

TRAVELER'S GUIDE.

Table with columns for destinations (Portland, Astoria, etc.) and distances. Includes a note about train arrivals and departures.

Now the candidate is out of date. The crops are looking fine. It is a treat to view the wheat. The melon on the vine. Kind fortune smiles on every hand.

Here and There

Al. Florence's folks have returned from a pleasant visit. Mrs. B. A. McCann, of Portland, has been visiting Mrs. W. W. Smead. The marriage of Miss Pearl Baisey and A. R. Turner is announced for Aug. 4.

J. W. Stewart has been this week hauling some big loads of sidewalk lumber into Heppner. Ed S. Cox was over Friday from Hardman, in which region good crops are being harvested. Pete Stevens, of Burnt River, has been granted a patent on a key-hole guard that keeps out flies, burglars and peepers.

Mrs. W. J. Herren, after enjoying a week's visit with the family of her son David, returned to her home on Lower Eight Mile. We are the grocers in the city directory of merchants. Matlock & Hart. Two horse-buyers from St. Paul were in Heppner this week after range animals, which they claim are held too high, although owners ask but very reasonable prices for them.

Eastern Oregon will have the largest fruit yield ever harvested in that section, and the apple crop will be especially large all over the state. Col. H. E. Dosch, of the horticultural board. Neat and new everything is at the tansorial parlors of J. E. Sharp, and hot and cold baths are always ready. On his lots adjoining the home place of Wm. Barrett, A. Abrahamick has made many improvements, and has a fine garden which he irrigates by hand from the creek. He is a hard worker, and will build there a comfortable family home. Drop in and see us. Will tell you why you should get your blackberries for canning now. \$1.75 per crate at Matlock & Hart's.

The Teal or Lehman Hot Springs. Best Health and pleasure resort in Eastern Oregon. No Saloons. New Management. Good Hotel, Meals 25 cents, Grocery Store. Milton S. Maxwell, of Ione, was up yesterday and registered at the Palace hotel. D. Osmer, of Butte, is stopping at the Palace. Stacy Roberts and family went to Teal springs yesterday. Heinz's sweet pickles at Bishop's. R. F. Hynd is away on a trip to Pendleton. Frank Templeton, of the firm of Templeton & Prophet, wool-growers of Haystack valley, was in Heppner yesterday buying supplies. Chas. Tefft has started the great convenience of delivering fresh bread at Heppner homes, and his bread is very good. Wm. Barrett received a letter Monday from his campmaster Wm. Thompson, saying that his big band of 3150 sheep were doing well on Little Baldy mountain in the Greenhorn range, and that feed was good and there was no trouble with anybody. T. R. Howard's store has everything in the grocery line needed by city trade.

LOCAL NOTES.

The dry season is at hand, and Willow creek is running pretty low. A. Anderson, of Umatilla, roadmaster on the O. R. & N., visited Heppner Tuesday, and stopped at the Palace. F. W. Knower, of Portland, will fill the position of bookkeeper in the bank during Mr. Howard's absence on vacation. P. M. Howard and wife started Wednesday for Spokane. In the lake region near by they will enjoy a month's vacation. Go to Matlock & Hart's for your vegetables, fruits, etc., always fresh. For the best time you ever had in your life, take a trip to the Teal or Lehman Hot Springs. Bathing, Dancing, Musical Shooting Gallery and other amusements. Leaders in the business. Fresh fruits and groceries. Come and see. Matlock & Hart. Clean newspapers to cover shelves, put under carpets and line houses are sometimes scarce, but just now there is a full supply on sale at the Gazette office at 15 cents a package. The wonderful Medicinal waters of the Teal or Lehman Hot Springs, are a remedy for Rheumatism. Spend your summer there. If you are thinking of going to the seashore, read up on the ad. of the White Collar line, whose beautiful boats make fast trips along the Columbia between Portland and the sea. Sample of the Demar photo given with purchases at Matlock & Hart.

HOME INDUSTRY.

Few people realize what an extensive establishment the Heppner Steam Laundry is. It has the latest and most improved machinery, and does all kinds of laundry work in first-class shape. Its wagon calls for and delivers laundry. No need sending away from home for washing. All white labor under the able management of Fred Krug. Home-seekers are dropping into Morrow county, and find land values very reasonable.

