

# Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive as the one which is now so prevalent. It is the most common of all diseases, and the doctor says you are well. Many persons have been cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy, and pronounced cured—to realize when too late that the disease was only covered up—**Liko Bogats Liko**, given from the surface to break out in a more serious and mortifying form than that which first infected them. Light fevers occurred the morning of the 4th in a few elevated regions, but they did but little damage. Haying has progressed rapidly, and much of the crop has been secured. In most portions of the Willamette valley it is extra heavy, while in the Coast region and eastern and southern Oregon it averages less than usual. Pastures are holding out well, except in Coos county, where a shortage is reported, which will cause some shrinkage in the milk supply this section. The fall grain harvest has begun in a few places in the Willamette valley and the crop is extra promising, while in eastern Oregon the few hot days of the week, following as they did a protracted cool and windy spell, have been unfavorable, and the grain is not filling as well as usual, and the opinion prevails that in Umatilla and the neighboring counties the crop will be somewhat short of former expectations. The hessian fly is reported to have done some damage to fall wheat near Day's Creek, in Douglas county, but no complaints regarding this pest have been received from any other section of the State. Spring wheat, oats, barley and hops are everywhere doing nicely. Corn has improved and late potatoes are making good advancement. Sugar beets in Union county have also made a good growth and the crop promises well. Cherries, blackberries and raspberries are ripe. The cherry crop is lighter than usual, but raspberries and blackberries are plentiful.

Work on the Baker City pipe line has been delayed by the ironworkers' strike at Pittsburg. The contractors have picked up stray lots of pipe elsewhere and expect to have the water in the city in two weeks.

When you want a modern, up-to-date physic, try Chamberlain's Stomach and Liver Tablets. These are easy to take and pleasant in effect. Price, 25 cents. Samples free at Conser & Ayer's drug store.

George Cooper, a young farmer of Dry Hollow, Wasco county, near The Dalles, recently baled 85 tons of wheat hay from 1 1/2 acres. This is regarded as a record yield.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Maskate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets, and the heartburn may be avoided. For sale by Conser & Ayer's, druggists.

The government ranges in the Greenhorn mountains are reported badly overstocked with outside sheep from Morrow and adjoining counties.

The best remedy for stomach and bowels troubles.

Manly Howard who was convicted of horse stealing at Baker City, has been taken to the penitentiary.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Clara E. Davis, Bowler, Ohio. Sold by Conser & Ayer's Drug Co.

Twelve thousand crates of strawberries were shipped from Milton this season, mostly to the mining districts.

A GOOD COUGH MEDICINE. Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. It afflicts with any throat or lung trouble, gives a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health has been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by the use of Chamberlain's Cough Remedy. For sale by Conser & Ayer's Drug Co.

Scientific American.

Portland, July 8, 1901. The past week, although averaging about 5 degrees warmer than the previous one, was still slightly cooler than usual at this season of the year. Numerous small showers occurred during the fore part of the week in nearly all parts of the State, but it closed dry and with an abundance of warm sunshine. Light frosts occurred the morning of the 4th in a few elevated regions, but they did but little damage. Haying has progressed rapidly, and much of the crop has been secured. In most portions of the Willamette valley it is extra heavy, while in the Coast region and eastern and southern Oregon it averages less than usual. Pastures are holding out well, except in Coos county, where a shortage is reported, which will cause some shrinkage in the milk supply this section. The fall grain harvest has begun in a few places in the Willamette valley and the crop is extra promising, while in eastern Oregon the few hot days of the week, following as they did a protracted cool and windy spell, have been unfavorable, and the grain is not filling as well as usual, and the opinion prevails that in Umatilla and the neighboring counties the crop will be somewhat short of former expectations.
