs. Frank.
