

TRAVELER'S GUIDE. DISTANCES: Heppner to Portland by wagon road 197 miles...

Heppner has 1166 population, good school, city water, electric lights and \$35,000 brick hotel...

Here and There

County Court is in session. Bees are buzzing and calves are coming. Heppner children now find lots of fragrant flowers on the adjacent hills...

After a lengthy visit with her sister at the old place on Ithea creek, Miss Lena Rhea is again at home in town with Mrs. Conser. Judge Julius Keithley has tastefully trimmed the trees in front of his residence...

As the locust trees in front of George Conser's home have assumed considerable size, he has had some near-by poplars chopped down. The locust is the best tree, though of slow growth. County Commissioner Howard is not able to attend this term of court on account of sickness, his wife being also ill...

Mrs. H. W. Bartholomew, who is visiting Portland, is expected to return Tuesday. Jas. Wyland and C. H. Hams were in this week from Hardman. Mr. H. had Dr. Kistner remove a soft tumor from his groin. J. A. Meyer, on Monday from his Black Horse farm, says that old ground there is as yet too wet to plow...

LOCAL NOTES.

All symptoms show that spring is here. Every day now the Heppner Hills are taking on a greener tint. Clyde Wells will soon have a new wagon for his milk run. Alfalfa fields are now making their spring start, and already yield quite fair feed...

Frank Roberts has been speeding the plow at his new home on the hillside, and will make a large lawn. Henry Heppner is having new and substantial awnings built in front of his store property on Main street. J. M. Humphrey is in from Eightmile, having fully recovered from his recent illness, which he went through entirely alone on his ranch...

Wm. Hughes and wife were to leave Ireland on Feb. 21. It will be a sad home-coming to them, with their little daughter, Conny, in her grave. C. C. Patterson, of the Heppner Lumber Co., always a worker, has tackled business with renewed energy since his return from his eastern vacation. The willow tips along the water-courses are ready to leaf out, and the balm buds are bursting...

J. L. Yeager and Sam M. Adows made a trip to Hardman Saturday, where Mr. Yeager embalmed the body of J. H. Inskoop, who died at Eightmile. The Belgian hare certainly furnishes very tender and palatable meat, but there can be very little profit in raising them, for they sell, dressed, at 50 cents each in Heppner, and it seems as though it would take that value in wheat to bring them into such good condition. The waylaying of the editor of the Gazette was a brutal scene in perfect accord with the underhanded methods of the thing that planned it, and the spy he sent to the Gazette office will eventually reap the reward that comes to most spies...

If you want to swap a creek ranch here for a Willamette valley farm, call on W. L. Houston, at Heppner flouring mill. Spring trade always finds a full stock of groceries at Matlock & Hart's. Sheep ranch outfits, stock salt, hats and furnishing goods, pipes, tobacco, candy and nuts—all these are sold at T. R. Howard's store. Legal blank and all kinds of job printing at Gazette office. Heppner Gazette only 4 bits for 3 months. The very choicest of canned and dried fruits are always kept on hand at the grocery store of T. R. Howard.

SONG OF SPRING. When spring is here, The thrist for beer increase. To alkay the thrist, Whether last or first, Call at the Bellevue. Mistake to the test, And stand the test. Also wet goods that were brewed in old Kentucky and are therefore very lucky. FRANK ROBERTS, PROP.

MODERN MANGLE. I have added modern machinery to the Heppner Steam Laundry, the most important being a new and improved mangle, which does first class work. With improved facilities I hope to give satisfaction to all customers, and hope people will patronize this home institution and promptly pay their bills the first of the month. There is no good business policy in sending washing away from Heppner. FRED KRIG.

A HOME ON TIME. A good ranch of 160 acres, 140 of it good plow land, located on county road, 5 miles southwest of Heppner, is now offered at \$4 an acre. Any man who will work it may have it on 3 years' time, pay in easy installments. Apply at Heppner Gazette office. First to arrive with the telegraphic news—The Weekly Oregonian. MORROW'S TAX FIGURES. \$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Hall's Catarrh Cure. This is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

REMARKABLE CURES OF RHEUMATISM. From the Vindicator, Rutherfordton, N. C. The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. For sale by Conser & Warren, druggists. PRIVATE BOARD. Anyone desiring Private Board will do well to call on Mrs. Morrison, at her rooms back of P. O. Boy's Jewelry Store.

HUMMING MILL.

The Heppner Flouring Mill is making music and food right along now on full time, and its machinery has been vastly improved. The latest addition is a conveyor that whirls the wheat across from the warehouse and abolishes trucking for 50 feet. The mill office has been moved to the ground floor, and Manager Houston has made everything more convenient. To get the best wheat the mill always pays above the market price, and now quotes best blue-stem at 45c. Heppner flour is recognized as the best in the world, and when the railroad is extended up town a side-track should surely reach the mill and eventually make it an export institution.

McCLURE'S FOR MARCH.

The March McClure's magazine is one of notable value, a value at once timely and permanent. The leading feature is a character study of Edward VII., written by the man in America most competent for the task, G. W. Smalley, of the London Times. Accompanying the article are pictures which form a series of portraits of the new sovereign from earliest youth to the present. Theodore Roosevelt, vice-president elect, contributes an article of great interest to this number, in which he describes clearly the personalities of some who have labored with success in New York City for "Reform Through Social Work." Among the artists represented are F. V. DuMont, Frederic Remington, J. Lockwood Kipling and W. J. Glackens.

A BALD NEWSPAPER MAN

Getting a New Crop of Hair, and Has No More Dandruff. Everybody in the Northwest knows Col. Daniel Stearns, the veteran journalist and publisher of Bate, Jan. 19, 1900, the Colonel writes: "I need a couple of bottles of Newbro's Herpicide with marvelous results. The dandruff disappeared; a new crop of hair has taken root, and the bald spot is rapidly being covered. Herpicide is the only hair preparation that kills the dandruff germ that digs up the scalp in scales as it burrows its way to the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out. Kill the dandruff germ, with Herpicide."

Heppner's big 3-story Palace Hotel is a credit to the Northwest, and is conducted under the personal supervision of its owner, Senator J. W. Morrow, at prices within the reach of all. Dr. E. R. Swinburne, Heppner, has several tracts of good land to sell at \$5 an acre.
