QUEEN VICTORIA'S HAIR

At over 80 years, Queen Victoria yet had luxuriant hair, which had for years been a marvel. The court physician had treated her Majesty's scalp with a certain destroying preparation, which he has always kept secret. It is now known, however, that the remedy for dandruff, the scalp, dandruff, itching, and itching, is the only hair preparation on the market that does not destroy the hair. Without dandruff, hair will grow profusely, and fall out, and will be stopped. "Dandruff" is the cause of hair loss.
