SLEEPS WELL. "Yes, indeed, I sleep well now. No more nightmares for me," said Jas. Ritter yesterday as he happily leaned on people he met. Then he went on to say: "The cause of my resting easy and whistling as I go is that I have just had my life insured by L. W. Briggs, and now if I die my wife and little ones are sure of money enough to carry them along for years."

A RICH REGION.

Judge J. P. Williams returned Tuesday from a two-weeks' trip to the Granite mining region, where he visited his brother Newt, well known in Heppner, who has some good claims there near Granite mines. Judge Williams found Granite a nice town of about 400 people with a good hotel and several stores.

Considerable mining and prospecting is being done around Granite, and the country appears to have a good future before it. Judge Williams made the trip by buckboard with a good team, and found the roads fair but steep and rocky in places. He went by way of Teal springs, where many people were arriving.

SEASHORE. If you are going down where cooling breezes blow by the briny deep, call on E. W. Crichton, at Telephone dock, Portland, and in his usual whole-souled way he will ticket you through to the beach by the famous White Collar line of floating palaces. He is a jovial man to talk to.

WILD WEST PARTY. One of the most enjoyable excursions ever made into Morrow's mountains was that of the party of Heppner young people who adopted the name of the Wild West party. They camped on Ditch creek, and remember the occasion with pleasure.

This year the party has been reformed, and started Monday morning for the old camp ground to stay about a week. It numbered 16, among whom were J. J. Wells, Clyde Saling, W. L. Saling, Prof. W. C. Howard, Mrs. J. D. Brown, Misses Ora, Maggie and Bertha Adkins, Lillie Andrews and Anna Smith.

Hart, returning to Heppner about Aug. 1. The party travels leisurely by wagon through the most beautiful part of the beautiful Blue mountains, and will catch trout and camp out as they go. Most of the trip of about 110 miles will be through tall timber, and is sure to be delightful.

DIED. John Gates, son of H. V. Gates, of the Heppner Light and Water Co., died here Thursday evening. For some time he has been suffering from Bright's disease, and came to Heppner very recently, hoping that the climate might help him. His father and mother arrived from Hillsboro only an hour before death came. They took away the remains of their son on Friday morning's train to their Hillsboro home for interment.

Story of a Slave. To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a god send to weak, sickly, run down people. Every bottle guaranteed. Only 50 cts. Sold by Conser & Warren Drug Co.

AT NOME. Gov. J. H. Fletcher, writing from Nome June 17 to Hon. H. G. Guild at Salem says: "I wish to say to my friends who may contemplate coming to Nome to stay where they are for the present at least. Many are already returning. The whole country is now in the control of looters, thugs, mine-jumpers, sharks and thieves. People who bought claims last winter, find them now occupied by armed bandits, and they bid the owners defiance. And so it goes. A few good mines are not going to furnish employment to 40,000 laboring men. The Salem people here are all well, only one expression is heard from every lip—'Oh! for a month of British law.' There is no law here."

On the ranch or in the mining camp dried fruits are always needed. The best are at Matlock & Hart's. Fresh candies every day at the Factory. A nice line of Key West cigars at Matlock & Hart's.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. Atkinson.

HERDER'S DEATH.

The Granite Gem of 20th says: Word was brought to town Saturday morning that a dead man was found Friday evening in the Greenhorn mountains, a few miles south of Olive lake and about 22 miles southwest of Granite. Dr. Causey and Justice Brown started to hold an inquest on the body. It was found that he had been dead for a week or more, the cause being rheumatism of the heart.

The name of the deceased was George Parmartier, aged about 55 years, and he had charge of a band of sheep belonging to R. F. Hynd of Heppner. One of the dogs, a faithful shepherd, was watching over the body when found and was nearly dead from hunger and thirst. Another of the dogs was herding the scattered band of sheep and succeeded so well that only 500 were lost out of a band of 2800, while the third dog was faithfully guarding the deserted camp.

