Sigbee, of Florida, is visiting his brother-in-law, R. E. Hynd. Mr. Sigbee will stay here a week, when he will return to his home in the South. The Gazette has made arrangements to club with the Weekly Inter Ocean of Chicago. The regular subscription price of the Inter Ocean is \$1.00 per year and the regular price of the GAZETTE is \$1.50. By special arrangement, both papers will be furnished one year for \$1.60. The old, reliable Inter Ocean is too well known to need much recommendation. It will be a valuable addition to the reading matter for the winter. Besides giving all the news, it has many special features, making it one of the most desirable weeklies in the United States. This special, liberal offer is limited and will be withdrawn in a short time. TOT CAUSES NIGHT ALARM. "One night my brother's baby was taken with croup," writes Mrs. J. C. Snider, of Crittenden, Ky. "It seemed as though I would never see the child again, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infants for coughs, colds, throat and lung troubles. 50c and \$1.00. Trial bottles free at Slocum Drug Co. Albert Williams will start a new general merchandise store in the Thos. Matlock building, near opera house, about October 10. He will carry a general line of dry goods. Howard's grocery store is a very popular place for the purchase of supplies for farmers and outfits for outing in the way of extra fine groceries. Almost everything imaginable kept in stock. It's handy where you can get anything you want. One of the large transactions of the year in sheep in Idaho was the sale of 40,000 lambs by J. D. Wood to George Beckstead. They were shipped from Spencer in sixteen days. Seven hundred carloads, or about 210,000 head of sheep, were shipped from Halsey and Ketchikan the past summer. October shipments of wheat and flour from Portland will easily exceed two million bushels. With but two thirds of the month passed, the shipments are already in excess of a million bushels, and there is a big fleet in the river to finish. The shipments of wheat alone for the month to date have amounted to 990,241 bushels, and two Oriental steamers have taken out enough flour, reduced to wheat measure, to swell the total to 1,020,765 bushels. In addition to this, two vessels have carried away 315,380 bushels of barley. Senator John H. Mitchell returned Wednesday, after an absence from Portland of three and a half months. Leaving Portland, Senator Mitchell went almost directly abroad, where he spent two months with his family in Paris. When he went away Senator Mitchell's health was poor, and he had not fully recovered from his serious illness of last spring. He stated, however, that he had fully recovered and that he had not felt so well in years. He will remain in Portland about five weeks before going East to take up his congressional duties. LEXINGTON NEWS. LEXINGTON, Oct. 22, 1901. Good building lots are in demand and are bringing from \$100 to \$200 per lot. The growing crowd in attendance on our public school seems remarkably orderly and happy. I hear that excellent work is done in all the departments. The M. E. South's new church bell rings nearly every day, speaking well for the enterprise of its pastor and for the interest of its congregation in their important work. The late effort once more to start a saloon in Lexington seems, as reports says, to have failed. Our people generally consider the saloon a curse that they cannot afford to sustain. "Jim" Brown and "Bro." Eschelson, who bought and operated a threshing machine and did good and paying work with it, were in town one day this week squaring their accounts. Mr. John McMillan and sons have bought Mrs. Penland the town block known as Lexington Park. They are planning to improve the lots and build residences on them. Many wheat-raisers have sold what they choose to spare at from 45c to 42c per bushel. All the cars that the railroad furnishes are used in moving it towards its destination. The quality of the wheat is generally good. Painting on the breeding residence is completed. It is done in French gray and trimmed with brown. Its neat, soft shading is very restful to the eye, and its cheerful appearance is a noticeable improvement in the part of the town where it is located. Mr. and Mrs. Motter, former residents of Lexington, but now living in Kliekkat, Wash., are in town. They are the guests of Mr. and Mrs. Burgoine. They have an extensive acquaintance in this vicinity, and every one who knows them is exceedingly glad to meet them again. Mr. and Mrs. Motter worked with the rest in opening up this new section, and they and their labors will always be very highly appreciated and kindly remembered. The town extends then a very fraternal and friendly greeting.

Pain in Stomach It has been said that a healthy person doesn't know he has a stomach. How unhealthy the dyspeptic must be! He feels as if he were all stomach, and one thing that makes him feel so is that pain at the pit of the stomach—sometimes an "all-gone feeling"; sometimes a "burning sensation." "I suffered from pains in my stomach and could not eat. An old gentleman told me to take Hood's Sarsaparilla, which I did, and after the use of four bottles I gained my appetite, and I was soon completely cured, so that now I feel like a new man. On no account would I be without Hood's Sarsaparilla in my house." HENRY CALLAS, 71 Commercial St., Portland, Me. Hood's Sarsaparilla and Pills Cure dyspepsia, invigorate and tone the whole digestive system. J. O'Neil, traveling passenger agent of the O. R. & N. Co., is in the city. Norman Myers and family, of Sumpster, arrived in the city Tuesday. They will spend the winter here. Mike Marshall, the stockman, with his family, has moved down on the Columbia for the winter to look after his sheep. Roe Grimes, of The Dalles, and Mr. Benson, of Cascade Locks, who are buying cattle for the Union Meat Co. at Troutdale, were in town this week. T. A. Rhea, of this city, this week purchased 200 head of yearling cattle from Henry Heidman, of Fossil. He sold 150 head to Thomas McCallum and 50 head to V. Gentry, of this city. Harry on Chapin, of Hardman, was in the city yesterday for the purchase of a new wagon. Mr. Chapin reports that the Hardman country is prospering. He reports that Bert Walker, one of his neighbors, is building a fine new residence. John Blackwell, of Burns, brought to this city yesterday 400 head of cattle. Two hundred head of dry ewes will be shipped to the Union Meat Company at Portland, and 200 head of feeders will be taken by Asa Thompson, of Lower Butter creek, where they will be fed. The play at the opera house Tuesday night, entitled "Daughter of the Diamond King," was very good and the house was full to overflowing. Mr. Taylor was well pleased, and, having a vacant date to fill, decided to stay over and play a second night. The troupe would have left a better impression upon Heppner theatre-goers if they had not stayed, as, aside from La Belle Laurette, the mind reader, and one or two other specialties, the play was not worth listening to. Part of the evening's program was termed a farce comedy, and it was a "farce" in every sense of the word. Heppner people can appreciate a good thing when they hear it, and it was an imposition to bear the nerve to torture our people by this second play, after having received \$25 the night before. Altogether, they carried away \$550 or \$400. CITY COUNCIL. Quarterly Report of City Treasurer—Usual Routine Business. The city council met in regular session at city hall Monday evening, with Mayor William in the chair and a full board of councilmen present. Petition of J. W. Slocum at the corner of Center and Main streets, opposite The Fair store. This will be a neat building of two rooms, 5x20, two stories. A FIENDISH ATTACK. An attack was lately made on C. F. Collier, of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit to a chair except propped by cushions. No remedy helped him until he tried Electric Bitters, which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Slocum Drug Co. QUEEN VICTORIA'S HAIR. Many things being purchased in this way at nearly half price and we propose giving our trade the benefit of it. We have just received information of first shipment in this way. Avoid all drying inhalants, fumes, snuffs and stuffs and use that which cleans, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh of cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing.