GROUSE WILL RIPEN

In the Blue mountains inside of another month, and rolled in flour and fried in bacon-juce they are delicious. Choice bacon and flour at Matlock & Hart's. When you want something for lunch in the way of canned meats go to Bishop's. There never were prettier potatoes on earth than those new ones on sale at Matlock & Hart's. Heppner's big 3-story Palace Hotel is a credit to the Northwest, and is conducted under the personal supervision of its owner, Senator J. W. Morrow, at prices within the reach of all.

SEASHORE.

If you are going down where cooling breezes blow by the briny deep, call on E. W. Crichton, at Telephone dock, Portland, and in his usual whole-souled way he will ticket you through to the beach by the famous White Collar line of floating palaces. He is a jovial man to talk to.

LONG TRIP.

Contractor J. J. Roberts made a start Tuesday on a long pleasure trip. With a good team and one of Park Garrigues' best new covered hacks he left Heppner with his family on an overland jaunt to Modoc county, Cal., where he will attend a reunion of the Roberts family, the first in years. Jim expected to put in about ten days on the road, and to jog back by a different route.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this royal cure "it soon relieved the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like something is prising throbout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. MORROW'S MOUNTAINS.

It was very kind of nature to run the western spur of the Blue mountains through the south ten townships of Morrow county. It is a beautiful region of tall timber and good water, and has still a large area of government land. Those who live up there like it. Everett White came last March from old Missouri, and is on the I. N. Baisey place, 20 miles from Heppner, with his family. Says it is away ahead of Missouri. There are no large clear tracts of agricultural land up there, but there are patches that produce hay, grain and vegetables. Crops are a month later than at Heppner, but the potatoes say that all they ask is to be kept separate from the hogs and they will make a good showing. Beyond the foot of the Caldwell grade several new ranches have been taken up, and Miss Pearl Baisey has a school of 7 pupils, and a Sunday school has been started. A county road along the east fork of Willow creek would help settlement very much. J. N. Beeler has been living up between the forks of Willow creek for 14 years, and has chopped out a good home. He has quite a little orchard, and says that this is the first year it failed to bear. He has several acres of timothy, some of it 6 feet tall. It started itself, and shows that it is the natural grass for Morrow's mountains. It is a steep climb to get up to Mr. Beeler's, but he says he prefers living there to all the other places he has tried all over the coast. He has the best spring on earth, the mountain robin nests in his dooryard and sings him to sleep, and he pitchesforks porcupines in his fruit trees. He has seen 3 feet of snow in winter there, but says there are no harsh winds, and he likes living up there. People who are hunting homes should inspect Morrow's mountains.

BEACH BY BOAT. Are you going to the seaside? If so, remember that the steamer T. J. Potter, the only through boat, leaves Portland from Ash-street dock, every Tuesday and Thursday, at 9 a. m., direct for Ilwaco, making no stops en route, and arriving at Ilwaco about 4 p. m., where train is taken without delay for all points on Long Beach. On Saturdays the Potter, under a fast schedule, leaves Portland at 1 p. m., enabling passengers to reach hotels or cottages early Saturday evening. Steamer Hassalo, the popular night boat, leaves Portland at 8 o'clock in the evening daily, except Sunday, and on Saturday at 10 p. m., arriving at Astoria early the following morning, connecting with L. R. & N. boat for Ilwaco and Long Beach points.

HEPPNER CHURCHES. M. E. church—C. D. Nickelsen, pastor. Services at 11 a. m. and 7:30 p. m. M. E. church, South—F. F. St. Clair, pastor. Services at 11 a. m. and 7:30 p. m. Christian church—Sunday School at 10 a. m. Baptist church—Sunday School at 10 a. m.

HOME FOR SALE. A nice house, 6 rooms, well located, lot 50x150, only \$1100. Apply at Gazette office. PRETTY AS PEACHES. This is a comparison often made, but people change it now when they see at Matlock & Hart's boxes of peaches and potatoes side by side, and the potatoes are the prettiest and most valuable for food. They are beautiful and substantial, and are raised by Matlock & Hart.

