F. MacRae's herders, who was suffering from a fracture of his left elbow. The Blue Mountain Eagle has been given the following account of the shooting scrape, which is said to be the statement made by young Kennedy, as well as the Chinaman. Monday morning Ruffin Kennedy met the Chinaman and unloaded his revolver at him, one ball fracturing his left arm. Kennedy then started to run when the Chinaman began shooting at him, one shot penetrating the fleshy portion of his hip. Kennedy's wound is reported as only slight, while the wound received by the Chinaman is more serious and will leave the celestial with a crippled elbow joint. Whether the two herders had had trouble before is not learned, nor was there any excuse assigned for the assault on the Chinaman. At the hour of going to press, no arrest had been made.—Blue Mountain Eagle.

FOR NEW COURT HOUSE

RESOLUTIONS WERE ADOPTED AT MASS MEETING.

The County Court Accepted an Invitation to Hear Views of Taxpayers Publicly.

The agitation of the question of building a new court house for Morrow county is now getting into such a shape that some action in the matter will be taken in a short time.

At a mass meeting which was called today by the citizens and taxpayers, at the opera house, there was a good representation of the heaviest taxpayers of the county.

The meeting was called to order at 10 o'clock. Geo. Conser was elected chairman and R F. Hynd secretary. The main object of the meeting was to get the matter before the county court which is now in session, and to show the sentiment of the people in relation to the matter.

A committee consisting of Attorney G. W. Phelps, Mayor Frank Gilliam and S. P Garrigues was appointed to wait on the county court and invite the members of that body to come before the meeting to listen to the views of the taxpayers present on the question.

County Judge A. G. Bartholomew and Commissioners J. L. Howard and Ed. C. Ashbaugh, at the request of the committee were present.

After some discussion of the matter in which several prominent taxpayers expressed themselves as being in favor of the county erecting a new court house suitable for the demands of the county, Judge A G Bartholomew was called upon.

In a short address Judge Bartholomew stated that the court was there not for nor against the proposition of building a new court house, but to listen and get an expression of the taxpayers, and as the chosen representatives of the people it was the duty of the court to act in accordance with the wishes of the people of Morrow county.

He stated that as published in the newspapers at his request some time ago, the present vault for the keeping of county records was wholly inadequate to the requirements of the county, and that they were crowded, and furthermore in case of a destructive fire he believed that with the present vault everything would be destroyed.

Commissioner J. L. Howard stated that he had nothing to say, but was there to hear an expression of views.

Commissioner Ed. C. Ashbaugh said that he was also there to get the sentiment of the taxpayers.

The following resolution was introduced and unanimously adopted:

Resolved, That it is the unanimous will of this meeting that the county court and commissioners of Morrow county, be, and they are hereby respectfully requested to immediately proceed to build, erect and construct a new court house large enough to meet the demands and the requirements and the business of the county.

Married.

At the home of the bride's parents Mr. and Mrs. Geo. Noble, this city, Wednesday evening, January 8, 1902, Mr. F. C. McCartor of Missoula, Montana, and and Miss Jennie Noble of Heppner.

In the presence of 60 or more invited guests, this was a very pretty wedding. At 8 o'clock the wedding march's soft strains were heard floating through the home announcing the appointed hour. Then appeared the best man and bridesmaid closely followed by the bride and groom. After reaching the altar with all the preliminaries arranged, Rev. Beightol performed the marriage ceremony, after which congratulations were in order as well as the surveying of the many beautiful presents.

The bride was beautifully arrayed in white while the groom was attired in regulation black.

Mr. Jake Wells makes a splendid best man while Miss Lilly Andrews does honor as a bridesmaid.

A most elegant wedding repast was served.

Mr. and Mrs. McCartor will return home by way of Moscow, Idaho, where they will stop for a few days visiting. Mr. McCarter is proprietor of a large general store at Missoula, Montana, and is a prominent and prosperous merchant of that city. He has a cosy home all ready. They certainly have bright prospects.

STATE TAX LEVY.

Amount Required for the Expenses of the State Government This Year is $895,000.

