OUR LOCOMOTIVES THE BEST.

The ten new locomotives recently sent to France have been found very satisfactory, and as this number is only the first shipment of an order for fifty of them, it shows that foreign people appreciate the value of American products. There is another American product that has become very prominent during the past fifty years, and that is Hostetter's Stomach Bitters, the standard medicine for stomach, liver and bowl complaints. Many people who have experimented for years with unknown remedies without finding relief, have been brought back to health by its use. Then this is surely the medicine for you. It will cure dyspepsia, indigestion, constipation, flatulency, and malaria, fever and ague. We urge you to try it. Our Private Stamp is over the neck of the bottle.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of

Hood's Sarsaparilla

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." SUSIE A. HAIRSTON, Withers, N. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

Experience Convinces.

THE COUNTY CANVASS

Robert F. Bell a Bright and Pleasing Orator.

The Republican county candidates, accompanied by Robert F. Bell of Portland, addressed the citizens at the opera house yesterday evening.

The Heppner Symphony band furnished music on the street and at the opera house.

R. F. Hynd presided over the meeting and introduced the speakers.

J. W. Scriber, nominee for joint senator was the first speaker. Mr. Scriber made a short plain, business talk, and it is evident that he will ably and faithfully represent the people in the senate.

Mr. Scriber was followed by our popular fellow townsman, G. W. Phelps, candidate for joint representative. While the time for each candidate was limited, in the short time allotted, Mr. Phelps said a whole lot in a few words. The way that he was greeted shows his popularity.

The next speaker was F. M. Shutt, the candidate for sheriff. He was introduced as our next sheriff and from the ringing applause it would seem that this was about the unanimous verdict. Mr. Shutt stated that if elected he would attend strictly to the business of the office, faithfully and carefully. That he stood for the enforcement of law and order and that all would be treated justly and alike with no politics or [illegible] in conducting the affairs of this important office.

Vawter Crawford, candidate for clerk followed Mr. Shutt. Mr. Crawford said that his record in the clerk's office for the past four years was what the voters had to judge by. Mr. Crawford was greeted with great applause.

Mat Lichtenthal, nominee for treasurer, came next. He stated that if elected he would attend to his duties with the same care in the future that he had in the past.

W. L. Saling, candidate for assessor followed. He said that the people of Morrow county were well acquainted with his work and he would leave his case with them.

The main speaker of the evening, Robert F. Bell, was introduced. Owing to lack of time, the GAZETTE is unable to review Mr. Bell's speech as it should be. He is one of the brightest young orators in the state of Oregon and his speech was a masterly effort. He handled the issues in a plain and convincing manner and the large audience was very much impressed.

Poor Richard Says: ✧ ✧ ✧

"The worst wheel of the cart makes the most noise."

We have often heard it said in defence of poor printing that it attracts attention.

Attracting attention is only a part of its mission.

Printing that will do you good should attract favorable attention.

There are some things which are better overlooked.

The kind of commercial printing which a great many merchants are willing to use belong to this class.

You want your printing to attract attention not by its defects but through its merits.

It should be so good, so perfectly suited to its purpose that it will attract attention only through the clean, clear and satisfactory way in which it delivers its message.

This applies just as much to the printing you put upon the head of your letters, statements and things of that kind as it does to the printing used in a pamphlet, booklet, folder, circular or card.

Whatever is printed is printed to be read.

The best printing is none too good for your purpose if your business depends upon the opinion of other people.

If you wish to practice what this sermon preaches, let us see you at our office.
