The ball took off the end of his finger, striking the bone making a bad wound. Dr. McSworls was called and attended the injured man.

The total value of articles consumed during September, was \$5709.42; total pay roll for that month, \$5369.42; average monthly expenses per capita, \$10.09; daily 34 cents.

The long dry spell was broken Saturday by a refreshing rain. The showers will be a great benefit in general. Fall sown grain had about stopped growing. It will now take on new life and get a good start before the winter season. The ranges will be greatly benefited. Grass will soon be growing nicely. The absence of dust is a great relief. From present appearances that will not bother much more this season.

At the Judge Hanna farm, situated in the Meadows district, near Grants Pass, a monster panther attacked two young women, Anna Caton and Myrtle Love, one day last week. The two women were engaged in washing clothes at the creek that flows through the farm near the house. Miss Caton's attention was attracted by the glaring eyeballs of a panther. The big beast was crouched in the brush within 12 feet of them, his tail waving, his eyes riveted on the women, and every muscle set, ready for a spring. Miss Caton, quick as thought, flung an armful of clothes into the face of the monster cat, and both women ran screaming in terror to the house. The panther, taken unawares, skulked into the woods and disappeared.

J. J. Adkins was quite seriously hurt one day last week by being thrown from a wagon. He came to Heppner in company with his son each with a team and wagon. They started out loaded with shingles with Mr. Adkins in the lead. In going down the McKimney hill about five miles from this city, while holding the brake with his foot, the wagon struck a stone and the jar threw Mr. Adkins out of the wagon. He struck a rock with his head and shoulder and was knocked insensible. His son was quite a distance behind, and when he came up picked his father up and turning around drove back to Heppner as fast as possible for medical aid. Mr. Adkins regained consciousness just before getting into town. He was taken to Dr. McSworls and after a careful examination it was found that no bones were broken, although Mr. Adkins was very badly bruised and it will be some time before he recovers from the shock. After being thrown from the wagon his team ran away causing considerable damage.

Catarrh

Is a discharge from the mucous membrane of the nose, throat, stomach, bowels, etc., when kept in a state of inflammation by an impure condition of the blood and a want of tone in the system.

Soothe the inflamed membrane, strengthen the weakened system, and the discharge will stop—to do this purify the blood.

"I was troubled with catarrh for years and tried various remedies but found nothing that would cure me. I then resolved to try Hood's Sarsaparilla and took four bottles which entirely cured me. I have never been troubled with catarrh since. As a blood purifier I can find nothing else equal to Hood's Sarsaparilla." WILLIAM SCHUMAS, 1430 6th St., Milwaukee, Wis.

Hood's Sarsaparilla
Cures catarrh radically and permanently—removes its cause and overcomes all its effects.

AMONG LOCAL BUYERS.

Several Sheep Purchases During the Past Week.

A large number of sheep have changed hands during the past week in the Heppner district among local stockmen. The purchases have been for stocking up bands and for winter feeding. There is really not much change in the condition of the market, the business of the past week being only a part of the usual fall transactions which are later than usual.

The sheep are all in from the summer range in the mountains and are being located on the winter ranges, and the bands are being sized up to suit the different range accommodations.

As a rule, stockmen are well supplied with feed in case of an emergency.

Following are the sheep transactions for the past week:

W. P. Dutton bought 1800 lambs from Groom Bros., of Butter creek at \$1.75 per head.

Thos. Quaid purchased 2100 head of mixed yearling and 2-year-old weathers of Hugh Fields for \$2.60 per head.

The Penland Live Stock Co. purchased 600 yearling ewes from Hugh Fields for \$2 per head.

John Q. Wilson bought 1837 lambs from Hugh Fields for \$1.68 1/2 per head.

S. V. Walt, of Klamath county, Wash., purchased a lot of McAlister bucks from the Penland Live Stock Co. James Jones purchased 1560 mixed lambs from Hugh Fields for \$1.75 per head.

Frank Elder purchased 800 head of yearling weathers from Thos. Quaid. He also purchased 1200 head of 1 and 2-year-olds for \$2.75 per head.

Dan Englemann, who wintered his sheep on the W. P. Dutton range last winter, has rented the Klamath range and is bringing his sheep from Malheur county.

Football Team Organized.

A meeting was called Tuesday evening for the purpose of organizing a football team. Dr. Wilson was chosen temporary secretary. It is the intention of the team to give entertainments to defray expenses, thereby being self supporting.

