WEDDING BELLS

On last evening, at 8 o'clock, at the home of the bride's parents, Mr. and Mrs. J. J. Adkins, occurred the marriage of their daughter, Margaret Elora, to Professor William Carpenter Howard, of Oakesdale, Wash. It was one of the prettiest weddings of the season, the residence being beautifully and tastefully decorated with roses, carnations and lilies. No attempt was made to have a large wedding, and those present were the near relatives and particular friends of the contracting parties.

Promptly at 8 o'clock, an appropriate song was sung by Miss Jennie Howard, of Spokane, sister of the groom, and the bride and groom came into the parlor unattended, where the beautiful wedding ceremony of the M. E. church, South, was pronounced by Rev. F. M. Canfield, assisted by Rev. M. V. Howard, of Oakesdale, the groom's father, who pronounced heaven's benediction upon the young people, after which congratulations were showered upon them by all those present.

The bride was very tastefully attired in a gown of white pean de crepe, with chiffon and applique trimmings, and carrying a bunch of beautiful white carnations, while the groom was dressed in the conventional black.

They received many valuable and handsome presents, but lack of space prohibits the publication of them, and the names of those present at the affair.

Mr. and Mrs. Howard departed on this morning's train for Oakesdale, Wash., where they expect to reside during the summer. Professor Howard has been chosen president of Columbia college at Milton, Ore., and will take up his residence there at the beginning of school in the fall. These young people are both well known in Heppner, Mr. Howard having been the principal of our school here for three consecutive years, and also engaged in other pursuits in our city, while Mrs. Howard is a native daughter of Morrow county and has lived all her life in our community where she is dearly respected by a large circle of admiring friends, and as these young people go out from among us, it is with the best wishes of all for their happiness and success.

Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J.
