Hon. Phil Metcalf, in connection with Mr. C. W. Knowles, has taken charge of the Imperial Hotel, of Portland. The reputation of these gentlemen insures the success of the enterprise. The dining room is excellently managed and is unsurpassed.

MAYFLOWER MINE.

A letter received from Dan Stalter states that work was progressing favorably at the Mayflower Mine, in the Greenhorn range, and that he expected to reach his home in Heppner about Nov. 1. Mayflower ore still shows the same high value. A railroad track has been laid and an ore-car is now traversing the tunnel.

The Mayflower bids fair to become a very valuable mine.

When Mr. Stalter went into the Greenhorn range three weeks ago he found 16 inches of snow, but it soon went away again.

NEW IDEA.

Dan P. Doherty has introduced a new idea in Heppner, that will prove a great convenience. He conducts a neat, quiet and respectable reading room in connection with his new I. X. COON SOCIAL.

The Women of Woodcraft will give a coon social at the opera house Saturday evening, and intend to make it enjoyable for all who attend. Admission 25 cents; refreshments 10 cents extra.

LOST LAMBS.

It is one of the hardest jobs on earth to make a big band of lambs hang together while being driven long distances. The lonesome little innocents want to find the mummies that have been taken from them, and will wander to all points of the compass in making the search.

Thus it is that many lambs have been lost from their bands while coming out of the mountains this fall.

Take the Bartholomew and J. Q. Wilson band as a sample. It contained 628 when delivered on the John Day. On arrival at Heppner 324 lambs were missing, and Walter Bartholomew has started back to try to recover them.

TO THE LADIES.

Who have been so patient in waiting for the arrival of our line of flannel and silk waists—they're here, opened and marked at prices that will sell them out quickly. The Fair.

FALL FLOWERS.

The town gardens are now making a fine display of fall flowers, the gardens of Mrs. S. P. Garrigues, Mrs. Conser and Mrs. Vaughan being particularly fine.

Strangers coming into town by train say that they receive very fine first impressions from the beautiful display of fall flowers in the garden of Mrs. Robt. Wills. Not only is there a nice flower-garden there, but the new house itself is one of the best-built and conveniently arranged in town, and is a credit to the county.

AMERICAN PLAN ONLY.

The Palace Hotel, of Heppner, is one of the home institutions that Eastern Oregon may well be proud of. It fills the field as a first-class house, and it employs only competent white help. It is conducted strictly on the American plan, and its commodious well-furnished rooms and bountiful tables give satisfaction to all its patrons.

HAVE IT DONE HERE.

Home industry is the corner stone of the prosperity of most communities. Send away for nothing that you can get at home, and keep the cash here. The Heppner Steam Laundry does good work and has modern machinery and full facilities. Clothing called for and delivered. FRED KATZ.

DID THEY GROW?

Through the courtesy of Senator Geo. W. McBride the Heppner Gazette was last spring furnished two bushels of garden seeds from the government agricultural department.

These seeds were distributed among the people of Morrow county, and now the government would like to hear how they got on.

Those who tried the seeds will please send a few lines to the Gazette office giving results, so that a general report may be made up and sent to Washington, showing what seeds do best in Morrow county.

The Gazette will have a big lot of seeds to freely distribute next spring, and wishes to avoid ordering those that do not thrive here.