The remains were so badly decomposed that it was impossible to remove them or place them in the coffin taken along for the purpose, so he was wrapped in his blankets and buried on the spot. It is sad, very sad, to think of such a death, far from human habitation and friends, alone save for dumb animals, and then the burial with no mourning friends or relatives and no requiem but the wind among the pines and the singing of birds.

R. F. Hynd has received word from his brothers who went out to investigate, that there are only 7 head of the sheep missing.

BIG CROPS. C. A. Rhea, president of the First National Bank, was up Monday from his ranch below Lone. He says that great activity prevails in that part of the great wheat belt of Morrow county, and harvesting is being prosecuted with vigor. Lise Sperry was offered 49 cents for his wheat Saturday.

Most men down that way have large acres in wheat, and it is turning off well both in quantity and quality. Many farmers this year bought headers and threshers, and in trying to run them all at the same time a scarcity of help resulted.

The Willow creek country is this season making a great record in wheat-raising.

BEACH BY BOAT. Are you going to the seaside? If so, remember that the steamer T. J. Potter, the only through boat, leaves Portland from Ash-street dock, every Tuesday and Thursday, at 9 a. m., direct for Ilwaco, making no stops en route, and arriving at Ilwaco about 4 p. m., where train is taken without delay for all points on Long Beach. On Saturdays the Potter, under a fast schedule, leaves Portland at 1 p. m., enabling passengers to reach hotels or cottages early Saturday evening.

Steamer Hassalo, the popular night boat, leaves Portland at 8 o'clock in the evening daily, except Sunday, and on Saturday at 10 p. m., arriving at Astoria early the following morning, connecting with I. R. & N. boat for Ilwaco and Long Beach points.

WEATHER AND CROPS. The general report for the State says: The last four days of the week have been the hottest of the season, and they were generally attended by desiccating north winds, which did but little damage to the ripening grain, because of the cool nights, which, during this time, were but slightly warmer than usual.

The maximum, or day, temperatures for the entire week ranged in western Oregon between 73 and 96 degrees, and the minimum, or night, temperatures between 51 and 64 degrees. East of the Cascade mountains these variations were for day temperatures between 74 and 100 degrees, and for night temperatures between 48 and 70.

The harvest of fall grain is now well advanced. Spring wheat is maturing rapidly; some has been cut and its harvest will become general this week.

In the Columbia valley the weather has been very warm. Harvesting is in progress. A great deal of the fall wheat is cut and stacked. Spring grain is turning and will be ready to cut by the time fall-grain harvest is completed.

THE NEW PRINCIPAL.

Prof. Reid, who will take charge of the Heppner public school when it opens next fall, is spoken of as follows by Prof. E. B. McElroy, formerly state superintendent of public instruction: I take pleasure in commending Prof. D. V. S. Reid, city superintendent of the Eugene public schools, to the Board of Education everywhere.

Mr. Reid has devoted his life to educational work—the major part of this experience being in Oregon. He served several years as County Superintendent of Linn county; some years as principal of Jefferson Institute, and as principal and superintendent of the Albany public schools.

He was an active member of the State Board of Examiners for ten years. As an efficient organizer, disciplinarian and instructor, he has few superiors. As a progressive, energetic educator, he stands in the front rank of our very best workers.

MASONIC INSTALLATION. Last Saturday evening, July 21st, the final ceremonies were performed completing the instituting of Lone Lodge No. 120 A. F. and A. M., Deputy Grand Master P. O. Borg, presiding. He was assisted by the following Heppner Masons: Messrs. R. F. Hynd, R. C. Willis, L. W. Briggs and D. W. Hornor.

The following officers were installed to serve for the balance of this Masonic year: W. M., G. J. Curran; S. W., E. G. Sperry; J. W., T. J. Allyn; Treas., C. T. Walker; Sec., W. T. McNabb; S. D., A. C. Morgan; J. D., J. P. Rhea; Tyler, E. T. Perkins; stewards, I. R. Esteb and N. O. Smead.

This lodge starts out under auspicious circumstances and it is safe to predict for it a prosperous future.
