Poor Richard Says:

"The worst wheel of the cart makes the most noise."

We have often heard it said in defence of poor printing that it attracts attention.

Attracting attention is only a part of its mission.

Printing that will do you good should attract favorable attention.

There are some things which are better overlooked.

The kind of commercial printing which a great many merchants are willing to use belong to this class.

You want your printing to attract attention not by its defects but through its merits.

It should be so good, so perfectly suited to its purpose that it will attract attention only through the clean, clear and satisfactory way in which it delivers its message.

This applies just as much to the printing you put upon the head of your letters, statements and things of that kind as it does to the printing used in a pamphlet, booklet, folder, circular or card.

Whatever is printed is printed to be read.

The best printing is none too good for your purpose if your business depends upon the opinion of other people.

If you wish to practice what this sermon preaches, let us see you at our office.

BIG TIMBER LAND DEAL

$100,000 Transaction in the Palouse District.

Colfax, Wash., Aug. 18.—An important sale of timber lands has been made by the Northwestern & Hypotheekbank to the Palouse River Lumber Company, of Palouse, the consideration being $100,000. The lands lie along the Palouse river in Idaho, east of Palouse, where the lumber company's big sawmill is located, and include 14,700 acres of land, all covered with white and yellow pine, fir and tamarack. The terms of the sale are $25,000 cash and $20,000 annually, to be paid on or before April 8, 1903 4 5, and $15,000 on or before April 8, 1906. The company agrees to pay $15 per acre for any land from which it desires to take the timber before the timber is cut, and this amount is to be credited on the next payment of $20,000. A deed to the land is to be given before the timber is taken from the land, and the mill company has the right to pay for 640 acres at a time and secure a deed to that amount of land. In this way it will be enabled to cut the timber without having to pay for all the land, and can keep its big sawmill running with the logs taken from the lands thus paid for.

The sawmill at Palouse, which is now running on a drive of 6,500,000 feet, is to be enlarged and the capacity increased to at least 10,000,000 feet per annum, and a large force of men is now in the woods cutting logs for a drive to be made this fall, if there is sufficient water in the river to permit of the timber being floated down to the mill. There has never been so much building in the Palouse country since the boom days of the early '90s.

MOROS RENEWING ATTACKS

Commander in Mindanao Asks Permission to Move Against Bacolod—Dog Fasts 21 Days.

Moros Are Unruly.

Manila, Aug. 18.—The Moros in Mindanao are renewing their attacks upon the outposts and pack-trains of the American column at Lake Lanao, which is under the command of Captain J. J. Pershing, of the Fifteenth Cavalry. The Americans have successfully repulsed the Moro attacks and have suffered no losses. The commander of the American forces in Mindanao report aggressive action against the Moros to be necessary and ask permission to move against Bacalod and other strongholds of the hostile Mohammedans. There are about 2000 American soldiers in Mindanao available for the desired aggressive movement. It is believed this number is sufficient to defeat the Moros, although it would possibly be necessary to strengthen their base before undertaking the movement.

A Dog's Long Fast.

Greenleaf, Aug. 18.—On July 21 Elmer Carlyle and his brother, John, went hunting with Elmer's dog. When they got home the dog was missing, and he never was seen again until August 15, when John Carlyle, while hunting in the mountains on Nelson creek, heard a bark which he recognized as the missing animal. The sound led him to a ledge of rocks which he recognized as being one passed by him and his brother on the day the dog was lost, and here, in a pit ten feet deep and 2x15 in size, formed by a split in the rock with perpendicular walls of boulders at the ends, he found the half-famished canine which had been 21 days without food or water, but was still able to bark for help and to walk home when rescued.

Pacific Coast Wool Notes.

The first annual session of the Central Montana Wool Growers Association was held at Billings, Montana, on July 26. About 60 members were present.

On July 23, the second annual convention of the North Montana Wool Growers' Association was held at Great Falls.

On July 31, the lowest price of the season was reached at the Great Falls, Montana, wool market. On that date the clip of H. B. Lyman, of Cascade, was sold for 11 cents, to J. Koshland & Co. On the same date a total of 433,000 pounds was sold at Great Falls, at prices ranging as high as 15½ cents. The largest clip sold was that of E. E. Leech, of 500,000 pounds to Dewey, Gould & Co. On the next day prices rallied somewhat, the lowest being 13⅜. The sales on August 1 amounted to half a million pounds, the largest clips being those of William Fergus & Sons. Prices ranged from 14¼ to 16¼ cents per pound.

