The Heppner Gazette

Issued Thursday Morning.

Warnock & Michell.

Entered at the Postoffice at Heppner Oregon, as second-class matter.

THURSDAY,......... June 6, 1901

Attorney-General Blackburn has prepared a complaint in an action against Sylvester Pennoyer, George W. McBride and Phil Metschan, the men who constituted the State Land Board at the time of the Davis defalcation, and will send it to District Attorney Chamberlain for consideration. The action will be brought in Multnomah county and District Attorney Chamberlain will be associated with the attorney-general as attorney for the state. The complaint will be framed upon the theory that the clerk of the School Land Board was the agent of the state; that his defalcation was a defalcation of the board, for which the members of the board are distinctly responsible to the state.

The GAZETTE does not believe that this case will amount to anything, because it is not based upon enough foundation. The authority of the board seemed to go no further than simply the appointment of an agent. The board was required to give no bonds as a guarantee of the honesty of the agent. The bonds were required of the agent who alone was responsible for his actions. The president has the power to appoint, but he is not responsible for the actions of the persons appointed. It is a loss to the state. It is one of the unfortunate occurrences where a thief was trusted, but when the opportunity presented itself he took the money that did not belong to him.

Memorial Day was observed in a fitting manner in this city by Rawlin's Post No. 31, G. A. R., Rawlins W. R. C. and the citizens. The ceremonies in respect to the honored dead were sad and impressive, and the expression of the old veterans as they marched with measured tread, showed the feeling of many a sad recollection of the time when they gallantly faced shot and shell in defense of the stars and stripes. Not only was there sadness among the veterans. The 30th of May is a day when the whole patriotic nation is brought to see and more fully realize the fact that the processions of the Grand Army are smaller than last year, and that they will be smaller next year and so on until all are in the silent city. While the veterans of the Grand Army will pass away, Memorial Day never will. The Grand Army will go on forever, endeared to the hearts of the American people.

Artificial stone is now a success. In the manufacture of this stone the sand is heated and the cement added to the amount of 12 per cent. of the mixture. The steel molds are filled with the dry material and run upon a tramway into an immense cylinder, which is closed and bolted. Boiling water is then turned in under pressure sufficient to force it all through the sand in the molds. The cement slacks, but the steel molds do not permit any expansion to occur, and the stone is formed and dried under an immense pressure. The result is a very hard stone, which can be supplied in shapes desired much cheaper than the natural stone.

In closing a very able article on Decoration Day, Rev. C. J. O'Reilly editor of the Catholic Sentinel, finishes with the following: "By the flag of America, then, we shall all stand. To it we swear allegiance. Whatever our nationality, our religion, or our politics, we are one in that; in devotion to that sacred banner that waived triumphantly over the Union armies. If war ever sounds it dread alarm again, Catholic priests and white robed Sisters of Charity will be seen again near the soldiers, sharing their dangers, to administer the consolations of religion and prove to all men that they are not the enemies, but the friends of American liberty."

The interest in the recent discoveries of oil and so much oil talk almost all over the country is stimulated by the many uses into which crude petroleum is becoming so much in favor. The Southern Pacific and Santa Fe companies have adopted it on their locomotives in Southern California as a substitute for coal. Several concerns in San Francisco and other California cities where fuel is an item of great importance, after using petroleum find that it has many advantages over coal, as it is more economical to handle, is cleaner and leaves no refuse.

Strange to say there is one post office for which there has never been an applicant for postmaster. It is in the Straits of Magellan, and has been there for many years. It consists of a small painted keg or cask and is chained to the rocks of the extreme cape in a manner so that it floats free opposite Tierra del Fuego. Each passing ship sends a boat to take letters out and put others in. This curious postoffice is unprovided with a postmaster, and, is, therefore, under the protection of all the navies of the world.

