Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAINT.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

SSS makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

Send for our free book and write our physicians about your case. We make no charge whatever for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

A weekly paper entitled the Harrisburg Bulletin, and published by A. P. Bettersworth, Jr., made its initial appearace at that town on August 1.

The laws of health require that the bowels move once each day and one of the penalties for violating this law is piles. Keep your bowels regular by taking a dose of Chamberlain's Stomach and Liver Tablets when necessary an you will never have that severe punishment inflicted upon you. Price 25c. For sale by Conser & Ayers, druggists.

A large gray timber wolf, of the genuine type, was killed near Elgin recently. It measured 65 inches from tip to tip and 38 in height.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by Conser & Ayers, druggists.

Douglas County growers are already looking for labor to pick their prunes. Wages to be paid are not yet announced.

A MINISTER'S GOOD WORK.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." For sale by Conser & Ayers, druggists.

"Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. P. M. Holliday, of Deming, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once." Sold by Conser & Ayers.

A big natatorium has recently been finished at Baker City, with two large tanks, 30x90 and 15x30 feet.

Over 1100 tons of fruit and hops were shipped at Eugene in the last fiscal year.

"My baby was terribly sick with diarrhoea," says J. H. Doak, of Williams, Oregon. "We were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I am happy to say it gave immediate relief and a complete cure." Sold by Conser & Ayers, druggists.

WEEKLY CROP BULLETIN.

Portland, Aug. 5, 1901.

The past week in Oregon has been the warmest of the season and it averaged nearly 6 degrees warmer than the previous one. The maximum temperatures during the week in western Oregon ranged between 76 and 100 degrees, and the minimum temperatures between 50 and 68 degrees. In eastern Oregon the maximum temperatures ranged between 80 and 102 degrees., and the minimum temperatures between 52 and 70 degrees. Numerous small showers occurred in southern Oregon during the first days of the week, but they were not general or heavy enough to be of much benefit, and no rain of consequence has fallen elsewhere since the latter part of June. General rains are now badly needed for corn, hops, potatoes, gardens and pastures. The second crop of alfalfa is being cut in southern Oregon, and the yields are about the average. The second crop of clover in the Willamette valley is not as promising as usual, on account of dry weather.

The grain harvest is well advanced, but thrashing in the western sections has not yet become general, although well begun east of the Cascade mountains. The following thrashing yields have been reported: Washington county, wheat, 22 bushels; oats, 25 bushels. Yamhill county, wheat, 24 bushels; oats, 30. Linn county, wheat, 12 to 30 bushels, winter oats, 20 bushels, and one acre of barley thrashed 75 bushels. Douglas county, wheat, 6 to 30 bushels; oats, 40. Jackson county, wheat, 22 bushels; oats, 15; barley, 20. Josephine county, wheat, 14 bushels; oats, 25; barley, 30. Wasco county, wheat, 30 to 40 bushels; Sherman county, volunteer wheat, 12 to 20 bushels; fall wheat, 15 to 25; Umatilla county, wheat, 35 to 40 bushels, and some fields have thrashed 55 bushels; spring barley, 40 bushels, and fall barley from 40 to 70; oats, about 50; spring wheat, from 18 to 20. The wheat crop in Umatilla county is turning out much better than expected and the grading will be good.

Some lice are reported in the hop yards, but they are not causing any damage of consequence and the weather is unfavorable for the spread of this pest, and the hop outlook continues favorable. Corn is making good progress and early potatoes are maturing rapidly. The potato crop, although needing rain, is doing fairly well and there are no complaints of blight. Pasturage is getting poor, and there is a slight shrinkage in the milk supply reported from Curry and Coos counties.

The weather has been favorable for fruit, which is making good advancement. Tame blackberries are plentiful, and plums, peaches and early apples are in the market.

What the Monthly World Newspaper Magazine Is

The Monthly World is a 32-page Magazine with colored cover. It is copiously illustrated with pen drawings and half tone reproductions of photographs. The illustrations are the result of the best artistic skill, aided by all the latest printing press appliances, making a magazine unrivalled in the quality of its contents and the beauty of its appearance.

Each issue contains stories of romance, love, adventure, travel; stories of fiction and fact; stories of things quaint and curious, gathered together from all over the world; the results of scientific research, and interesting editorial reviews. It numbers among its contributors the leading literary men and women of the day. Its comic pages will present the work of famous comic artists. There will be funny paragraphs and pictures.

A feature each month will be the large first page portrait of the most famed man or woman of the moment in the public eye.

In collecting and preparing for publication the literary matter and art subjects for the Monthly World no expense is spared. It is one of the most attractive publications issued from the great city of New York. It furnishes high-class and widely varied entertainment to many thousand readers throughout North America. The size of the pages of the Monthly World is ten and a half by eighteen inches.
