Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Keil, of 707 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having it filled twelve times without receiving the slightest benefit, I declined to continue his treatment any longer. Having heard of S. S. S. (swift's Specific) recommended for Rheumatism, I decided almost in despair however, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all. S. S. S. having cured me sound and well. All the distressing pains have left me, my appetite has returned, and I am happy to be again restored to perfect health.

SSS the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits.

We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Chicago has now produced the nickel-in-the-slot photo. You walk up to a little machine about six feet high and four feet wide and drop a nickel into a slot. A shutter opens and your picture is taken on a small sheet of tin, which falls into a chemical solution, causing the picture to be developed; then it drops into a pan of clear water which washes the plate, and it falls on an apparatus which forces it into a little brass frame. A bell rings and you pull out your picture all complete, the whole operation having taken not more than twenty seconds. This is said to be the only automatic photographing machine in the world, and Chicago is the city of its production.

MRS. MARY GREGOVICH.

Of Philipsburg, Montana, Tells How She Was Cured of Dandruff.

Mrs. Mary Gregovich, of Philipsburg, Montana, under date of Nov. 26, 1899, writes: "I had typhoid fever this summer, consequently was losing my hair terrible, and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Philipsburg, and the doctor strongly recommended it to me. After 3 or 4 applications my hair stopped falling out, and is coming in again quite thick. I used to be troubled greatly with dandruff, of which I am now quite cured." Kill the dandruff germ with Herpicide.

The man who has a small mind seldom has occasion to change it.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work." For sale by Conser & Ayers Drug Co.

One doesn't have to stick a pin in hope to make it spring eternal.

DIDN'T MARRY FOR MONEY.

WEEKLY CROP BULLETIN.

Portland, June 24, 1901.

The fore part of the past week was warm in the west portion of the state, and showery and moderately warm in the east portion. A marked change to cooler weather occurred Saturday in parts of the State, and since then it has continued cool, with frequent small showers in the Willamette valley, the Coast district and southern Oregon, and with considerable cloudiness, but no rain, in eastern Oregon and the Columbia River valley above The Dalles. The rains in southern Oregon will prove especially beneficial, as droughty conditions have prevailed in that district during the last few weeks, but in the Willamette valley and Coast region they are not needed and will damage considerable cut clover and still further delay the growth of corn and beans, which now need warm, sunshiny weather. The maximum temperature during the week in western Oregon ranged between 58 and 87 degrees, and the minimum temperatures between 48 and 57 degrees. In eastern Oregon the maximum temperatures ranged between 56 and 90 degrees, and the minimum temperatures between 36 and 60 degrees.

Fall wheat is ripening nicely and even that reported damaged by frost is recovering and will yield better than formerly expected. In the Willamette valley the wheat crop is generally in good condition and free from insect pests. There is some complaint of its heading short and of the heads being small, but these complaints are not general. In southern Oregon the wheat crop will be below the average on account of dry weather. Winter oats are heading nicely, and fall barley is ready to cut in southern Oregon. Corn and gardens, although showing improvement, are still backward. Hops are making a good growth and as yet have not been damaged to any noteworthy extent by lice. The cutting of clover hay is well advanced and the first crop of alfalfa has been pretty much all cut and secured. Potatoes are doing well. Pasturage continues abundant and stock is in excellent condition. In Coos county cutworms have again made their appearance, and large quantities of their eggs are to be found on the underside of fence-rails and in similar places. They have not yet done much damage, but farmers are apprehensive that they will later.

The strawberry season is drawing to a close, and the crop has proved to be a very good one, both in quantity and quality. Cherries ripened rapidly during the week. Apples are dropping badly in the Hood River district.

BOSTON WOOL MARKET.

Boston, June 25.—Little or no change in the wool market here, except that values between fine and medium grades are wider apart. The market at present appears to be a fine wool market. The strictly fine grades are in best demand, but this is not extreme enough just now to force values up to any extent. Territory wools continue to lead the sales. Fine medium and fine staple is selling at 40@42c on the scoured basis, while the strictly staple article is quoted at 44@45c.

Territory, scoured basis: Montana, fine medium and fine, 10@14c; scoured, 40@42c; staple, 44@45c. Utah, Wyoming and Idaho fine medium and fine, 13@14c; scoured, 40@42c; staple, 43@44c; Australian, scoured basis, spot prices combing superfine, 71@78c; good, 60@70c; average, 65@67c.

ST. LOUIS, June 25.—Wool—Steady, unchanged; territory and Western, medium, 14@15; fine, 10@13c; coarse, 10@12c.

A TERRIBLE EXPLOSION

"Of a gasoline stove burned a lady here frightfully," writes N. E. Palmer, of Kirkman, Ia. "The best doctor couldn't heal the running sore that followed, but Bucklen's Arnica Salve entirely cured her." Infallible for Cuts, Corns, Sores, Boils, Bruises, Skin Diseases and Piles. 25c at Slocum Drug Co.

Forest Reserve Lieu Selection No. 413.

DEPARTMENT OF THE INTERIOR, LAND Office at La Grande, Ore., May 18, 1901.

Notice is hereby given that W. N. Jones, whose post office address is Portland, Oregon, has made application to select under the act of June 4, 1897, (30 Stat. 36), the following described tracts of land:

The NW ¼ of NE ¼ of Sec. 29, T 3 S of R 29, E of W M.

Within the next 30 days from the date hereof protests or contests against the selection, on the ground that the land described, or any portion thereof, is more valuable for its minerals than for agricultural purposes, will be received and noted for report to the Commissioner of the General Land Office.

...Announcement...

We have arranged with the New York World to furnish this paper with a limited number of subscriptions for a limited time to its great Monthly edition. We are enabled to offer ten numbers of the

Monthly World Magazine

—AND THE—

HEPPNER GAZETTE

For $1.50.

What the Monthly World Newspaper Magazine Is.

The Monthly World is a 32-page Magazine with colored cover. It is copiously illustrated with pen drawings and half-tone reproductions of photographs. The illustrations are the result of the best artistic skill, aided by all the latest printing press appliances, making a magazine unrivalled in the quality of its contents and the beauty of its appearance.

Each issue contains stories of romance, love, adventure, travel; stories of fiction and fact; stories of things quaint and curious, gathered together from all over the world; the results of scientific research, and interesting editorial reviews. It numbers among its contributors the leading literary men and women of the day. Its comic pages will present the work of famous comic artists. There will be funny paragraphs and pictures.

A feature each month will be the large first page portrait of the most famed man or woman of the moment in the public eye.

In collecting and preparing for publication the literary matter and art subjects for the Monthly World no expense is spared. It is one of the most attractive publications issued from the great city of New York. It furnishes high-class and widely varied entertainment to many thousand readers throughout North America. The size of the pages of the Monthly World is ten and a half by eighteen inches.

Sample Copies of the Monthly World Newspaper Magazine will be sent free on application. Write a postal card and ask for one.
