

STRIKE OF MACHINISTS IS NOW ON One Hundred Thousand Men Are Out.

PRESIDENT O'DONNELL IS SANGUINE

Says His Followers Will Win and That He Apprehends They'll Resort to No Violence.

Washington, May 23.—The great strike of the machinists for a nine-hour day was inaugurated throughout the United States today. Messages from all parts of the country are being received at the headquarters of the International Machinists Association here. They indicate that probably 100,000 are men out.

In St. Louis and New Orleans, the machinists were vicious without striking. Very few found it necessary to quit work in Chicago.

It is predicted the largest stoppage of work will be on the Pacific coast, but President O'Donnell confidently looks for the ship and iron interests of that section to come to terms soon.

He says he does not expect the strike in any section will be of long duration, and that there will be no disorder anywhere.