All of the big lots in the Billings market have been sold. About 2,000,000 pounds in small lots are yet to come in. Up to August 1 about 9,000,000 pounds had been sold on the Billings market. This does not include purchases made before the wool exchange opened, those made on the outside, nor wool sent on consignment. The total output for the Billings market is estimated at 13,000,000 pounds, or 1,000,000 pounds less than that of last year. The purchases made at Billings on August 1 amounted to a little over a third of a million pounds.

The Coos Bay country is to have a railroad which will connect it with Salt Lake City.

Harry Kellar and Charles Atcherson, deserters from the United States army, having deserted at Walla, have been captured. One was captured at Kansas City and the other at Chicago.

McHargue, the teacher who has been discharged from several schools it is alleged, for trying to kiss the girls in his charge, after a long silence, has bobbed up at Oregon city and asks for papers to teach school.

A YOUNG LADY'S LIFE SAVED.

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well. For sale by Slocum Drug Co.

TO BUILD UP INLAND EMPIRE.

Grain Rates Will be Extended to Favor Eastern Oregon.

B. Campbell, assistant traffic director of the Harriman lines, has returned to Portland from Salt Lake. When seen by a reporter of the Portland Journal and questioned as to news in traffic circles, Mr. Campbell replied:

"You can say that we have extended the recent ten per cent reduction in grain rates made at the conference between Presidents Mohler, Mellen and Hill at Colfax, Wash, the other day to the non-competitive territory of Eastern Oregon, applying to the products of the farmers in the Grand Ronde and Powder valleys and as far west as Arlington. It is the policy of the O. R. & N. to do just as much, if not more for its non-competitive territory as that where there are several railroads. We consider a dollar earned at a non-competitive point better money than one earned in competition. We will guarantee to merchants, manufacturers and farmers selling in Eastern Oregon as good rates as are made to those in competitive territory similarly situated.

"Population is what this country needs and with population will come irrigation and other things needed. We are making strenuous efforts to induce the immigration to Oregon of the right kind of farmers and business men and we are well pleased with the splendid backing we are receiving from the people of the interior of the state.

"Immigration and irrigation should go hand in hand. Until now the time was never ripe to push irrigation. With the aid voted by congress, and the fact that most of the arable lands of the state have been taken up, it is now time to act in these matters. Quick, hard work along intelligent lines is absolutely necessary. All must stand together. We will do our share and part of the work, if necessary. Get the right people out from the East, and join them in earnest work to take advantage of the offer of the government, and in a few years where now is desert land will blossom the finest ranches and dairy farms the bright sun of Eastern Oregon ever shone upon."

Now is the Appointed Time.

The O. R. N. Co. has just issued a handsomely illustrated pamphlet entitled "Oregon, Washington and Idaho and their Resources." People in the East are anxious for information about the Pacific Northwest. If you will give the O. R. & N. Co. agent a list of names of Eastern people who are likely to be interested, the booklet will be mailed free to such persons.

TO MY FRIENDS.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength, of mind and body, depend on the stomach, and normal activity of the digestive organs Kokol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. Slocum Drug Co.

ALL WERE SAVED.

"For years I suffered such untold misery from Bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it the best Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles 50c and $1.00. Trial bottles free at Slocum Drug Co.

LOOK PLEASANT PLEASE

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by Slocum Drug Co.

A movement is on foot to put a stop to the boycott declared by the unions of Grant's Pass against certain stores in that city.

A CURE FOR CHOLERA INFANTUM.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by Slocum Drug Co.

The question of the legality of the reward for Tracy's capture has arisen in Washington, under a law providing that the governor may not offer exceeding $1000 reward for any one criminal.

most distressing cases of inflammation and ulceration of the ovaries and womb. I have known that doctors used Lydia E. Pinkham's Vegetable Compound when everything else failed with their patients. I have advised my patients and friends to use it and have yet to hear of its first failure to cure.

"Four years ago I had falling of the womb from straining in lifting a heavy patient, and knowing of the value of your Compound I began to use it at once, and in six weeks I was well once more, and have had no trouble since. I am most pleased to have had an opportunity to say a few words in praise of your Vegetable Compound, and shall take every occasion to recommend it."—MISS VIRGINIA GRANES.