The following players were chosen: Leonard Wickersham, Matlock, Natter, Spaulding, Wilson, Taylor, Ball, Brandstadler, Kasmis, Stewart, Beckett, Garriques, Fant and Clarke. Percy Garriques was elected manager and Arthur Clarke captain.

The Heppner team did some good playing last year and we, no doubt, have equally as strong a team this year. We understand Pendleton wants to meet our boys again and it is safe to say that the challenge will be accepted. The Heppner boys won easily from Pendleton last season.

Heppner is not slow when it comes to athletic sports and is far above the average towns of its size.

Bartholomew Thompson Nuptials.

A very pretty wedding occurred at 6 o'clock Sunday evening at the residence of Mr. and Mrs. O. F. Thompson of Butter Creek, when Miss Phoebe A., their daughter was united in marriage to Mr. Charles H. Bartholomew of this city. The ceremony was performed by Rev. W. O. Miller.

The beautiful home was tastefully decorated for the occasion. The ceremony was performed in the presence of only the immediate relatives and a few intimate friends.

Immediately after the ceremony, Mr. and Mrs. Bartholomew went to Echo and took the train for Portland. From Portland they went to Seattle and will stay a week in visiting some points.

Mr. and Mrs. Bartholomew will make their home on Butter Creek. He is manager of the Bartholomew farm and stock interests.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

IONE HAPPENINGS

TUES, Oct. 30, 1901.

John Nelson left for Portland for the benefit of his health last week.

Joseph Mason has just completed a commodious dwelling on his farm near here.

Mat Halvorsen is erecting a new dwelling on his homestead and also is building a new barn.

S. P. Wilson's new dwelling is fast nearing completion. It is a fine modern two-story dwelling.

Jay Ball left for Baker City to work during the winter. He is a well known carpenter in this locality.

Mr. Miller, the former partner of John Nelson has gone out to erect a fine dwelling for Mr. Dean on Eight Mile.

New houses and barns everywhere and many more under contract to be erected as soon as carpenters can be procured to do the work.

A Lahne's homestead house burned Monday night. No cause assigned as Mr. Lahne was not at home and no one to tell the tale.

Several young toughs last week were fined \$10 apiece for fighting and were taught that the way of the transgressor is a black eye. One could not pay so had to board at the hotel provided for such as can't pay until he made his escape and left town.

Albert J. Priddy, a prominent stock-raiser of Crook county, died the other day at his home near Crook Keys.

A. A. Bonney, stock inspector of Wasco County, reports some bands of sheep afflicted with scab, and required their owners to dip and properly treat them, says the Shanks Leader. If it is true, as reported, that one sheepman residing in this county when he left the mountains knew his sheep were affected with the scab and drove them 40 miles over the route that thousands of other sheep would have to come over, he should be severely dealt with. Norman has a right to imperil the interests of others, no difference what his station in life may be.

Samuel Coulter, of Portland, has sold to C. S. and R. S. Moore, of Klamath County, a tract of timber in the Klamath region, containing 10,503 acres. The price paid for the big tract was \$12,500. The land was purchased at a receivers sale, and the price paid was but little more than one-half the original cost of the great timber tract, when it was first taken from the public domain. The tract embraces an area of virgin timber that will produce many fortunes in the process of the transformation of the immense firs and pines into lumber.

TREASURER'S NOTICE

NOTICE IS HEREBY GIVEN THAT ALL indebtedness to the Treasurer of the County of Klamath, Oregon, for the year 1901, is due and payable to the Treasurer of said county, at the office of the Treasurer of said county, at Heppner, Oregon, on or before the 1st day of November, 1901.

Dated at Heppner, Oregon, the 29th day of October, 1901.

Seattle is full of highwaymen, thugs and thieves.

The Gazette has made arrangements to club with the Weekly Inter Ocean of Chicago. The regular subscription price of the Inter Ocean is \$1.00 per year and the regular price of the Gazette is \$1.50. By special arrangement, both papers will be furnished one year for \$1.00. The old, reliable Inter Ocean is too well known to need much recommendation. It will be a valuable addition to the reading matter for the winter. Besides giving all the news, it has many special features, making it one of the most desirable weeklies in the United States. This special, liberal offer is limited and will be withdrawn in a short time.
