There was a very pleasant family reunion held at the residence of Dr. and Mrs. B. F. Vaughan, Sunday last. Those present were: Dr. and Mrs. B. F. Vaughan, Mrs. Walton Young and little daughter Mirl, of Los Angeles, Calif., Mrs. T. M. Jones and little son of Salem, Mrs. J. B. Beal and little son of Forest Grove, Mrs. F. C. Hendle of Dayton, Wash., Mr. and Mrs. Olin Brian, Mr. and Mrs. J. M. Spencer, Forest and Harry Brian. Wm. Kummerland who resides four miles west of this city was in Heppner, Thursday. Mr. Kummerland states that jack rabbits are very numerous in his neighborhood and are doing some damage. They attack potato patches, going in late in the evening and digging up the roots, feasting while the farmers are asleep. They make short work of a potato patch. During the day these wily animals lie close in their lairs and are not to be found, but early in the under cover of darkness on mischief bent. They are very fond of all kinds of garden vegetables, but just now they are showing a preference for potatoes. When garden vegetables are all gone they are not averse to gnawing the bark from young fruit trees.

Impaired Digestion. May not be all that is meant by dyspepsia now, but it will be if neglected. The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker. Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by Hood's Sarsaparilla which strengthens the whole digestive system.

Matlock, out at Matlock prairie, came in Sunday, leaving the sheep. He stated that four men came to him Sunday morning and told him to leave, and he was not long in doing it. He left his dogs at Jim Long's place, and the men came with him to the edge of the mountains. One man told him that he would corral the sheep at noon Sunday, and there they waited. The herder was badly frightened. No news has been received from Sheriff Shutt and Thos. Matlock who are now in the vicinity where the sheep are.

Saturday afternoon a reporter of the GAZETTE, in company with Oscar Borg, started for Ditch creek to visit the Heppner camp of young people, consisting of Messrs. Percy Garrigues, Wm. Ball, Wm. Smith, and Misses Myrtle Bryant, Grace Hager and Irene Walton, arriving there at 6 o'clock. A number of Heppner people are camped in this beautiful spot on the edge of a large meadow and are enjoying themselves hugely. In the evening a big camp fire is started and all circle around and tell stories and sing songs until a late hour. To say that a reporter enjoyed himself is expressing it mildly, for it was with profound sorrow that we tore ourselves away from the merry little party sitting cozily around the camp fire at 7 o'clock and wended our way down the dark road toward Heppner, arriving here at 11 o'clock p. m.

BORN. YOUNG—In this city, August 24, 1902, to Mr. and Mrs. Edward Everett Young, a son, weight 11 pounds. Portland Elks Carnival. The event of the year in the Pacific Northwest in the exposition line is coming off at Portland, September 1 to 13, when the Portland Elks Carnival will be given. This street fair is on a larger scale than anything of the kind attempted in this part of the country. Besides being a sort of autumn festival, the exposition will be replete with a series of shows in connection therewith, the like of which has not been on this coast before. Every railway and steamer line throughout Oregon, Washington, Idaho, Montana and British Columbia, realizing the importance and the extent of the affair, has made special low rates to induce travel Post and ward during the run of the Carnival.

AFTER THE LAWBREAKERS.

Sheriff Shutt Determined to Stop Sheep Shooting.

Sheriff Shutt is determined to stop the lawless shooting of sheep in Morrow county. Soon after the news reached this city that Thos. Matlock's herder had been shot, Mr. Shutt was on the ground to collect evidence and try and bring the offenders to justice. In an interview Sheriff Shutt said: "I am determined to stop this lawless shooting and will continue the fight until the perpetrators are run down. "Sleepshooters will not be allowed to carry on their work with a free hand as they do in Grant county, so long as it is in my power to prevent it. I will be on the scene of trouble for the next several days, together with Mr. Thos. Matlock, who will take personal charge of the sheep. "We are going to keep the sheep right where they are and will see that Matlock's interests and rights are respected. By making a vigorous and determined effort to stop this shooting right now on the start we shall have little trouble in the future." The sheriff went out to Matlock prairie last Sunday morning, and was well fixed for most any emergency. The citizens in general should cooperate with Sheriff Shutt in this good work and such lawless acts will soon be unknown.

WANTED TO BE NATURALIZED.

Born in Missouri and Made Application for Papers. One day last week a young man entered the office of County Judge Bartholomew, and stated that he wanted to become a citizen of the United States of America. He was asked by the Judge whether he wanted to take out his first or second papers and here replied: "Well, I don't know Judge, I guess it's the first papers, never took out any." The young man was referred to the county clerk, W. L. Saling, was in the clerk's office when the young man entered and stated his wants. Mr. Saling understood him to say that he wanted a marriage license, and just as he was about fixed up ready to get married, Judge Bartholomew stepped in and had the mistake corrected. The proper blank was secured and the list of questions was propounded to the young man. He renounced forever all allegiance and fidelity to all and any foreign prince, state and sovereignty whatsoever, and was asked of what foreign power he was now a subject. This was a stunner and he did not understand it. "Where were you born?" said Mr. Saling to simplify matters. The young man hesitated and finally said: "I was born in Missouri." With suppressed laughter the young man was told that he had been the victim of a practical joke, and that Missouri was in the United States. His face turned a crimson hue, and after long meditation said: "I always thought it was, but them fellows out there where I live told me it wasn't."
