A. Abrahamsick, the pioneer tailor, came in Monday from his beautiful mountain homestead, and attended to business in town.

The family of W. L. Houston, manager of the Heppner Flouring Mills Co., has arrived from the valley.

When the fine big hand of Wyandott and Pokakoot and Plymouth that have been scratching up Otis Patterson's lawn heard that he was coming up to have them arrested for violating the chicken ordinance, they suddenly disappeared.

While learning their trades, poets do the suffering. After that the public.

Wild Bill's Indian outfit came in from the mountains yesterday with a pack-train of perfumed pulled wool.

Halm buds now make fragrant the air along the water-courses.

One would think that Uncle Tom Ayers' house was big enough to shelter half the town. But still he continues to build additions.

Nat Webb is back again band increased 96 per cent.

Uncle Hugh Fields is up from Brownsville looking after his large Morrow county interests.

The 50-acre Steers ranch, near Fossil, has been sold for \$4000.

Staple and fancy groceries always on hand at Bishop's store.

Best equipped for city work and trade are Matlock & Hart. They run their own delivery—quick service.

Sheep-ranch outfits, stock salt, hats and furnishing goods, pipes, tobacco, candy and nuts—all these are sold at T. R. Howard's store.

Spring styles in hardware may be found at Bishop's store.

GOOD MAN GONE.

John Jordan, who was buried at Lexington yesterday, was a grand old pioneer who came here in '64, and was always trying to help his neighbors. In '65 he helped Tom Ayers harvest when no other help could be had, and for a days rode 34 miles a day, having to go home at night to tend to his stock.

LOCAL NOTES.

John B. Natter has returned from his trip to the hot springs.

Gen. Greeley is going to make a trip to the Philippines "in the interest of the service, and of course at the expense of the government. He was jumped to General over the heads of able men, and to hear him tell it, his outfit did it all in capturing Cuba.

His many friends were very glad to again greet E. W. Andrews Saturday evening on his return from Portland, where he had a long siege in the hospital.

Miss Frances L. Hays, who has been enjoying a short visit in Heppner, returned Tuesday morning to her Portland home.

Jim Keeney and Tom Matlock started Tuesday morning on the spring roundup, and will join with a number of other owners in rounding up the horses ranging south from Willows covering an area of about 40 square miles. Mr. Keeney says that there are in the neighborhood of 3000 horses to be rounded up and the number belonging to Matlock & Keeney are to be driven into Heppner and loaded for shipment to an Omaha firm to whom the stock has been sold.

The play, "A Summer's Fancy," produced by local talent under the direction of a roving actor for the benefit of the Heppner Lodge of Elks did not prove to be as much of a success financially as was expected. The play was well rendered and the audience appreciated the able manner in which the cast sustained the characters. The participants were very clever and at home in their parts, and the ladies were especially charming. Heppner may well feel proud of her talented young people.

The game of baseball Sunday proved very interesting and was witnessed by a large crowd, a large number of the spectators being loners, who came up to see their team go down to defeat before the home team to the tune of 14 to 11. The lone boys have a strong team and they played good ball from start to finish but happened to be up against a stellar combination that outplayed them.

SEE THE PRESIDENT. It is not very often that the chief magistrate of this great nation arranges matters so that the people of the North Pacific coast may meet him and shake his hand. But President McKinley has so arranged matters, and the O. R. & N. Co. has arranged that people along their lines may see the president.

On the occasion of the visit of President McKinley to Portland on May 22, J. M. Kernan, agent of the O. R. & N. Co., at Heppner, is authorized to sell excursion round-trip tickets at the following low rates:

Arlington, \$5.00; Heppner Junction, \$6; Lone, \$7.15; Heppner, \$7.80.

Good only on train leaving Heppner on the morning of May 22.

Tickets limited to expire May 23.

Children at half these rates.

WOOL.

The clip raised W. H. Herren on lower Eightmile was sold to T. B. Trumbull at 9 cents.

Smythe & Son have sold their 80,000 pounds to the Dalles mills at 2 1/2 cents.

Frank Lee paid Hans Miller 10 cents for his clip. It was pretty clean. Mr. Lee also secured 137,000 pounds from Joe Cunnah, of Ebo, at 8 1/2 cents; and 18,000 pounds at 10 cents from Henry Haas, of Arlington.

Miss Florence Newman, who has been a great sufferer from muscular rheumatism, says Chamberlain's Pain Balm is the only remedy that affords her relief. Miss Newman is a much respected resident of the village of Gray, N. Y., and makes this statement for the benefit of others similarly afflicted. This liniment is for sale by Conser & Warren, druggists.

