Asthma Cure Free!
Asthmalene Brings Instant Relief and Permanent Cure in all Cases.
SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.
The Rev. C. J. Wells, of Ville Ridge, Ill., says: "I had a terrible case of Asthma for many years. I tried everything I could hear of, but got no relief. I was a slave, confined with terrible paroxysms and nothing for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and humiliating disease, and thought you had overstated your case, but resolved to give it a trial. I am free to confess, the result acted like a charm. In less than one bottle."
You need not suffer another day. Every sufferer a trial bottle of Asthmalene, sent free to any one that writes Dr. Wells' Well mail to-day. Address, Asthmalene will relieve and cure. The worst cases yield to its wonderful power. Don't delay, write at once, as this offer may not appear again. Address DR. TAFT BROS. MEDICINE CO., 70 East 125th St., N. Y. City. Sold by all Druggists.

Pendleton Cattle Shipments.

This is the busy season for cattlemen in Eastern Oregon, says the Pendleton Tribune. At the W. & C. R. stock yards in Pendleton can be seen a band of cattle almost any day awaiting shipment for Tacoma and Seattle, and cattle owners and cowboys are frequent objects on the streets of the city. During September the W. & C. R. shipped 45 carloads, or nearly 3000 head, of cattle from this point, and the prospects are good for heavier shipments during October. The cattle are not from Umatilla county alone, but the larger part are driven from Grant and Harney, some of them coming from as far south as Burns. The customary price for steers is $3.65; for cows, $3.10 to $3.25; heifers, $3.25 to $3.40, delivered in Pendleton. A small shrinkage is usually allowed. Since Alaska trade opened, Tacoma and Seattle have become good markets for Eastern and Southeastern cattle. The owners find it more profitable to drive from Harney county to Pendleton than to Ontario and ship the longer distance by railroad. The increased shipments from here are evidence of this fact.

Something over 2000 head of fat cattle have been shipped from Pendleton during the last week. A partial list of the shippers are as follows:

Laycock, Trowbridge & Mills, of Izee, Grant county, 570 head to the Pacific Meat Co., at Tacoma.

Walter Brown, of Izee, 325 cows and steers to the Pacific Meat Co.

Cal Coombs, of John Day, 300 head to Powers, of Seattle.

Henry and John Blackwell, 150 cows to Seattle buyers.

Robert Stanfield, 100 head of cows and steers, bought in Harney county and sold to Frye-Bruhn of Seattle.

Ivan Sloan delivered 125 fat cows, purchased at Burns, for $30 a head to Platzoeder and Minger, of this city.

Percy Hughes and Harrison Heppner, of Butter creek, reached their ranches yesterday with 400 yearling steers they had gathered together in Harney county, at prices ranging from $16 to $21 per head. They will carry them over till next year.

Crook County Cattle Sales

Crook county is fast forging to the front as a stock raising country. The cattle-raisers for a number of years have been improving their breed and have spent considerable money in so doing. Years ago it was the number desired, but now they are looking more to the quality. The range has become partially eaten out and cattle have to be led more or less, and our stockmen have come to the conclusion that it needs no more to raise a good animal than a poor one, and that there is more profit in raising the former class.

For the last two weeks several important sales have been made, and demonstrates the fact that the market at home is better than abroad.

Last Tuesday about 400 of three and four-year old steers were delivered to Lyle & Brown, of Cross Keys. Of the above amount, S. S. Stearns sold 310 head, and he was paid $3.40 per hundred weight. They were weighed here, and brought him $37. This is one of the best sales made in the county.

Heretofore, our cattle men have had to drive their cattle from 120 to 250 miles before they would be weighed, and in this case the shrinkage would be quite an item. Now that loss can be done away with by a delivery at home. Lyle & Brown have always given the top price for cattle and are men who understand their business. They expect to take these cattle to their ranch near Cross Keys and feed them.

C. Sam Smith, whose plant is situated on the Ochoco, about thirteen miles from Prineville, is one of our principal cattle raisers. Mr. Smith takes a great deal of pride with his cattle and has as fine stock as you will find in the county. He has the Hereford breed. Recently he sold 60 head of yearling steers to Bob Cannon, of Mountain creek, for $22, and 50 head of yearling heifers for $21 a head to Shown & Cannon, of Mitchell. This is the best sale for this class of cattle reported in the county and is a just recognition of the care which Mr. Smith has given them.—Prineville Review.

Portland Carnival and Exposition.

For the above occasion the O. R. & N. Co. will make the following low excursion rates to Portland and return, including free admission to grounds of the exposition: Round trip rate, Heppner to Portland, $9.00. For children between five years and under twelve years of age, rate will be one-half of above. Tickets will be sold from October 12 to 19, inclusive, limited to return six days after date of sale.

