The fine Irish setter bitch owned by Frank Roberts, died from the effect of poison one day last week. She leaves a litter of ten young puppies. Some people think that the dreaded dog poisoner has appeared. It might be well to look out for the valuable dogs.

The recent rains were quite general over the Inland Empire and were of great benefit. Owing to the continued dry weather, farmers had about stopped work for lack of moisture. The soil is now in good condition for fall seeding and farm work will be revived with vigor. The range will be benefited somewhat, and the settling of the dust is relief to all.

D. P. Thompson, one of Oregon's prominent citizens, is lying very low with a critical illness in Portland. For several months he has been in poor health and, during recent weeks, has not left his room. His ailment is an anemic condition of the blood, caused by stomach trouble. Little hope is entertained for his recovery, although he is receiving the best medical treatment that can be secured.

One of the largest timber deals in the history of Linn county was completed in Albany Saturday when deeds were filed with the County Recorder, transferring to the Wright Blodgett Company Ltd., of Saginaw, Mich., about 5000 acres of land. The grantors received \$12.50 to \$14 an acre, according to the amount of timber on the claims as reported by the cruisers of the grantee, and the amount, about \$60,000, was paid in full. This is the highest price that has ever been paid for timber claims in this county.

The Christmas number of The Delineator is about the first of the special Christmas issues. It is a beauty. The cover is a most artistic production, showing a beautifully gowned woman, standing gracefully in a brilliantly lighted salon. Two charming love stories, one by Cyrus Townsend Brady, plenty of advice regarding Christmas gifts, timely pointers on Cookery, Winter-time care of plants, all the fashions of the day interpreted into simple language, can be found in the Christmas number of The Delineator. It is a splendid magazine, satisfactory inside and out. There is no magazine for women at present published that is more practical in all its pages. As a Xmas gift itself, it bears its own recommendation.

A GREAT STATESMAN'S SECRET. The secret of a celebrated statesman's long life was his systematic way of eating. Every bite of food was chewed thirty times before swallowing. The result was he naturally enjoyed good health. Most men and women bolt their food, and eat things which were never intended to be eaten. They become constipated, have a bad complexion, lose flesh, and are irritable and nervous, and the first thing they know they are "played out." It is gratifying to know that Hostetter's Stomach Bitters cures stomach troubles. It is a purely vegetable medicine that has stood the test of fifty years. It cures cases which seem to be hopeless. Sufferers from any disorder of stomach, liver or bowels should try it.

Snow is a substance which offers a most surprising resistance to penetration by a rifle bullet. For more, indeed, than wood. Experiments made in Norway have shown that a snow wall four feet thick is absolutely proof against the Norwegian army rifle, which, by the way, is of quite exceptional piercing power, and that at all ranges from 50 yards up to half a mile. This suggests a new means of defense in winter campaigning, as snow is far more easily and quickly handled than earth or sandbags.

Dyspepsia

What's the use of a good cook if there's a bad stomach—a stomach too weak properly to digest what is taken into it? The owner of such a stomach experiences distress after eating, nausea between meals, and is troubled with belching and fits of nervous headache—his dyspeptic and miserable. "I have been troubled with dyspepsia and have suffered almost everything. I have tried many different remedies, but could get no relief until I began taking Hood's Sarsaparilla. After the use of this medicine I could eat without distress, and today I am as well as ever, but I always keep Hood's Sarsaparilla on hand." Mrs. J. A. CROWELL, Canajoharie, N. Y.

County Teachers' Institute.

The annual County Teachers' Institute will be held at the schoolhouse, Heppner, Oregon, Dec. 4, 5, 6. All teachers, school officers, and patrons should attend. The instructors will be Pres. P. L. Campbell, of Monmouth Normal School and Supt. R. F. Robinson, of Multnomah county.

The law applicable to Teachers' Institutes and apportionment of school funds is as follows:

The county superintendent shall hold annually a teachers' county institute, for a term of not less than three days, for the instruction of teachers and those desiring to teach, and all teachers in the public schools of this county shall be required to attend, and the county superintendent may, at his discretion revoke the certificate, reduce the grade, or refuse to grant a certificate to any teacher who refuses to attend the county institute without cause. The county superintendent shall receive the assistance and co-operation of the superintendent of public instruction in holding annual institutes. Every teacher attending any annual county institute held in accordance with the provisions of this act shall be given by the county superintendent a certificate setting forth at what sessions of said institute such teachers shall have been in attendance, and any teacher who shall have closed his or her school for not more than three days in order to attend said institute shall not forfeit his or her wages as teacher during such times as he or she shall have been in attendance at said institute and the certificate hereinbefore provided shall be in evidence of such attendance; provided, that if the institute is held during the session of school, such directors shall be required to grant three days time of actual service to their teachers to attend the said institute, during which time their pay as teachers shall continue.