The quarterly of the Oregon Historical Society has been received. This is a publication that every one interested in Oregon should encourage. This number has many articles of historical value. The paper states that "the object of this publication is to create an interest in the study of Oregon history and thereby assist in developing an Oregon spirit in order to stimulate growth in everything pertaining to the welfare of the state.

The Heppner Gazette has changed hands. Col. J. W. Redington, its founder, and one of the best newspaper men on the coast, will take a rest from editorial work. The Gazette, under the management of Fred Warnock and E. P. Michell, shows that these gentlemen know how to run a newspaper.—Hood River Glacier.

Since Hogg and Mills of Texas; Coxie of Ohio; Pettigrew of South Dakota, and others who have labored so long and strenuously for the poor, down-trodden and oppressed people, have become millionaires, it may be presumed that they are not so ardently in favor of an income tax as they were some years ago.—Telegram.

The Pendleton Tribune has opened the political campaign for 1902 already, by demanding recognition for Eastern Oregon men for state and national positions. The claim of the Tribune is just and Eastern Oregon is entitled to furnish a good representation on the ticket.—Salem Statesman.

Warnock & Michell, the new proprietors of the Heppner Gazette, issued their first number of same last Thursday. Keep the following numbers up to the standard of the one just issued gents, and success is assured.—Condon Times.

The Heppner Gazette of the 3d comes to us this week under new management, J. W. Redington having disposed of it. Warnock & Michell are the new proprietors. The paper is full of news and presents a neat and clean appearance.—Malheur Gazette.

June 11, 12 and 13 will be gala days for Heppner. The town will have on its best clothes and flying colors. There will be a special effort to entertain the many visitors. All are welcome. Come to Heppner during the firemen's tournament.

Another negro fiend has been burned at the stake down in Florida. While it seems horrible and savage to burn a human being at the stake, still the fiendish crimes call for examples to be made of these brutes in human form.

Indications are now very favorable for a good crop all over Oregon this year. Prospects are certainly good for a prosperous year in Eastern Oregon.

The revenue from imports of sugar and tobacco to this country amount to $70,000,000 a year.

Literary Notes

The personality of Theodore Roosevelt is distinct, American and always interesting. Mr. Owen Wister, in Outing for June, from personal knowledge and with great judgment, presents Theodore Roosevelt, the Sportsman and the Man.

It has been left for Mr. Henry Somerville to do for the Middle West what Miss Wilkins has done for New England and Miss Austen for old England. In "Jack Racer," which M. Clure, Phillips & Co. will publish in June, we have a thoroughly American story of ordinary people, and it reveals a life but little known to older communities, though typical of the largest and perhaps not the least important section of the United States.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, New York, "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and $1 bottles guaranteed by Slocum Drug Co. Trial bottles free.

HOTEL HEPPNER.

This well-kept house is centrally located on the west side of Main street, Heppner, and has good rooms and a bountiful table, at reasonable rates.

The Heppner and Canyon City stage starts from the Hotel Heppner daily, except Monday, and goes through in 24 hours.

The Telephone Livery, Feed and Sale Stable, on west side of Main street, keeps first-class rigs and saddle horses and takes the best of care of them.

H. A. THOMPSON, Proprietor of all Three.

SEVEN YEARS IN BED.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but "three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50c at Slocum Drug Co.

A HOME ON TIME.

A good ranch of 160 acres, 140 of it good plow land, located on county road, 5 miles southwest of Heppner, is now offered at $4 an acre. Any man who will work it may have it on 3 years' time, pay in easy installments. Apply at Heppner Gazette office.

You may as well expect to run a steam engine without water as to find an active, energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food or feels dull and languid after eating, often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cents. Samples free at Conser & Ayers' drug store.

BARGAIN.

For sale at $1100, 100 acres on the edge of Heppner. Town lots may be sold from it at once. Owner will give $100 for the hay now growing on it. Apply Gazette office.

ALL BY STEAM.

The Heppner Steam Laundry does its work with steam and uses the very latest modern machinery, so it can do the best work and do it at the lowest rates on account of doing it in such large quantities.
