Death of Johnny Morgan.

The following letter was received this week by Thomas Morgan, giving the particulars of Johnny Morgan's death at Denver, Colo. Johnny Morgan was a highly respected young man, and the letter shows the high esteem in which he was held by the people he was working for.

DENVER, Colo., Dec. 6, 1901.

MR. MORGAN, Dear Sir:—I regret to inform you of the death of your poor boy, Johnny Morgan, which occurred yesterday morning at St. Anthony's Hospital, where I had persuaded him to go to have his eyes treated, as he was suffering from granulated eyelids, and thought it required the very best treatment. He arrived on the evening of the 29th of November, and a few days afterward the doctor, M. Hoffman informed me he complained of pains in the stomach. He told the doctor he had eaten a quantity of bananas and milk on his way to the hospital, but the doctor seemed to think from the conversation he had with your son that he must have suffered before from appendicitus and possibly had not known it. This was the cause of his death and they did not discover it until too late. An operation was performed which demonstrated the fact. Your son was one of the best riders I have had working for me this summer, and was a general favorite with everyone. Horses which misbehaved themselves with other men went kindly with him. I am very sorry to lose his services, as he was respected by us all.

Yours faithfully,

FRANK D. GRISSELL.

The recent heavy rains were of great benefit to Morrow county farmers. The soil which was very dry has been thoroughly soaked which will give the grain a good start for winter growth. It is stated that the acreage of wheat next year will be fully 30 per cent larger than ever before known in the history of the county. Last year was a big summerfallow year, and the summerfallowed land has about all been sown. This with the land that is being farmed by new settlers on homesteads, is the cause of the large acreage. To the southward from Ione in the great wheat belt, farming operations have been active this fall. In spite of low prices for wheat, farmers are going right ahead, and with favorable conditions, next year will be the banner wheat year for Morrow county.

It is a very fine instrument and a credit to the city. The order is gaining members rapidly and with such enthusiastic members as the ladies referred to ought to succeed anywhere.

In the care of silver the work of polishing becomes easier if the whiting is made into a thin paste with water to which a little ammonia has been added. First put the silver into a bath of hot soapsuds, and then use the paste, rubbing it off with a piece of chamois. When the silver is not much discolored rubbing with a little dry whiting and the soap bath will be sufficient.—Woman's Home Companion.

The horse returned to the tepee without its rider, and some of the squaws thought something was wrong and started out to look for Jackson. When found the body was submerged in the water, where it had been for several hours.

A WOMAN'S AWFUL PERIL.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50 cts. Guaranteed. Another epidemic of anonymous letter-writing has broken out in Pendleton. The letters are exceedingly insulting, and are addressed to single men. One man is warned to perform certain acts, upon the penalty of being killed. The idle threats receive no attention. The search for the author of the letter has been renewed by the officers. Some of the letters bear evidence of being sent by school children.

The rising value of Umatilla county farming lands is seen in a deal just consummated here between E. Duncan and I. Winn, both prominent ranchers of this vicinity. Duncan's 240 acre farm, located northeast of Weston, brought over $[illegible] from Winn. The land is well improved and excellent for wheat and diversified products.—Weston Leader.

An astonishing price for land has just been [illegible] Benjamin Osborn, a farmer living near Weston, Ore., by W. Hopson and [illegible] Frazier, two prominent citizens of Milton. For 92 acres these men gave $8000, a figure of $87 an acre. This is probably the largest price for that number of acres ever paid in that section. Improvements consisted of an orchard and good outbuildings. The value of land has doubled in Umatilla county the last few years.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c. per bottle.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
