

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disgusting pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are resorted to.

Mr. H. T. Shober, 2224 Broadway, St. Louis, Mo., says: "My daughter was afflicted for years with a disgusting eruption on her face, which resisted all treatments. She was given two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. The second bottle cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed to keep the complexion clear and healthy.

SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

IT PAYS.
It is now generally admitted that sheep-raising and wool-growing in Morrow county are pretty fair paying propositions.

There are at present in Morrow county 263,535 head of sheep, and O. E. Farnsworth, who has been running sheep here for 23 years says that sheep pay an annual 50 per cent net profit on the investment. He says they have been doing that for the past three years, but that for 5 years previous to that, in free trade days, sheep paid practically nothing, and many men ran herds.

Present prices on sheep here are \$5 a head for breeding ewes and \$2.50 a head for yearlings of mixed sexes delivered after shearing next spring.

Night Was Her Terror.
"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs, colds, influenza, bronchitis, and all throat and lung troubles. Price 50c and \$1. Trial bottles free at Bloem Drug Co.

The Kiowa and Camanche country in Indian Territory will be opened for settlement this summer. It is a grand country, and is reached only via the Great Rock Island Route. Strikes a Rich Find.
"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. I have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employe of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlahan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by the remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by Conser & Warren, druggists.

ON WHITE SAGE MESA.

J. E. WING IN BREEDER'S GAZETTE.

(Continued from last week.)

The storm blew itself out that night and by early morning light the camp-mover was hurrying up the trail toward White Sage. There was not much snow on the level, wind-swept plain and he made good speed to the old camp. The tent yet stood, sheltering a long drift of hard-packed snow. Two dogs came sneaking out on his halloo. Hastily peering inside, his face turned grim. "He's stuck to 'em," he muttered, and turned his horse toward the direction the storm had taken. Riding at a hard gallop he soon reached the rim-rock. No trace yet. Bearing off to his left he swept on. Noticing presently the monument, he went and peered over. On then to the break. Below he heard the bells and saw the flock feeding, scattered quite a little, no sign of herder. He was anxious, but no tiny column of smoke anywhere told of a camp. He rode down and at once found dog's tracks. He whistled, and soon old Bess came from the direction of the sheep. Very glad she was to see him, and at once led him with wistful glances and whines toward the cliff. She had a trail running back to her master. Saddy was well snowed over, his head was covered by his arm. Bess licked his face and he stirred and the camp-mover was beside him in an instant and shaking him vigorously. "Do you want me?" he mutters, "I am pretty tired, I want to sleep a little more"—but he is not allowed to sleep. He is dragged out of his snow-bank, the merciful snow-bank, he is slapped and shaken and given a drink of some fiery liquor and made to walk and is wrapped in the camp-mover's great coat, and hurried stumbling, falling, helped, toward the bottom of the gulch where cedars grow and soon there is a fire and the dream of home is gone and the agony of life is beginning again. But, thanks to the snow, and thanks to old Bess, who lay upon him, he is hardly frozen at all, and after swallowing steaming coffee, telling his story, feeling with a great thrill that this camp-mover, who had all along seemed a sort of god to him, recognizes him now as an equal and a brother. And all his resentment of past slights vanished and he loved the grim-faced man who sat beside him, with an unconscious arm thrown around him. And this was the Christmas day.

And presently the camp-mover remembered and took from his inner pocket a bundle of letters. One was from home, and was read first, for the other was from Her, and do we not reserve the highest and holiest joys to the last? And did he not know by the unusual tremulousness of the writing on the envelope that it held an answer and that his dream of the night, his long strange dream, was to come true? What mattered some frost bites, some aches, in the glory of this new-found manhood? For in this manner came Christmas to Sandy Jim on the White Sage Mesa.

BOSTON WOOL MARKET.
Boston, Feb. 21.—The Commercial Bulletin will say in tomorrow's report of the wool market:
The receipts of wool in Boston since January 1 have been 14,294,698 pounds. Shipments to date, 33,803,657 pounds. Total stock on hand is 56,500,632 pounds. More speculators are throwing wool overboard. The banks in the West are weakening, wool having dropped below their advances. Sales are free. The most notable sale this week was a lot of 1000 bales choice Geelong Australian wools at last week's rates, or 67 cents clean for 70-cent quality. The wool was bought at the top of the market last year. The net loss is \$50,000. The new American clip has opened at Phoenix, Ariz., on basis of 10¢ to 15¢ to the grower, against 15¢ to 16¢ last year.

There is no reason why Morrow county cannot support twice its present population, and for those who are willing to work, homes are here. The man with cash to invest would probably reap rich returns from it here as elsewhere, for land values here are the lowest on earth considering the production and profits.

Home-seekers with means, and investors should come here. On account of the low prices at which its lands are offered, Morrow county expects to double its population this year. Good land can be bought here at \$1.25 to \$5 an acre.

A Convincing Answer.
"I hobbled into Mr. Blackman's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: 'Well if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to the directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by Conser & Warren, druggists.

Clear Head.

To the engineer who has the powerful forces of nature under his control, the possession of a clear head is an absolute necessity. He must have a head that is quick and ready, wide awake and ever on the lookout to meet emergencies. A clear head must be free from aches and pains, because they weaken the nervous force and divert the attention. It must not know dizziness, dullness, melancholy depression of spirits, nor nervousness.

"I am an engineer and for years was handicapped in my work by frequent attacks of severe headache. In spite of everything I could do these spells grew worse until they became almost continual. Hearing of Dr. Miles' Nervine through a friend who had used it, I began taking it for my head, and it gave me relief from the start. In a short time my head was as clear as a bell, and has not troubled me since." E. W. WILSON, Alcott, Colo.

Dr. Miles' Nervine

Relieves every form of head trouble and gives to the entire system that vigor, energy and snap that make clear-headedness. Try a bottle for yourself.