ALL BY STEAM.

The Heppner Steam Laundry does its work with steam and uses the very latest modern machinery, so it can do the best work and do it at the lowest rates on account of doing it in such large quantities. It can do much better work and do it really cheaper than the Chinese laundries. And the wagon will call for laundry and deliver it, no matter how small the bundle. Special low rates on family washing. Try us. FRED KRUG.

ENGINE BARGAIN.

If you want a big bargain in a 14-horse Buffalo-Pitts portable engine, I have it and will sell cheap or trade for work horses. It is in good repair. Call at my ranch at Mobley Springs, or address me at Arlington. R. T. SKEEL.

DISSOLUTION NOTICE.

IN THE STUB.

California, the imported Australian running stallion, and 2 good Kentucky jacks will make the season at my farm 10 miles north from Heppner, Ore. B. F. SWAGART.

DEMAND FOR NORMAL GRADUATES.

The State Normal School at Monmouth reports that the demand for its graduates during the past year has been much beyond the supply. Graduation from the school practically assures a place worth from \$40 to \$75 per month. The students take the state examinations during the regular course, and are easily able to pass on all subjects required for state papers before graduation. The school has a well equipped training department consisting of a nine-grade town school and of a typical country school.

FUN FOR CHILDREN.

Those mothers who do not read regularly the children's articles in the Delineator use an opportunity for providing happy and pleasant hours for the little ones. These articles are under the care of Lina Beard. The article appearing in the June Delineator tells of a straw ride picnic. Miss Beard not only prepares these articles, but she illustrates them as well.

Tramp—"It is needless to ask the question, madam. You know what I want."

Lady—"Yes, I know what you want badly, but I've only one cake of soap in the house, and the servant is using it. Come again some other time."

Preparing Opium from the Poppy.

A Boston merchant makes some revelations that will not make things very pleasant for opium users. "The process of preparing opium from the poppy, as practiced in India and Persia to-day," said he, "is very nearly the same as was employed eighteen hundred years ago. As the capsules mostly abound in the narcotic juice, it is from these the opium is procured. A few days after the fall of the flower, men and women proceed to the fields and wade horizontal incisions in the capsule, being careful not to cut too deep, so the juice does not escape into the capsule. A white juice exudes and appears in the form of a tear upon the edges of the incision, which is allowed to remain twenty-four hours, when it is scraped off and collected in smaller vessels and beaten, being moistened with saliva, only one ear being obtained from a single plant."

SUZANNE ADAMS.

Her sweet naturalness impresses one, as the New York Mail and Express, as instantaneously and pleasantly as the sweet purity of her voice, and the Suzanne Adams one meets in her apartment is very much the same as the Suzanne Adams who looks and sings so charmingly as Juliet and Marguerite. Young, bright-eyed, healthy and happy, unaffected, such is the youngest of Mr. Grau's prima donnas, with the most fetching accent—not American, not exactly English, but with a delightful soupçon of Irish, despite all her French singing. "My mother was Irish, you know," she says, "and I was born in Massachusetts—at Cambridge."

Mme. Adams has a novel method of practicing. In her parlor by the piano stand two graphophones. She sings into one of these, while her husband, who teaches and accompanies her, plays into the other. The song finished, they sit down to rest while the graphophones are turned on, and out pours the aria with the accompaniment.

"In this way," said Mme. Adams, "we get the effect, and can tell whether we want to do it that way again or not. It is great fun, too, aside from the help in practicing. And one has to do so much practicing and studying of parts which possibly one may never sing."

The Columbia Phonograph Co., No. 125 Geary street, San Francisco, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

FAKE HAIR PREPARATIONS.

Do Hair No Good, But Often Cause It to Fall Out.

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle, and, finally, lifeless. Dandruff is the cause of all trouble with hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing the hair to fall out. To cure dandruff, the germ must be killed. "Destroy the cause, you remove the effect." Newbro's Hairicide is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement. To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

SONG OF SPRING.

When spring is here.

The thirst for beer increases.

To slay the thirst, whether last or first, call at the beverage.

Make horizontal incisions in the capsule, being careful not to cut too deep, so the juice does not escape into the capsule. A white juice exudes and appears in the form of a tear upon the edges of the incision, which is allowed to remain twenty-four hours, when it is scraped off and collected in smaller vessels and beaten, being moistened with saliva, only one ear being obtained from a single plant."

Also wet goods that were brewed in old Kentucky and are therefore very lanky.