STOCK PAYS BEST. Take it up one side and down the other, stock pays best. A real bargain is now offered in a 1440-acre stock ranch 45 miles south of Heppner. Only \$4 an acre. Good outside range; 100 tons of hay thrown in and 100 acres in growing wheat; all under fence and will raise anything. Apply to Gazette office, Heppner.

FIRE AND SMOKE.

Forestry Agent Johnson says that 400,000,000 feet of timber is consumed annually in the state of Oregon for fire wood. Portland burned 137,797 cords of slabwood and cordwood last year. The Southern Pacific, which burns wood exclusively on its Oregon lines, consumed some 60,000 cords alone last year, and will probably use 75,000 cords this year. The Blue mountain wood camps cut 15,000 to 20,000 cords each, annually. This wood finds a market in Baker City, La Grande, Walla Walla, and even Idaho. The steamboats on the Columbia and Willamette rivers consume enormous quantities of cordwood and keep a small army of men employed in furnishing it.

Servant—Please, ma'am, the parrot has been saying another lot of fresh words. Mistress (to lady visitor)—Yes, my Jocko is very teachable; it listens to every word my husband speaks to me. (To servant)—What did the creature say? Servant—Shut up, you old idiot!

"The most difficult problem of life is to grow old gracefully." "Oh, I don't think so; it is much more of a problem to stay young gracefully."

AT NOME. J. Hawley, of Portland, brings back bad news from Nome, and says that of 26,000 people who have gone there, 95 per cent. will make nothing; the beach has been worked over 5 times; there are 120 cases of smallpox and much pneumonia; there are 5000 people there who have not \$10 each, no work and no way to get back.

IMPORTANT TO MOTHERS. The manufacturers of Castoria have been compelled to spend hundreds of thousands of dollars to familiarize the public with the signature of Chas. H. Fletcher. This has been necessitated by reason of pirates counterfeiting the Castoria trade-mark. This counterfeiting is a crime not only against the proprietors of Castoria, but against the growing generation. All persons should be careful to see that Castoria bears the signature of Chas. H. Fletcher, if they would guard the health of their children. Parents, and mothers in particular, ought to carefully examine the Castoria advertisements which have been appearing in this paper, and to remember that the wrapper of every bottle of genuine Castoria bears the fac-simile signature of Chas. H. Fletcher, under whose supervision it has been manufactured continuously for over thirty years.—Phila. Bulletin.

LIPPINCOTT'S. This magazine has turned over a new leaf, and now ranks right up among the very best. The price has been reduced to 25 cents a copy, or \$2.50 a year. The "new" Lippincott's Monthly Magazine is distinguished from all other magazines in the field by a complete novel in each issue. This means that the subscriber receives for a nominal sum twelve complete novels a year, written expressly for the "New Lippincott" by the brightest pens of America and England. A whole shelf-full of fiction for a ridiculously small expense, and subscriptions may begin at any time. Nothing continued. J. B. Lippincott Co., publishers, Philadelphia, Pa.

VISITORS FROM SCOTLAND.

Jas. Hynd Sr. and Jas. Hynd Jr. are visiting relatives here. They are father and nephew to Robert Hynd and Mrs. Wm. Barrett, and their home is at Arbroath, Forfarshire, Scotland. They will on this trip, their first to the Pacific coast, visit all Oregon. Mr. Hynd Sr. has a farm of about 300 acres, and practically every inch of it is under cultivation. It supports and gives employment to 75 people, and the plan of rotation of crops is closely adhered to, and fertilization is never neglected. Scotland must be a very healthful country, for the two Mr. Hynds are the most robust men ever seen in the Heppner Hills. They think that Morrow county is far ahead of Scotland for fruit and alfalfa.

LATEST WAR.

Chinese troops and Boxers have captured a Russian transport, also the town of Biogvestchensk, killing everybody. Forty foreigners and 100 native converts were murdered July 9 at Tai Yuen Fu. Tien Tsai has been captured by the allies.

HERDER DEAD.

R. F. Hynd has received a telephone message from his campmaster saying that the latter had found the herder, Mr. Palmatrix, dead on the range in the range in the Greenhorn mountains, and that the sheep were badly scattered.