The county superintendent shall in October apportion to each district in his county \$5.00 for each teacher employed by such district during the twelve months immediately preceding such apportionment, who has attended, for a period of at least sixteen hours, an annual county institute or state teachers' association held during the twelve months immediately preceding the time of making such apportionment.

J. W. SHIPLEY, County Superintendent.

Stock shipments for this year are nearly over in Montana, says the Big Timber correspondent of the Anaconda Standard. There has been a greater shipment from this point than was made last year of both cattle and sheep. During the months of September and October there were shipped from Big Timber and Merrill approximately 3500 head or 150 carloads, of fat cattle, principally steers, to the Chicago market. During the same time there were shipped 55,000 head of sheep and lambs. About 20 per cent of these went to Chicago and the balance were landed at North Dakota and Minnesota points to feed for the market. These shipments all originated within Sweet Grass county, excluding shipments from points on the Montana railroad. The larger portion of this stock reached Chicago in prime condition and brought the owners the top market price. Altogether the cattlemen and sheepmen of this vicinity are very well pleased with the results.

An organization of the wool growers of Malheur and Harney counties was effected at Ontario, Thursday. Thomas Turnbull was elected president and E. H. Test secretary and treasurer. Hereafter the wool of these two counties will be controlled by this association, and auction sales will prevail. Hereafter the wool has been held here for months until buyers could be given their time to look in to the matter.

Married 50 Years Ago in Oregon.

Mr. and Mrs. Elias Cox of this city, celebrated their 50th wedding anniversary at the residence of their daughter, Mrs. J. W. Rasmus, Saturday afternoon.

The affair was quietly arranged and was gotten up as a surprise by Mr. and Mrs. Rasmus.

At two o'clock an elegant dinner was served and the affair was certainly highly enjoyed by the venerable couple who have been bound by the holy bonds of wedlock for half a century.

Elias Cox married Miss Lucia Tucker in Marion county, Oregon, November 23, 1851. They are both early Oregon pioneers, having crossed the plains in 1853.

At the celebration of the golden wedding, the following were present: Mr. and Mrs. Elias Cox, Mr. and Mrs. J. W. Rasmus, Mr. and Mrs. L. V. Gentry, Dr. and Mrs. B. F. Vaughn, Mr. and Mrs. Fred Warnock, Mrs. C. Cate, Mrs. A. Saling, Mrs. E. Beeman, Mrs. Etta Ross, Rev. Victor Carlson, Miss Lucia Rasmus, Irvine Cox and Samuel Cox.

Woolgrowers' Wants. PENDLETON, Or., Nov. 26.—The election of delegates by the Umatilla county Woolgrowers' Association to attend the National Woolgrowers' Association and the National Livestock Association convention in Chicago during the first week in December, meets with the hearty endorsement of all the sheepraisers in this part of the country. J. E. Smith, one of the heaviest owners of sheep on the coast, who will head the delegation from Umatilla county, left for Chicago today on his mission. He will probably vote the proxies of any other delegates that may be named by the county association. Mr. Smith stated that he was instructed to labor and vote for three things above all others that might come before the convention, and these were:

First—We are opposed to the leasing of the public range lands of the government, and this we oppose for the reason that it will not be in favor of the small owner, and will tend to retard the development of the country by allowing large owners of sheep or cattle to secure control, and hold it for long periods.

Second—We are in favor of the enactment by congress of a law requiring that all goods in which there is any shoddy shall be so branded by the manufacturer, that people may see what they are purchasing, and not think it is wool when it is shoddy.

Third—We sheepmen demand that congress, in framing reciprocity treaties with foreign countries, shall see to it that all the interests of the woolgrowers are protected.

Monte B. Gwinn, secretary of the Idaho Woolgrowers' Association, attended the meeting, and was the cause of it being held. He urged that the county association take this action, and stated that the Idaho association would send a delegation 200 strong to Chicago, to work along the lines to be followed by the association delegates from Umatilla county.