Governor T. T. Geer, Secretary of State F. I. Dunbar and State Treasurer Chas. S. Moore, constituting the board of state tax levy, met at Salem January 3d, and as a result of their work the tax levy was made, the first under the new law. The total amount levied for state purposes is $895,000, and for the Agricultural college at Corvallis, $25,000, a total of $920,000 for the year 1902. This levy was made under the statute passed at the last session of the legislature, and is based on the average valuation of the property in each county for the last five years. Below is given the statement of the board of levy and the table of apportionment:

The following table shows—

First.—The proportion of the state taxes to be paid by the several counties of the state, as set out in the table set forth in section 5 of an act of the legislative assembly of the state of Oregon entitled "An act to prescribe the method in which the state taxes shall be apportioned between the several counties of the state, and to repeal section 2788 of Hill's annotated laws of Oregon, and to amend sections 2789, 2790, 2791 and 2792 of Hill's annotated laws of Oregon, as heretofore amended," approved February 27, 1901.

Second.—The total amount of revenue to be raised for the fiscal year ending December 31, 1902, for state purposes, not provided for by a special tax duly authorized by law and apportioned to each county of the state of Oregon, to be levied and collected and paid into the state treasury by each of said counties of the sum of $895,000, as set out in the before mentioned table, the said sum of $895,000, being the total revenue to be raised by taxation for state purposes for the fiscal year ending December 31, 1902.

Third.—The amount to be raised for the annual support and benefit of the State Agricultural College, which shall be levied and collected in the same manner as other taxes for state purposes are levied and collected, provided by section 2 of an act of the legislative assembly, approved February 6, 1901, and apportioned to each county of the state of Oregon, to be levied and collected and paid into the state treasury by each of said counties in the manner provided by law, being the resulting per cent apportioned to each of said counties of the sum of $25,000, as set out in the before mentioned table, the said sum of $25,000 being the sum to compute, in accordance with the provisions of the aforesaid act, for the support and benefit of the state Agricultural college.

Rheumatism

Is a rock on which you need not suffer long.

It depends on an acid condition of the blood, which affects the muscles and joints, causes inflammation and pain, and results from defective digestion and a torpid action of the liver, kidneys and skin.

Sciatica, lumbago and stiff neck are forms of it.

"Hood's Sarsaparilla has cured me of rheumatism. I was so I could not lift anything and my knees were so stiff I could hardly get up or down stairs. Since taking three bottles of Hood's Sarsaparilla I have never felt a symptom of rheumatism, and I gladly recommend Hood's for this disease." MRS. HARRIET TURNER, Bolivar, Mo.

Notice.

HEPPNER, Or., Jan. 7, 1902.

I desire to call the attention of school officers and patrons to the effect that if a special school tax is desired in any of the several districts, and the same has not already been provided for, the matter should be attended to immediately, so that the county clerk may be notified of the rate per cent. of the tax levy made on or before the first day of February — Sec. 168, page 91, School Laws of Oregon.

It is necessary to have plenty of money in order to run a good school.

J. W. SHIPLEY,
County Superintendent.

A. B. Thompson, one of the Butter creek men, who, with Robert Stanfield and others, is figuring on shipping a train load consisting of 250 beef cattle, to Chicago during this month, says that they have concluded to abandon the project, for the present, at least. This is because local and Sound buyers have come up on prices and are offering as much as could be secured in Chicago after the expense of shipping was taken out. The price offered now by local dealers is $4.30 per 100, and raisers are holding for $4 25, which they expect to get before buyers will see these cattle shipped out of the country.—Pendleton E. O.

Committees are Welcome

We like to see committees at our office---committees who are looking for printing.

Never yet saw a printing committee that wasn't open to suggestions.

We want to be the one to make these suggestions.

We want to see at our office the printing committee from every lodge, club, society, church or social organization.

We want to show you the way we print invitations, programs, membership blanks, application blanks, constitutions and by-laws ---in fact, all the one hundred and one kinds of society printing which is usually so badly done and which could be made so attractive.

This is a special invitation for your committee to come to our office and let us help you with our ideas.

Your knowledge of your wants with our knowledge of good good printing will produce something which you, your committee and the society you represent can be proud of.

Committe printing is the kind of printing we are looking for.