La Billmeyer, of Lexington, threshed a return of 60 bushels of bromo grass from a spot of land, according to a Walla Walla paper.

There will be a footrace for a purse of $100 at Lexington, October 19, between Charley Wells and Pearl Wilbur, of Heppner.

A large amount of bromo grass has been sown on the table land adjacent to Wallowa this year, one man alone having sown 140 acres.

A. H. Beasley, of the Great Northern mine, near this city, returned last Sunday from a trip to the Ditch creek section of the Blue Mountains in Morrow county, where he went early last week in company with Otis Patterson, of The Dalles, to prospect some undeveloped quartz properties known to exist in that locality. After some difficulty the property in question was found, from which he procured samples of the ore, which in some respects resemble ore taken from the Great Northern. He will make a test of the ore at once, and if it shows up the values anticipated, the property will be opened up. There are quite a number of quartz ledges in that part of the Blue Mountains visited, but to date none of them have been developed. Not far from the same locality visited the O. R. & N. railroad people, in company with business men of Heppner, have a diamond drill at work prospecting for coal. It is generally reported that they have found a large deposit of an excellent quality of coal, and while this report is not confirmed, yet it is a fact that every indication points to coal in that locality, and that the efforts of this company is almost sure to disclose something of value.—Blue Mountain Eagle.

A man who wants to be mean never wants an opportunity.

When a couple marry under the rose, they usually walk on a path of thorns ever after.

Building of the Lakeview-Silver Lake telephone line has been progressing rapidly toward the north. From 12 to 15 men are employed.

There has been a heavy loss of cattle in the timbered country north of Wallowa this year from the ravages of bears. One cattle-owner reports he has lost 40 head of cattle.

TOT CAUSES NIGHT ALARM.
"One night my brother's baby was taken with croup," writes Mrs. J. C. Snider, of Crittenden, Ky. "It seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanent cure." It's the best in the world for coughs, colds, throat and lung troubles. Sure cure. 50c and $1. Trial bottles free at Sloan Drug Co.

Wheat [illegible] slowly to Wallowa since coming to the front. [illegible] are selling at 50 cents a [illegible] the wheat market [illegible].

A FIENDISH ATTACK.

An attack was lately made on C. F. Cutler, of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. Nothing remedy helped him until he tried Electric Bitters, which effected such a wonderful change, that in a few weeks he felt like a new man. This remarkable medicine purifies the blood, and makes rich, pure blood. Only 50c at Sloan Drug Co.

Saying mean things is the one bad habit cultivated most assiduously by the average woman.

T. S. Hamilton, of Ashwood, bought 700 yearling wethers of Jake Kasser the first of the week, paying $2.20 per head.—Antelope Republican.

SCENES OF SPLENDOR.

Portland Carnival's Brilliant Array of Attractions.

Never in the history of the Northwest have the people been offered such enjoyable entertainment, mingled with useful instruction, as will be laid before them during the month of the Portland Carnival, which will be held in the great Exposition Building from September 18th to October 19, and also in the beautiful Multnomah Field adjoining. The committee of representative business men having the carnival in charge have already made contracts covering the entire time in order to make the carnival complete. The free music and attractions will be without number, and the exposition as it now appears will be a most appropriate setting for so magnificent an event. People who see the Portland Carnival will have a grand treat.

MRS. VIRGINIA GRANES
Graduate Nurse, and President of Nurses' Association of Watertown, N.Y.,
Tells How Much Doctors Use Lydia E. Pinkham's Vegetable Compound.
Has Yet To Hear of Its Failure To Cure.
It is not infrequent that information comes to our attention proving that the medical profession in general prescribe large quantities of Lydia E. Pinkham's Vegetable Compound in their private practise.
It is a fact beyond dispute that nowhere is to be found a remedy so universally successful in curing female ills, and the broad-minded physician of to-day is quick to recognize his duty to his patient, and does not hesitate to prescribe the best medicine he can find,—the medicine that is surest and quickest to bring relief to his patient; for this very reason thousands of the very best physicians are prescribing in their treatment of female ills Lydia E. Pinkham's Vegetable Compound, while not in the original bottles perhaps, but in plain prescription bottles with their own or druggists' name.
It is our pleasure and our privilege to publish a letter from a graduate nurse whose right to rank and prominence in her profession lends much weight to her opinion, and whose testimony goes to prove our statements in regard to the high esteem in which Lydia E. Pinkham's Vegetable Compound is held by our leading physicians and trained nurses.

MRS. VIRGINIA GRANES
"Dear Mrs. Pinkham:—For twelve years I was in the [illegible] sick [illegible] Compound is the medicine they should take, and it has restored to health thousands of cases in this country. It should, therefore, be considered unwise to experiment further.
Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women.
$5000 REWARD. We have deposited with the National City Bank of Lynn, $5000, which will be paid to any person who can find that the above testimonial letter was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.
