

HEPPNER TESTIMONY.

Miss Sottie G. Usher.

HEPPNER, Or., Nov. 1.

Dear Mrs. Lydia E. Rinkum—

Some of my girls think say that you

are a man. Are you?

Well, when I need to be bored by

Testimony Smith I thought I would never

give any testimony, but here I am.

Advertising did it.

Morrow county has a healthful climate,

and I was always well. But after reading 7

columns of your advertisements I knew I had symptoms.

The next day I began to spit.

Next day I spit some more.

Next day ditto, and the next 16 days

also ditto.

Next day I took 16 bottles of your dog-

good, and in 4 days had stopped spitting.

The trouble was that one of my in-

growing toe-nails had entered the inner

tubercle of the diaphragm thorax, causing

membranous hemorrhage of the gastric glands.

My mother says she had the same

trouble for 97 years, and so there were

no children in the family.

I am determined to make all my

many brothers and sisters take your

medicine, even if you are a bogus woman.

I am going to have 17 offspring, even

if I have to adopt a lot of tuff kids from

the Reform school.

I enclose 7 of my fotos. Don't print

any of them, but if you do, print the

one that shows my improved appearance.

Did you see that picture of my three

twin brothers advertised by the Patsy

Bolivar Co., their loving friends down to

Boston? The twins weighed 65 pounds

at 65 days. They were raised on melon

food and cost Mah 6 bits an ounce. Pah

had to cut his own hair and make his

own clothes for 90 days after.

I also enclose a picture of the young

man I am engaged to, as follows:—

PHILIPPINE WAR.

Gen. MacArthur will personally direct the vigorous military operations to be directed against the Filipino insurgents. He has clearly indicated that as soon as the rainy season shall have ended he will take personal command of the troops.

Plans of the War Department communicated to Gen. MacArthur for suppressing the rebellion contemplate the division of Luzon into districts and the mobilization of sufficient troops in those districts effectually to shatter any insurgent forces that may be operating therein. Gen. MacArthur is apparently confident that he will find large bodies of insurgents, and is laying his plans to catch them between cross-fires. The details of the operations must necessarily be left to him, but the authorities have clearly indicated that the insurrection must be crushed during the dry season.

In army circles the suggestion is made that it might be advantageous to offer a reward for the apprehension of Aguinaldo. Officers are convinced that his capture would have an important effect in bringing about an end to the insurrection. Aguinaldo would, if alive, be a burden upon the hands of the administration, and while the authorities do not wish his death, it is conceded that if he should be killed during the forthcoming operations the situation in the islands would be materially simplified.

The sharp campaign now about to begin will show whether it will be necessary to ask congress to increase the regular army. If in the Philippines Gen. MacArthur can suppress the rebellion before the volunteers come home and restore order in the archipelago, there will not be the need for a large increase.

SOME WERE FOUND.

Frank Pitter's herder picked up a bunch of stray sheep, probably about 225 head, last Tuesday on the Ferry Canyon range. They belonged to Geo. Hardie, of Trail Fork, and had been dropped out while the band was going to the Lamberson place last Sunday. It is not known yet how many have been killed by coyotes, but as these animals are very numerous in that country this year, the loss may be estimated at from 15 to 20 head.

SHEEP.

If you have any sheep to sell, let it be known in Heppner and they will be snapped up at once.

Os. Mitchell bought the A. J. Tillard sheep, 1000 ewes, at \$3.25, and 700 old ewes from Wm. Barratt at \$2.25.

Jim Jones has contracted to deliver in February to Wm. Barratt 1700 lambs at \$3.

Andy Cook now has the Joe Luckman sheep settled down on the home ranch, with oceans of grass and plenty of hay.

The 700 mixed ewes that Dave Herren bought from Lawrence Sweek at \$2.50 the day before election could not be touched at any such price the day after.

John Hayes has swapped 1000 ewes, getting \$1.25 a head to boot.

Nat Webb has bought from Arthur Minor 1700 lambs at \$2.25, and 2400 ewes of mixed ages at \$3. Also bought from John Hayes 2100 ewes at \$3.25. Nat will continue to run 2500 sheep near Flottville, on Rock creek.

HEPPNER REGION BEST.

Nat Webb is a pioneer of the coast who knows the whole country. He has had sheep in the Heppner country for 24 years, and a few years ago transferred most of his interests to Idaho.

Now he has sold his sheep in Idaho and re-invested \$18,000 of the money right back in Morrow county.

MARRIED.

Guy Huston and Miss Elsie Farmer of Smile were married yesterday and registered at the Palace Hotel last night, starting this morning on a bridal trip to Portland.

WHEAT, WOOL AND STOCK.

Portland, Nov. 14.

Wheat market was flying the distress signal again yesterday, the East indulging in a slump of over 1 cent, while the European markets were decidedly soft. In the local market, there was plenty of wheat offering at the prices which prevailed the day previous, and at least one lot of 50,000 bushels of Walla Walla was sold at better than 55 cents before the Eastern and foreign markets struck bottom for the day. Later, 55 cents was an outside quotation and there was not much disposition to do business even at that figure. There is an easier feeling in freights which is helping the local market somewhat. Recent charters have been made at a rate enough under the high point reached, to enable the price of wheat to hold fairly steady in this market, even when there is a decline in Europe. If the foreign market improves, however, much of the advance will go to ships as the supply is not increasing fast enough to have much effect on the statistical position.

With "Wolf" Thompson in the Woods.

Ernest Seton-Thompson, the artist, naturalist and author, is to contribute a series of most interesting articles to The Ladies' Home Journal. They may be called an autobiography of the author of "Wild Animals I Have Known," as they will recount his experiences and encounters with all sorts of voracious animals that inhabit the American wilds—the most interesting features of a life filled with exploit and adventure. The article will be illustrated by Mr. Thompson's own drawings of his friends of forest and plain.
