VALUE OF MAN'S LIFE. The supreme courts have decided that the life of the average man is worth just what he is able to earn. A man's earnings depend to a great extent upon his health, and it is always within his power to improve his condition. The stomach is the measure of health and strength. Every man may be bright, active and happy if his digestion is normal. If it is not, Hostetter's Stomach Bitters will make it so. It puts the digestive organs in condition to properly digest and assimilate food. Try it for constipation, indigestion, dyspepsia, biliousness, liver and kidney troubles. It has cured stomach ailments for the past fifty years, and today there is nothing just as good.
